INDEPENDENT AUDITOR'S REPORT

The Honorable Richard M. Daley, Mayor
Members of the City Council
City of Chicago, Illinois

We have audited the accompanying combined balance sheet of the Stockyards Southeast Quadrant Redevelopment Project of the City of Chicago, Illinois, as of December 31, 2000, and the related combined statements of revenues, expenditures and changes in fund balance - governmental funds for the years then ended December 31, 2000 and 1999. These combined financial statements are the responsibility of the City of Chicago's management. Our responsibility is to express an opinion on these combined financial statements based on our audits. We previously audited and reported upon the balance sheet as of December 31, 1999, totals of which are included for comparative purposes only.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of the Stockyards Southeast Quadrant Redevelopment Project of the City of Chicago, Illinois, as of December 31, 2000, and the results of its governmental funds operations and changes in fund balance for the years then ended December 31, 2000 and 1999 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the combined financial statements taken as a whole. The schedule of expenditures by statutory code on page 7, which is also the responsibility of the City of Chicago's management, is presented for purposes of additional analysis and is not a required part of the combined financial statements of Stockyards Southeast Quadrant Redevelopment Project of the City of Chicago, Illinois. Such additional information has been subjected to the auditing procedures applied in the audits of the combined financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the combined financial statements taken as a whole.

NOTES TO COMBINED FINANCIAL STATEMENTS

Note 1 – Summary of Significant Accounting Policies

Description of Project

The Stockyards Southeast Quadrant Redevelopment Project Area (Project) was established in February 1992. The area has been established to finance improvements, leverage private investment, create and retain jobs and to retire the Redevelopment Tax Increment Bonds (Stockyards Southeast Quadrant Redevelopment Project), Series 1994B in the principal amount of \$9,900,000. Reimbursements, if any, are made to the developer for project costs, as public improvements are completed and pass City Inspection.

Principal and interest on the bonds will be paid from incremental property taxes generated by the redevelopment district.

Basis of Accounting

The Project is accounted for within the capital project, debt service and special revenue funds of the City. The Bonds Payable are recorded in the City's General Long-term Debt Account Group. The report is presented herein on a combined basis.

The financial statements are prepared on the modified accrual basis of accounting and current financial resources measurement focus with only current assets and liabilities included on the balance sheet. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the liability is incurred.

Fixed assets are not capitalized in the general operating funds but, instead, are charged as current expenditures when purchased. The General Fixed Asset Account Group of the City includes the capital assets, if any, of the Project.

Management's Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO COMBINED FINANCIAL STATEMENTS
(Continued)

Note 1 – Summary of Significant Accounting Policies (Continued)

Illinois Tax Increment Redevelopment Allocation Act Compliance

The Project's expenditures include reimbursements for various eligible costs as described in subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act and the Redevelopment Agreement relating specifically to the Project. Eligible costs include but are not limited to survey, property assembly, rehabilitation, public infrastructure, financing and relocation costs.

Cash and Investments

The bond proceeds and incremental taxes associated with the Stockyards Southeast Quadrant Tax Increment Financing District are deposited with the City Treasurer or in a separate trust account. Eligible project expenditures are approved by the Department of Planning and Development in accordance with the project budget and paid from the trust account. Eligible project expenditures may be paid from bond proceeds or incremental taxes in excess of next year's annual debt service, after fully funding of all other funds and accounts.

Cash belonging to the City is generally deposited with the City Treasurer as required by the Municipal Code of Chicago. The City Comptroller issues warrants for authorized City expenditures which represent a claim for payment when presented to the City Treasurer. Payment for all City warrants clearing is made by checks drawn on the City's various operating bank accounts.

The City Treasurer and City Comptroller share responsibility for investing in authorized investments. Interest earned on pooled investments is allocated to participating funds based upon their average combined cash and investment balances.

The City values its investments at fair value or amortized cost. U.S. Government securities purchased at a price other than par with a maturity of less than one year are reported at amortized cost.

Property Taxes

Property taxes are susceptible to accrual and recognized as a receivable in the year levied. Revenue recognition is deferred unless the taxes are received within 60 days subsequent to year-end.

Note 2 – Bonds Payable

In January 1997, the City entered into a short-term promissory note for the purpose of retiring the Tax Increment Allocation Revenue Bonds Series 1994B (\$9.9 million). Also in January 1997, the City sold Tax Increment Allocation Revenue and Refunding Bonds Series 1996B (\$20.0 million). The bonds have an initial interest rate of 3.6 percent through February 3, 1997 and have maturity dates ranging from December 1, 1999 through December 1, 2014. Certain proceeds and cash on hand will be used to repay the short-term promissory note, pay project costs, fund required accounts and meet initial debt service requirements. After the expiration of the initial interest rate period, the bonds will bear interest at a weekly, daily, commercial paper or adjustable rates, as defined, at the discretion of the City. Remarketing and letter of credit fees are included in interest expense.

