

DEPARTMENT OF AVIATION
CITY OF CHICAGO

MEMORANDUM

To: The Honorable Pat Dowell
Chairman, Committee on the Budget and Government Operations

From: Jamie Rhee
Commissioner
Chicago Department of Aviation

CC: Tiffany Sostrin
Mayor's Office of Intergovernmental Affairs

Date: November 8, 2019

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-01 Airport Concessions Disadvantaged Business Enterprise (ACDBE) Compliance

The following is in response to questions posed at our Department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Mitts asked for information on how the City's airports ranks nationally with compliance of the Airport Concessions Disadvantaged Business Enterprise (ACDBE).

Below is a listing of the top six nationally ranked ACDBE compliance airports:

Midway – 52.5% as of YTD
Atlanta – 41%
O'Hare – 35% as of YTD
Dallas Fort Worth – 33%
Denver – 33%
Houston Bush – 32%

As always, please let me know if you have any further questions.

CITY OF CHICAGO

MEMORANDUM

To: The Honorable Pat Dowell
Chairman, Committee on the Budget and Government Operations

From: Jamie Rhee
Commissioner
Chicago Department of Aviation

CC: Tiffany Sostrin
Mayor's Office of Intergovernmental Affairs

Date: November 8, 2019

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-03 Code of Conduct

The following is in response to questions posed at our Department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Waguespack requested a copy of CDA's Code of Conduct.

Below is the link to the 70-page document.

MEMORANDUM

To: The Honorable Pat Dowell

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-04 Absenteeism

The following is in response to questions posed at our Department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Reilly asked for detail regarding CDA's strategy on reducing absenteeism.

Please see the attachment.

As always, please let me know if you have any further questions.

CDA's strategy of reducing absenteeism

- ✓ CDA is one of the City's largest departments with 1,635 employees. The majority of CDA's workforce consists of unionized skilled trades, which traditionally has a higher number of overt absenteeism hours.
- ✓ CDA is aggressively working to reduce its overt absenteeism numbers. CDA is currently revising its time and attendance policy to create a uniform discipline platform for all time and attendance violations. CDA has aggressively cleared the backlog of outstanding edit forms to bring the department into compliance.
- ✓ Managers, unions and employees will be notified and trained on the new policies. The revised discipline platform is intended to encourage employees to correct their behavior or obtain a leave of absence, if necessary.
- ✓ CDA's HR is working with management to identify common attendance violations in their respective sections, to best advise on how to reduce these types of occurrences.
- ✓ CDA's HR hired a Labor Specialist to assist with the administration of discipline and an Administrative Service Officer to oversee FMLA and leaves of absences, which will assist CDA in identifying employees not compliant with their respective leaves.

CDA's Labor Relations Team has implemented a taskforce made up of management representatives from each CDA division with the goal to create a **"One CDA" Absenteeism and Disciplinary Policy** by Mid-November. Our year end focus will be the training of all supervisory personnel to insure the successful implementation of our policy effective January 2020. The overall goal is to establish CDA as a lead department in providing a fair and consistent application of policies, training to manage absenteeism, and to ensure our code of conduct is adhered to.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-05 SEIU Ordinance – Labor Peace Agreement

The following is in response to questions posed at our Department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Reilly asked what the repercussions are if contractors are non-compliant with the labor peace agreement.

In many cases, a contractor's non-compliance with the labor peace agreement may constitute a violation of the terms of the City contract. CDA's goals are to ensure compliance with these terms while maintaining a smooth airport operation. Ultimately, CDA may terminate a contract for an event of default.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-12 Construction Manager at Risk (CMR)

The following is in response to questions posed at our Department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman King asked for information regarding how CMRs are selected; their contract value; how are they managed; how is work assigned; how much money will they receive; and what are their diversity numbers.

Please see the attached.

As always, please let me know if you have any further questions.

