PERMIT REVIEW COMMITTEE REPORT TO  
COMMISSION ON CHICAGO LANDMARKS  
March 1, 2012

The Permit Review Committee (PRC) met on February 2, 2012, at 2:40 p.m. The meeting was held at 33 N. LaSalle Street, Room 1600.

Present: Ernest Wong  
John Baird  
James Houlihan  
Tony Hu  
Mary Ann Smith

Staff: Eleanor Gorski, Assistant Commissioner, Historic Preservation Division, Bureau of Planning and Zoning, Department of Housing and Economic Development  
Dijana Cuvalo  
Cindy Roubik  
Beth Johnson  
Larry Shure

The following projects were reviewed by the PRC:

1. **1060 W. Addison**  
(Wrigley Field – 44<sup>th</sup> Ward)

Proposal: Proposed bleacher reconfiguration for a patio and construction of a 75' x 7.35' changing image LED sign on a section of the right-field bleachers.

Action: Approved 3-2 (Commissioners Wong and Smith voted against) with the following conditions:

1. Provide all dimensions, materials, finishes and details of proposed 75' LED changing image signage for Historic Preservation staff review and approval as a part of the sign permit application;
2. Provide details, colors, etc. of chain link fence in front of sign;
3. Provide colors and finishes for concrete panels and new railing installations, which shall match the existing color scheme for the outfield bleachers; and,
4. Proposed signage is reviewed on a case-by-case basis, and the Commission's approval of the proposed sign should not be considered indicative of how it may consider other similar proposed signs in the future, both in terms of the specific proposal as well as relative to the cumulative visual impact of signage on the historic and architectural character of the ballpark. Additionally, the Chicago Cubs may wish to consider submitting a Master Sign Program to govern the future review and approval of signage if additional signs are contemplated.

2. **4605 N. Hermitage**  
(Dr. Wallace C. Abbott House – 47<sup>th</sup> Ward)

Proposal: Proposed modifications to existing rear addition, new 1-story rear addition for an attached 2-car frame garage with roof deck and solar panels, new landscaping, new 6'-tall wood fence along alley, and a new in-ground outdoor pool in the rear yard for a single-family residence on a corner lot.

Action: Approved unanimously as submitted.

3. **3321 S. Calumet**  
(Calumet-Giles-Prairie District – 2<sup>nd</sup> Ward)

Proposal: Proposed 20' x 25' detached 2-car frame garage facing Dr. Martin Luther King Jr. Drive with existing curb-cut access.

Action: Approved unanimously with the following condition:

The fiber-cement siding shall have a 4"-lap with a painted smooth finish.

4. **351-53 W. Dickens**  
(Mid-North District – 43<sup>rd</sup> Ward)

Proposal: Permit Application and Violation: Construction of seven balconies, two visible roof top decks, and installation of chimney flues on a four-and-a-half story residential building without a permit.

Action: Approved unanimously with the following conditions:

1. The existing rooftop decks, rails, and walkways shall be modified to be set back from the front and side parapets per the attached sketch to minimize their visibility from the public way. The permit drawings shall be modified accordingly;
2. The installation of the chimney flues on the east and west sides of the building shall also be added to the scope of work and shall be painted a color to match the brick; and,
3. The balconies and spiral stair installed on the side elevations are approved as submitted. The owner may need to obtain the necessary Public-Right-of-Way (PROW) permit for the balconies on the east side of the building and a required zoning adjustment for the spiral stair. The Commission does not take a position regarding any required zoning adjustment/variance or public-right-of-way permissions.
