INDEPENDENT AUDITORS' REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

To the Honorable Rahm Emanuel, Mayor, and the Members of the City Council City of Chicago Chicago, Illinois

We have audited the accompanying schedule of expenditures of federal awards of the City of Chicago, Illinois for the year ended December 31, 2011. This financial statement is the responsibility of the City of Chicago's management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the schedule of expenditures of federal awards referred to above presents fairly, in all material respects, the expenditures of federal awards of the City of Chicago, Illinois for the year ended December 31, 2011 in conformity with accounting principles generally accepted in the United States of America.

Baken Tilly Virchow Krause, UP

Chicago, Illinois July 27, 2012

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For the Year Ended December 31, 2011

NOTE 1 – REPORTING ENTITY

The City of Chicago (the "City") is a governmental entity established by laws of the State of Illinois and has the powers of a body corporate, as defined in the statutes. All significant operations of the City are included in the scope of the Office of Management and Budget ("OMB") Circular A-133 audit (the "Single Audit"). The U.S. Department of Health and Human Services ("HHS") has been designated as the City's cognizant agency for the Single Audit. The reporting entity for the City is based upon criteria established by the Governmental Accounting Standards Board.

Programs Subject to Single Audit – A Schedule of Expenditures of Federal Awards ("SEFA") is presented for each federal program and a summary of expenditures by federal agency is as follows:

 U.S. Department of Agriculture U.S. Department of Commerce U.S. Department of Housing and Urban Development U.S. Department of the Interior U.S. Department of Justice U.S. Department of Labor U.S. Department of Transportation U.S. National Endowment for the Arts U.S. Institute of Museum and Library Services U.S. Small Business Administration U.S. Department of Veterans Affairs U.S. Department of Energy U.S. Department of Education U.S. Department of Health and Human Services U.S. Corporation for National and Community Services 	\$ 6,961,935 10,970,051 275,612,555 22,451 16,016,155 36,520,734 260,058,841 145,230 328,552 211,999 148,782 11,313,531 22,654,317 4,407 238,851,740 785,400
U.S. Social Security Administration	252,176
U.S. Department of Homeland Security Total Expenditures of Federal Awards	\$ 61,643,305 942,502,161

Passenger Facility Charges collected and expended, as prescribed by Sections 9110 and 9111 of the Aviation Safety and Capacity Expansion Act of 1990 issued by the Federal Aviation Administration of the United States Department of Transportation, are not included in this Single Audit report and are audited separately.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accounting records for some grant programs are maintained on the modified accrual basis of accounting. Under the modified accrual basis, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the liability is incurred. The accounting records for other grant programs are maintained on the accrual basis, i.e., when the revenue has been earned and the liability is incurred.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For the Year Ended December 31, 2011

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

BASIS OF ACCOUNTING (cont.)

Certain financial awards were received by the City in the form of noncash awards. These noncash awards are discussed in Note 3. The schedule of expenditures of federal awards includes a column titled Non-Federal Expenditures. Amounts reported in this column include the City's required match for federal programs.

The City has a cost allocation plan for allocation of common and indirect costs related to grant programs. The amounts allocated to 2011 grant programs are based primarily on 2010 budgeted amounts. Variances between actual costs and budgeted amounts are adjusted on a prospective basis. A copy of the cost allocation plan is kept on file at the City. Individual City departments' indirect cost rates for 2011 have been prepared on a consistent basis, certified by responsible City officials, and retained in City files for use in charging federal and other programs in accordance with OMB Circular A-87.