85-12 Construction Manager at Risk (CMR)

How were the CMRs selected

- The CMRs were competitively bid through an RFQ process. Of seven original submissions, five were shortlisted and three were awarded contracts.
 - Austin Power Partners (APP) | Austin Commercial, Power Construction, Ujamaa JV
 - Turner / FH Paschen (TPAP) | Turner Construction, FH Paschen JV
 - AECOM Hunt / Clayco (AHC) JV

How is work assigned to CMRs

- Through the work order process, CMRs are assigned a scope of work relative to their strengths, projected enabling projects, and geographic location of projects. Similar scopes are linked together to mitigate risk. From there, the work is broken out into bid packages at the 60% and 90% design intervals.

What is the value of the contracts

- Initial Contract Value to initiate the projects assigned -- \$116M each (this is seed money to get the assigned projects started)
- Current Project Assignments / Work Orders (Pre-Construction Services)
 - Austin Power Partners (APP) = \$645,700,000
 - Terminal 5
 - Turner / FH Paschen (TPAP) = \$380,400,000
 - Taxiway AB Utilities and Paving
 - AECOM Hunt / Clayco (AHC) = \$58,000,000
 - Runway 4R-22L Overlay
 - Lower Level Utility Repair
 - Elevated Parking Structure Repairs
- As projects get into design there will be more assignments, with dollar amounts yet to be determined.

How will the CMRs be managed

- In order to realize the \$8.5B O'Hare 21 program, implementation includes a partnership with our project management organization (PMO) Connect Chicago Alliance JV (CCA), made up of Jacobs, Ardmore Roderick, and JA Watts, and our three CMRs (Austin Power Partners (APP), Turner / FH Paschen (TPAP), AECOM Hunt / Clayco (AHC))
- In partnership with our PMO, we manage three CMRs. These CMRs execute the construction projects and provide construction management administration services for the projects. The CMRs will self-perform the construction management administration services. However, they are not allowed to self-perform the construction work unless bids exceed budget by 10% for a particular scope. The CMRs are also responsible for bidding packages via a procurement plan and engaging our 77 communities through a workforce development plan.

- The \$116M is intended to allow the CMRs the ability to start on the assignments primarily though the preconstruction services phase of the work. Once we reach a GMP we will amend the contract for the scope and cost of the work package. The amendment will add additional moneys beyond the \$116M. The amounts listed above are budgetary cost we are currently carrying.

CMRs and their diversity

- The M/WBE participation at the JV level is below.
- Beyond the JV level all the CMRs have committed to exceeding the minimum requirement set in the procurement.
- The services the CMRs are estimated to self-perform will be around 10% of the total cost of the GMP. The actual work (bricks & sticks) is where we intend to leverage MBIs and SBIs by breaking down and right sizing scope packages to maximize participation.

O'Hare 21 - CMR

Turner/Paschen JV	APP JV	Hunt/Clayco JV
Turner Construction - 55%	Austin Commercial - 50%	AECOM Hunt - 60%

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-13 Airport Transit System (ATS)

The following is in response to questions posed at our Department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Tunney asked about the penalty for the delay in the Airport Transit System (ATS)

The Agreement between the City of Chicago and Parsons Construction Group (PCG) included provisions which protect the City in the event that the Contractor (PCG) failed to achieve substantial completion by November 18, 2019. The Agreement defines these at \$50,000 per day. (The date of substantial completion has been amended twice, one through the Release and Settlement Agreement (RSA) to September 18, 2019; and further to November 18, 2019 as a result of the Supplemental Settlement Agreement (SSA).) The SSA also included provisions to advance PCG a sum of \$3M to compensate them for acceleration costs. These provisions gave the City the rights to receive a refund of \$1M should PCG fail to achieve Substantial Completion on or before November 18, 2019. The language included the requirement that this "claw-back" amount should be paid back to the City no later than 10 days after failure to achieve the contractual substantial completion, or November 28, 2019.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-16 Gary Airport

The following is in response to questions posed at our Department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Lopez asked CDA to provide information on how much money the City has given to Gary Airport in the past year.

The City provided the following amount to the Gary Airport pursuant to the Compact Agreement between City of Chicago and City of Gary, signed in April 1995, establishing the Chicago-Gary Regional Airport Authority for capital expenditures (FAA approved projects) in the past two years:

2017 – \$1,574,839
2018 – \$0

The City also provided the following amount to the Chicago Gary Regional Airport for Compact expenses in the past two years:

2017 - \$503,010

2018 - \$503,010

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-18 Concessionaires Pricing

The following is in response to questions posed at our Department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Lopez asked what the standard pricing is to operate a concession at the airport.

