Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 81 - 01 Fly Dumping Ordinance

The attached information is in response to questions posed at our department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Mitts asked whether a \$50 fly dumping ordinance is still in effect or not.

The ordinance in question is still in effect. MCC 7-28-440 for dumping on real estate without a permit.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 81-02 Salt Pile

The attached information is in response to questions posed at our department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Curtis asked about relocating a salt pile onto vacant land owned by the Department of Aviation.

The City does have an agreement with the Department of Aviation on this property. It was acquired by the Department of Aviation from the Federal Aviation Administration (FAA) when American Trans Air went bankrupt in 2005 or so; because of this, the FAA required an agreement and payment. The agreement is for a nominal amount and allowed the City to terminate an agreement for an adjoining parcel that required an annual payment of \$61,800.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 81-03 Stump Removal

The attached information is in response to questions posed at our department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Cappleman asked what the charges are to get tree stumps removed in a timelier fashion.

The Department of Streets and Sanitation is in the process of developing a new stump removal contract that will include detailed specifications regarding the timeliness of completion as well as greater accountability measures for contractors who are not in compliance with those specifications.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 81-04 Weed Cutting Contract

The attached information is in response to questions posed at our department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Ervin asked for the anticipated costs and service levels of the new weed cutting contract.

DSS estimates the new weed cutting contract will cost approximately \$2.3 million in 2021. This is only a best guess estimate and the actual pricing could deviate from this preliminary estimate. DSS hopes to include new stipulations in the contract for trimming around poles and other obstacles as well as light litter and paper cleanup of the lot when serviced. Because we will request additional services, the pricing is expected to increase. This does not take into account an ongoing audit by the OIG regarding the management structure of the program and any alterations or recommendations the OIG's audit team may choose to present.

As always, please let me know if you have any further questions.

DEPARTMENT OF STREETS AND SANITATION
CITY OF CHICAGO

To: The Honorable Pat Dowell
Chairman, Committee on the Budget and Government Operations

From: John F. Tully
Commissioner, Department of Streets and Sanitation

CC: Tiffany Sostrin
Mayor's Office of Intergovernmental Affairs

Date: November 4, 2019

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 81-10 Requests

The attached information is in response to questions posed at our department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Lopez asked for a list of service requests completed by ward, as well as an average cost for each service.

Attached please find a list of service requests completed per ward. Below is an estimated cost per unit for each of the major services provided by DSS. This is not a comprehensive list of all the services we provide; rather it is a list of the most high-profile obligations of the department.

Also, please note these cost estimates tend to be low because certain elements such as equipment or fuel costs are not included.

Rodent Control	\$	100.59
Tree Trim	\$	281.72
Tree Removal	\$	367.04
Graffiti	\$	55.39
lot cleaning	\$	979.24
towing	\$	159.63
carts	\$	117.76

As always, please let me know if you have any further questions.

CC: Tiffany Sostrin
Mayor's Office of Intergovernmental Affairs

Date: November 4, 2019

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 81-11 Tree Trim Crew Cost

The attached information is in response to questions posed at our department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Martin asked for a breakdown of what each additional tree trimming crew would cost by title and equipment.

The annual cost of an additional tree trimming crew comprised of two tree trimmers, one driver and a tower truck including tools, equipment and safety gear would be approximately \$360,000.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 81-12 Rodent Control

The attached information is in response to questions posed at our department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Silverstein asked for the department's approach to rodent control in vacant buildings and yards.

The Bureau of Rodent Control cannot enter vacant property without permission. The Bureau will bait adjacent alleys and we will attempt to contact the neighbors to inspect and bait their yards. Rodent Control will also leave door hangers in an attempt to notify the vacant property owners of the service available to them should they want it.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 81-13 Refuse Cart Funding

The attached information is in response to questions posed at our department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Silverstein asked if there was more money for refuse carts in the 2020 budget.

Funding for black refuse carts and blue recycling carts is level with 2019. In 2019, DSS had \$2.8 million. The 2020 budget also contains \$2.8 million for carts.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 81-14 Ash Trees

The attached information is in response to questions posed at our department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Silverstein asked if the department was treating ash trees for the Emerald Ash Borer or removing the infested trees.

The department has stopped treating ash trees and is in the process of removing dead and dying ash trees.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 81-15 Plow Tracker

The attached information is in response to questions posed at our department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Silverstein experienced inaccurate readings and asked if the department was experiencing problems with the Plow Tracker application.

The department is not aware of any GPS problems or application issues. The delays may be caused by inclement weather interference of a wi-fi signal or poor signal strength at the receiving device. DSS will have its technology personnel look into this to ensure proper functioning in anticipation of the upcoming snow season.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 81-16 Lot Cleaning

The attached information is in response to questions posed at our department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman King asked for an estimated cost to clean vacant lots on a weekly basis.

In order to perform this task using City labor, DSS estimates it would cost between \$26 million and \$28 million in additional funding to clean all city-owned lots on a weekly basis. A city crew would require a Motor Truck Driver to operate the vehicle pulling a trailer carrying the mowing decks; at least one if not two laborers to operate the mowing decks as well as collecting litter and debris. This cost includes the acquisition of trucks, trailers and mowing decks. Finally, City supervision would be required to oversee these crews. Also, due to various collective bargaining agreements any weekend work would require labor to be paid at premium overtime rates.

As always, please let me know if you have any further questions.
