Via e-mail

Kimberly Worthington, P.E.
Deputy Commissioner
City of Chicago
Department of Assets, Information, and Services
2 N. LaSalle St., Suite 200
Chicago, IL 60602

Mrs. Worthington –

The Illinois Emergency Management Agency (IEMA/Agency) has completed review of the City of Chicago's (City) Decommissioning Plan, Revision 5, Former Carnotite Reduction Company Site, 434 East 26th Street, Chicago, Illinois, 60616 submitted by the City on November 30, 2020. We find the changes acceptable. We will continue working on an Amendment to your license, which will include reference to the incoming submittals.

As previously stated, IEMA reserves the right to make change requests to the Plan as we deem necessary. If you have questions please contact me directly.

Sincerely,

A handwritten signature in black ink, appearing to read "Kelly Horn".

Kelly Horn
Head of Environmental Management
Division of Nuclear Safety