The City entered into an interest rate swap agreement in June 1997 to reduce its interest rate risk on the bonds. The swap was approved by the City Council and is effective from February 10, 1997 and terminates on December 1, 2014 with an initial notional amount of \$20.0 million. The counterparty's payments will be based on a variable rate of interest in exchange for an annual fixed rate of interest of payment made by the City.

The bonds have an effective interest rate of 5.375 percent. The aggregate maturities of the bonds (principal portion only) are as follows:

2001	\$ 700,000
2002	800,000
2003	900,000
2004	1,000,000
2005	1,000,000
Thereafter	<u>14,500,000</u>
	<u>\$18,900,000</u>

Note 3 – Commitments

As of December 31, 2000 the Project has entered into contracts for approximately \$20,000 for services and construction projects.

Re: Stockyards Southeast Quadrant Industrial
Redevelopment Project Area (the "Redevelopment Project Area")

Dear Addressees:

I am Corporation Counsel of the City of Chicago, Illinois (the "City"). In such capacity, I am providing the opinion required by Section 11-74.4-5(d)(4) of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 *et seq.* (the "Act"), in connection with the submission of the report (the "Report") in accordance with, and containing the information required by, Section 11-74.4-5(d) of the Act for the Redevelopment Project Area.

Attorneys, past and present, in the Law Department of the City familiar with the requirements of the Act have had general involvement in the proceedings affecting the Redevelopment Project Area, including the preparation of ordinances adopted by the City Council of the City with respect to the following matters: approval of the redevelopment plan and project for the Redevelopment Project Area, designation of the Redevelopment Project Area as a redevelopment project area and adoption of tax increment allocation financing for the Redevelopment Project Area, all in accordance with the then applicable provisions of the Act. Various departments of the City, including, if applicable, the Law Department, Department of Planning and Development, Department of Housing, Department of Finance and Office of Budget and Management, have personnel responsible for and familiar with the activities in the Redevelopment Project Area affecting such Department(s) and with the requirements of the Act in connection therewith. Such personnel are encouraged to seek and obtain, and do seek and obtain, the legal guidance of the Law Department with respect to issues that may arise from time to time regarding the requirements of, and compliance with, the Act.

In my capacity as Corporation Counsel, I have relied on the general knowledge and actions of the appropriately designated and trained staff of the Law Department and other applicable City Departments involved with the activities affecting the Redevelopment Project Area. In addition, I have caused to be examined or reviewed by members of the Law Department of the City the certified audit report, to the extent required to be obtained by Section 11-74.4-5(d)(9) of the Act and submitted as part of the Report, which is required to review compliance with the Act in certain respects, to determine if such audit report contains information that might affect my opinion. I have also caused to be examined or reviewed such other documents and records as were deemed necessary to enable me to render this opinion. Nothing has come to my attention that would result in my need to qualify the opinion hereinafter expressed, subject to the limitations hereinafter set forth, unless and except to the extent set forth in an Exception Schedule attached hereto as Schedule 1.

Based on the foregoing, I am of the opinion that, in all material respects, the City is in compliance with the provisions and requirements of the Act in effect and then applicable at the time actions were taken from time to time with respect to the Redevelopment Project Area.

This opinion is given in an official capacity and not personally and no personal liability shall derive herefrom. Furthermore, the only opinion that is expressed is the opinion specifically set forth herein, and no opinion is implied or should be inferred as to any other matter. Further, this opinion may be relied upon only by the addressees hereof and the Mayor of the City in providing his required certification in connection with the Report, and not by any other party.

Very truly yours,

Mara S. Georges
Corporation Counsel

INDEPENDENT AUDITOR'S REPORT

The Honorable Richard M. Daley, Mayor
Members of the City Council
City of Chicago, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America, the combined balance sheet of Stockyards Southeast Quadrant Redevelopment Project of the City of Chicago, Illinois as of December 31, 2000, and the related combined statement of revenues, expenditures and changes in fund balance for the year then ended, and have issued our report thereon dated May 16, 2001.

In connection with our audit, nothing came to our attention that caused us to believe that the Project failed to comply with the regulatory provisions in Subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Allocation Redevelopment Act and Subsection (o) of Section 11-74.6-10 of the Illinois Industrial Jobs Recovery Law as they relate to the eligibility for costs incurred incidental to the implementation of the Stockyards Southeast Quadrant Redevelopment Project of the City of Chicago, Illinois.

This report is intended for the information of the City of Chicago's management. However, this report is a matter of public record, and its distribution is not limited.
