Due to the recent surge of residents who are coming into compliance with City Sticker and Residential Permit Parking requirements, the City of Chicago will extend the date of enforcement until August 1, 2020 to allow additional time.

Residents can purchase their stickers online at www.chicityclerk.com/sticker, or by visiting any of the Office of the City Clerk locations, Department of Finance payment centers or at neighborhood currency exchanges. Additionally, expired vehicle registration enforcement will begin in November to align with the Illinois Secretary of State vehicle registration extension date.