Please see the attached document.

As always, please let me know if you have any further questions.

Standard Process of Approving Price Lists at the Airports

- There is a Value Pricing Policy in place for all Concessionaires. The specific lease language may vary from lease to lease and the Tenant must comply with the requirements specified in the lease. The lease allows the City to request a price comparison report annually and/or at any time.
- Tenants are required to price goods and services no higher than the prices charged in the City of Chicago. The lease further defines the “City”, for the purposes of value pricing, as the downtown area of the City. The MP Midway agreement allows for the Chicago metropolitan area.
- Generally, pricing for goods and services are determined so that the prices at the airport do not exceed the average price charged by the Tenant at their City locations. The exception to this particular area of the policy is granted to MP Partnerships and Westfield which can add up to 10% on top of street pricing.
- If the Tenant does not have any City locations, the Tenant will provide the prices charged at comparable stores located in the City for the same item(s) for the purpose of defining appropriate value prices.
- Periodically, prices at the concession are spot checked against the approved pricing report. The Tenant is notified in writing if any price is found to be higher than the approved price and told to immediately lower the price to the approved price.
- The prices indicated on the pricing report for stores located in the downtown area of the City may be audited. The audit process includes spot checking prices at the comparable store(s) to the value pricing report. (The audit is also attempting to ensure the product is not only priced appropriately, but it is comparable in size/quantity as purported by tenant.)

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-23 Noise Initiative

The following is in response to questions posed at our Department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Vasquez asked for the timeline of CDA noise initiatives.

Please see the attached document.

As always, please let me know if you have any further questions.

The CDA anticipates the implementation of various noise initiatives as detailed below.

Midway Noise Initiatives

1. The update of the Midway noise contour is underway. Anticipated completion = 4th Quarter 2020.
2. Sound insulation of new homes with the updated Midway noise contour. The next phase of homes will be called Midway Phase 16. Anticipated approval by the full Midway Noise Compatibility Commission (MNCC) in 4th Quarter 2020.

O'Hare Noise Initiatives

1. The Interim Fly Quiet ("IFQ") Runway Rotation started Sunday night, November 3rd. The rotation will be in effect for 28 weeks (through mid-May 2020), and then the CDA will take a break for the 2020 summer construction season.
2. Sound insulation of new homes using the existing OMP Build-Out Noise Contour:
 - a. O'Hare Phase 17 – Anticipated advertisement for construction contract bids in 1st Quarter 2020.
 - b. O'Hare Phase 18 – Hold homeowner briefings this month (November 2019). Anticipated advertisement for construction contract bids in 3rd Quarter 2020.
 - c. O'Hare Phase 19 – Last phase of sound insulation for OMP homes. Obtain approval by the ONCC Residential Committee in January 2020 and by the full ONCC in February 2020.

Window mechanical repairs at both airports – Anticipate advertisement of a new competitively bid work services contract for warranty repairs in 1st Quarter 2020.

Odorous windows at both airports – Anticipate advertisement of new competitively bid construction contracts sometime in the first half of 2020. The CDA is waiting for direction from the State of Illinois advisory committee and waiting for State of Illinois funding.

DEPARTMENT OF AVIATION
CITY OF CHICAGO

MEMORANDUM

To: The Honorable Pat Dowell
Chairman, Committee on the Budget and Government Operations

From: Jamie Rhee
Commissioner
Chicago Department of Aviation

CC: Tiffany Sostrin
Mayor's Office of Intergovernmental Affairs

Date: November 22, 2019

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 85-32 Budget

The attached information is in response to question posed at our Department's hearing on November 1, 2019 to discuss the proposed 2020 budget.

Alderman Reilly asked for list of savings and cost-efficiencies due to zero-based budgeting.

We have reduced/saved \$2.8 million at Midway and \$5.9 million at O'Hare. All our savings will reduce the Airline's budget for CDA. Since we are funded by an enterprise fund, our savings will remain in the enterprise fund and cannot be used by the City for any other purpose.