NOTE 3 – NONCASH AWARDS

Certain federal financial assistance programs do not involve cash awards to the City. These programs include providing the City with loan guarantees, vaccines, personnel, travel, and vouchers. Such noncash awards applicable to the year ended December 31, 2011, are as follows:

- U.S. Department of Housing and Urban Development-Loan Guarantees;
 - CFDA No. 14.221: Balance of loans is: \$4,732,613. Section 119 of the Housing and Community Development Act of 1974 established the Urban Development Action Grant Program (UDAG). This program was created to assist cities and urban counties experiencing severe economic stress. Grants were made to local governments who used the funds to make loans to private developers for commercial, residential, or industrial projects in order to stimulate economic development necessary for local economic recovery. The federal program no longer exists; however, revenue from repayment of the UDAG loans can currently be used to fund CDBGeligible activities, including economic development loans. At December 31, 2011, the outstanding balance of the loans made by the City totals \$4,732,613.

U.S. Department of Housing and Urban Development-Section 108 Loans;

CFDA No. 14.248: Balance of loans at December 31, 2011 for which the federal government is at risk: \$28,170,000.

Note Amount	Note Number	Note Date	Loan Balance
\$10,885,000	B-96-MC-17-0006	6/12/2008	\$ 7,820,000
\$ 6,835,000	B-98-MC-17-0006	6/12/2008	\$ 5,350,000
\$15,000,000	B-10-MC-17-0006	11/17/2011	\$15,000,000

U.S. Department of Health and Human Services;

CFDA No. 93.116: Personnel valued at \$143,324 CFDA No. 93.268: Vaccines valued at \$47,361,770 and personnel valued at \$229,563 CFDA No. 93.977: Personnel valued at \$1,197,425

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For the Year Ended December 31, 2011

NOTE 3 – NONCASH AWARDS (cont.)

U.S. Department of Agriculture;

CFDA No. 10.557: The Illinois Department of Public Health provides vouchers to WIC program participants for the purchase of nutritional commodities: Fiscal year 2011 vouchers totaled \$7,506,045.

The City of Chicago had no non cash federally-funded insurance in effect during 2011.

NOTE 4 – PRIOR PERIOD FEDERAL EXPENDITURES

The City of Chicago is the recipient of various grant programs funded by the U.S. Department of Health and Human Services and passed through the Illinois Department of Human Services (IDHS). In accounting for the federal and non federal expenditure allocations related to this funding, estimates are made based on confirmations of federal funds received from the pass through agency.

In the FY2009 SEFA, expenditures for \$80,123 were reallocated from CFDA 93.558, the Healthy Families grant L11GL087400 and were recorded as non federal expenditures. These expenditures were subsequently determined to be federal pass through and are noted herein.

In relation to the FY2010 SEFA omission of Child Care Cluster expenditures (93.575/93.596-Obligation number 081WL552000), the amount of \$16,739,964 was subsequently determined to be federal funding based on additional confirmation received from the pass through agency subsequent to the SEFA issuance and initial IDHS notification and correspondence identifying the City of Chicago's site administered contract as 100% state funded.

Additional expenditures reported under CFDA 93.575 in the 2010 SEFA for the Healthy Child –IDHS pass through program were underreported and identified as non federal expenditures based on estimated allocations. The reported amount of \$26,713 should have been \$39,870. The balance of the program funding was expended in 2011 and is reported as \$1,226 in the 2011 SEFA.

For FY 2011 the City continues to report federal/state blended amounts in the SEFA based on confirmations received from the IDHS pass through agency. Due to the variance between the pass through agency reporting period and the City's reporting period reconciliation of estimates may result. The 2011 SEFA includes \$713,790 in federal expenditures for CFDA 93.575 as confirmed by the pass through agency, IDHS, as of February 27, 2012 for the funding period July 1, 2011 through June 30, 2012. Final confirmation from the pass through agency of 93.575/93.596 federal expenditures for this period are not expected prior to submission of the 2011 SEFA and will be noted in the City of Chicago 2012 Single Audit Report.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Honorable Rahm Emanuel, Mayor, and the Members of the City Council City of Chicago Chicago, Illinois

Compliance

We have audited the City of Chicago, Illinois' compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of the City of Chicago's major federal programs for the year ended December 31, 2011. The City of Chicago's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City of Chicago's management. Our responsibility is to express an opinion on the City of Chicago's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Chicago's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Chicago's compliance with those requirements.

