

1. GENERAL PROVISIONS

1.1. Statement of Authority

These regulations are issued pursuant to the following Sections of the Municipal Code of Chicago:

Section 2-92-418 of the Municipal Code of Chicago establishes a bid incentive for small business enterprise and veteran-owned business enterprise joint ventures (“SBE/Veterans JV bid incentive”). Subsection (f) of the Section authorizes the chief procurement officer to “adopt, promulgate and enforce reasonable rules and regulations pertaining to the administration and enforcement” of the Section.

1.2. Application and Statement of Purpose

These regulations describe how and when the bid incentive would apply, including the right of the chief procurement officer to decline to apply the bid incentive.

2. DEFINITIONS

Unless otherwise specified, whenever used in these regulations, the following terms have the following meanings:

“Bid incentive” means an amount deducted, for bid evaluation purposes only, from the contract base bid in order to calculate the bid price to be used to evaluate the bid on a competitively bid contract.

“Construction project” has the same meaning ascribed to that term in Section 2-92-335.

“Contract” means any contract, purchase order, construction project, or other agreement (other than a delegate agency contract or lease of real property or collective bargaining agreement) awarded by the city and whose cost is to be paid from funds belonging to or administered by the city.

“Contract base bid” means the total dollar amount a contractor bids on a contract without factoring any bid incentive or percentage reductions to the bid amount.

“Eligible joint venture” means an association of one or more small local business enterprises in combination with one or more veteran-owned business enterprises, proposing to perform as a single for-profit business enterprise, in which each joint venture partner contributes property, capital, efforts, skill and knowledge. Joint ventures must have an agreement in writing specifying the terms and conditions of the relationship between the partners and their respective roles in the contract.

“Prime contractor” means a business entity that is the primary contractor on a contract. A “prime contractor” does not include any subcontractors.

“Small local business enterprise” (“SBE”), “local business enterprise,” and “Owned” have the meaning ascribed to those terms in section 2-92-670.

“Veteran-owned business enterprise” (“VBE”) means an enterprise which: (1) is at least 51 percent owned by one or more veterans, or in the case of a publicly held corporation, at least 51 percent of all classes of the stock of which is owned by one or more veterans, whose management, policies, major decisions and daily business operations are independently managed and controlled by one or more veterans; or (2) has been certified by the State of Illinois as a qualified service-disabled veteran-owned small business or a qualified veteran-owned small business pursuant to 30 ILCS 500/45-57.

“Veteran” means a person who has served in the United States armed forces and was discharged or separated under honorable conditions.

3. PROCEDURES

3.1. SBE/Veterans Joint Venture Bid Incentive

Unless otherwise prohibited by federal, state, or local law, for a contract having an estimated contract value of \$100,000 or more when advertised or, if not advertised, awarded, the chief procurement officer shall allocate a bid incentive of 5% of the contract base bid to any eligible joint venture bidding as a prime contractor.

The SBE/Veterans JV bid incentive is limited in scope and therefore will not apply to every contract between the City of Chicago and an eligible joint venture.

The SBE/Veterans JV bid incentive does not apply if:

- prohibited by federal, state, or local law;
- the estimated value of the contract is less than \$100,000;
- an emergency exists;
- the contract is for cooperative purchasing or cooperative construction;
- the chief procurement officer concludes allocation of a bid incentive is not in the city’s best interest.

3.2. Purpose and Effect of Bid Incentive

The purpose of the bid incentive is to identify the low bidder; it does not apply to or otherwise pertain to the contract price.

The bid incentive shall be applied by deducting 5% from the bid price of the bidder meeting the eligibility criteria. In procurements where price is a factor, but not the only consideration for determining the qualifications of a vendor submitting a proposal to the City, the evaluation committee shall, for purposes of evaluating proposals only, apply the bid incentive (as calculated above) to the respondent’s price proposal, multiplied by the weight given to that portion of the response. The incentive will apply to the price component alone and shall not be applied to other scores such as qualifications or the total evaluated score of the respondents.

3.3. Eligibility

At minimum, one SBE partner and one VBE partner of a joint venture must each have a 30% or more interest in the joint venture in order for such joint venture to be an eligible joint venture.

3.4. Application Procedures

Affidavit

At the time of bid, bidders seeking to take advantage of the bid incentive must submit the relevant affidavit (SBE or Veterans) included in bid packages for the procurement of contracts in amounts of \$100,000 or more.

Additional Documentation

The chief procurement officer may require, at the time of bidding, prior to contract award, or during the term of the contract, such additional documentation as the chief procurement officer deems necessary to verify that a bidder qualifies, or continues to qualify, for the SBE/Veterans JV bid incentive.

Contractors and their subcontractors are required to maintain records of compliance with the SBE/Veterans JV bid incentive for a period of three years after the expiration of the contract.

Records of compliance to be maintained must include, at a minimum, documentation of the applicable veteran's service in the United States armed forces, documentation of the applicable veteran's honorable discharge or separation therefrom, business records demonstrating ownership and control of the small business enterprise and the veteran-owned business enterprise, and the joint venture agreement. However, the chief procurement officer reserves the right to request additional documentation.

The Chief Procurement Officer reserves the right to decline to include or allocate the bid incentive pursuant to the authority granted in Section 2-92-418.

3.5. Certification Recognition

The chief procurement officer may accept the certification by other entities of a veteran-owned business enterprise, including that of Cook County, if the certification standards of such other entity do not conflict with these regulations or the Municipal Code of Chicago.

Because minority-owned businesses (MBEs) and woman-owned businesses (WBEs), as those terms are defined in Section 2-92-420 of the Municipal Code of Chicago, must be small local business enterprises in order to be certified by the City of Chicago as such, MBEs and WBEs that hold current MBE or WBE certifications are eligible to be SBEs under these regulations. The chief procurement officer may also accept Cook County certification of MBEs and WBEs under the reciprocal certification program of the City of Chicago and Cook County. Certified MBEs and WBEs are not required to submit the SBE affidavit, but are required to provide proof of current MBE or WBE certification by submitting a valid certification letter issued by the City of Chicago Department of Procurement Services or Cook County.

3.6. Graduation, Changes in Ownership

As a condition of being awarded the SBE/Veterans JV bid incentive, the eligible joint venture shall continue to meet the definition of an eligible joint venture during the term of the contract for which the bid incentive was awarded.

However, in the event that an SBE partner of an eligible joint venture exceeds the applicable size standard during the pendency of a contract, such eligible joint venture shall continue to be eligible for the duration of the contract.

If an SBE partner or a VBE partner of an eligible joint venture undergoes a change in ownership such that it is no longer eligible as an SBE or VBE during the pendency of a contract, such joint venture ceases to be an eligible joint venture and shall be subject to all applicable penalties and fines, including those described in section 2-92-418(e).

3.7. Penalties

Upon completion of the work on a contract, any eligible joint venture that received a bid preference but that fails to meet the definition as an eligible joint venture during the term of the contract for which the bid incentive was awarded shall be fined in an amount equal to three times the amount of the bid incentive awarded.

4. FINAL DECISION

The Chief Procurement Officer or designee shall make the final determination regarding the applicability of the bid incentive to any procurement.
