You have the option of applying through the Department of Buildings (DOB) if your project involves building construction or renovations, or you can apply directly to the Department of Public Health.

If you choose to apply directly to the Department of Public Health, you need to attach the following items to your application form(s):

- 1) Check or money order made payable to the Department of Environment. Use the [fee schedule](#) to determine the appropriate amount.
- 2) Notarized affidavit ([affidavit form](#)).
- 3) A copy of your business license.
- 4) Performance Standard for process equipment and control devices, if your permit is for a new facility or business; or involves a major expansion of an existing business or facility.

If you are applying through the Department of Buildings, you need to do the following:

- 1) Complete the appropriate form(s).
- 2) Attach the completed form(s) to your DOB application.

When the application has been approved, an Air Pollution Control permit will be issued and mailed to you, by the Department of Public Health.

For your convenience, CDPH's Air Pollution Control permit application forms, demolition notice of intent form, and architectural surface cleaning application forms are posted on the City of Chicago website at www.cityofchicago.org

If you have any questions or need assistance in completing the form(s), please feel free to contact me directly at 312-744-7206 or the DOB "Environmental Review Desk" at 312-744-8026.

Best wishes,
