ALERT: NEW LICENSE DECALS FOR 2024 EVEN-NUMBERED TAXI LICENSES!

BACP is rolling out a new taxi license symbol based on requests from taxi license holders.

- Taxi license holders had asked BACP to explore an alternative solution to damaging the taxi vehicle by drilling a hole to bolt the taxi medallion metal plate to the vehicle hood.
- The new decal for City of Chicago licensed taxis eliminates drilling holes into taxi vehicles.
- Using taxi license decals instead of metal plates is a positive sustainability initiative.
- The new decal is visible to the public and enforcement to identify licensed City of Chicago taxis.

In May 2023, BACP launched a survey asking the taxi industry to vote to keep or replace the metal plate. The majority, 85%, voted to REPLACE the metal plate.

Starting with the 2024 taxi license renewal, BACP will be issuing adhesive taxi license decals to be affixed and displayed on the passenger side dashboard of the taxi vehicle.

Note: the ODD-numbered taxi licenses which renewed in 2023 will continue to display the 2023 issued taxi metal medallion plate on the vehicle hood. In 2025, a 2025 taxi license decal will be introduced.
