Subject: Approval of Blanket Memorandum of Authorization for
OEMC use of the Bureau of Electricity (BOE) JOC
contract, PO # 14256, City Lights, Ltd. /ZSL Electric

I concur with your Blanket Memorandum of Authorization dated April 2, 2010 for the above referenced Contract. A signed copy of the memorandum is attached. Please note that this approval is only for the following:

- Joint OEMC/CPD Camera Surveillance Program; and
- Fire Alarm Box Installation and Connectivity Program.

OEMC is required to follow existing Department of Procurement Service's procedures for requesting and obtaining approval for any emergency work outside of the requirements identified above.

Additionally, I have approved the modifications to the Contract's Construction Task Catalogue (CTU) for items required to complete the work for the two (2) aforementioned programs. These modifications should be processed in the same manner and practice as other City JOC contracts.

Thank you for your continued cooperation. Please contact Rich Butler, 1st Deputy Procurement Officer, at 312-742-4500 or Byron Whittaker at 312-744-4926 if you have any questions.

Attachment A

Utilizing JOC For City Construction Projects

Project Number: J07-832.A

Department: OEMC

Project Manager: Frank Kelly

Telephone #: (312) 746-4414

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

The scope of this project is to repair 11 cameras at various locations

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

By using the JOC process, the time required is much less than the traditional bid process. The reason OEMC needs the JOC Procurement system is because we do not have personnel or proper equipment to complete this type of underground work.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:

This is a one trade project but OEMC does not have the manpower to complete this task along with all other tasks

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

This project will be priced fully by the JOC contractor

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.

No elements are covered under city term agreement