In our opinion, the City of Chicago complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2011. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as Findings 2011-4, 2011-6, 2011-7, 2011-9, 2011-10, 2011-11, 2011-12, 2011-14, 2011-15, 2011-16, 2011-17, 2011-18, 2011-19, and 2011-20.

To the Honorable Rahm Emanuel, Mayor, and the Members of the City Council City of Chicago

Internal Control Over Compliance

Management of the City of Chicago is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City of Chicago's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Chicago's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies as described in the accompanying schedule of findings and questioned costs as Findings 2011-4, 2011-5, 2011-7, 2011-8, 2011-10, 2011-11, 2011-13, 2011-14, 2011-15, and 2011-19. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

The City of Chicago's responses to the findings identified in our audit are referenced in the accompanying schedule of findings and questioned costs. We did not audit the City of Chicago's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of the Mayor, members of the City Council, management of the City, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Baker Tilly Virchow Krause, UP

SECTION II – FINANCIAL STATEMENT FINDINGS

See findings 2011-1, 2011-2, and 2011-3 in the separate bound report titled "Basic Financial Statements as of and for the Year Ended December 31, 2011, Independent Auditors' Report, and Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based Upon an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* for the Year Ended December 31, 2011."

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS

Finding 2011-4	
CFDA Nos.	10.557 Special Supplemental Nutrition Program for Women, Infants, & Children
	93.268 Immunization Grants
	93.994 Maternal and Child Health Services Block Grant
	93.069 Bioterrorism Public Health Preparedness & Public Health Emergency Response
Federal Agencies	Department of Agriculture Department of Health and Human Services
Pass Through Agency	Illinois Department of Human Services (programs 10.557 and 93.994)
City Department	Chicago Department of Public Health

Repeat of prior year finding 2010-8

Criteria: Payroll expenditures must be recorded in the City's financial records in accordance with OMB Circular A-87. Additionally, payroll charges must be supported by the documentation required by OMB Circular A-87. When employees work on one sole federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employees worked solely on that program for the period covered by the certification. These certifications must be prepared at least semi-annually and must be signed by the employee or supervisory official having first-hand knowledge of the work performed by employees. When employees work on multiple activities or cost objectives, a distribution of their salaries or wages will be supported by personnel activity reports or equivalent documentation. This activity must reflect an after-the-fact distribution, must account for the total activity for each employee, must be prepared at least monthly and coincide with one or more pay periods, and must be signed by the employee.

Condition: During our testing, we found deficiencies with the City's compliance with OMB Circular A-87:

- If employees are charged to one sole federal program, they should sign semi-annual certification forms. During our testing of Chicago Department of Public Health programs, the Department was unable to produce semi-annual certification forms for 4 of the payroll charges selected in our samples.
- > When employees are charged to multiple grants, the Department does not prepare personnel activity reports. Instead, each employee completes only the semi-annual certification form, which does not meet the requirements of OMB Circular A-87.
- > In one instance, the employee's certification form did not reconcile to the amount reported as a program expenditure.

Effect: It is possible that actual distributions of the employees' time was different than what was charged to the federal program.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-4 (cont.)

Questioned Costs: Unable to be determined

Cause: The cause is unknown.

Recommendation: The City should review its overall process for charging salaries and wages to federal grants. Consideration may be given to the capabilities of the payroll system and City-wide policies regarding salary certification forms and departmental responsibilities for supporting allocations among multiple activities.

Views of Responsible Officials: See Corrective Action Plan.

Finding 2011-5

CFDA Nos.	14.241 Housing Opportunities for Persons with AIDS
	93.889 Bioterrorism Hospital Preparedness Program
	93.268 Immunization Grants
	93.069 Bioterrorism Public Health Preparedness & Public Health Emergency Response
Federal Agencies	Department of Housing and Urban Development Department of Health and Human Services
Pass Through Agency	N/A
City Department	Chicago Department of Public Health

Criteria: According to OMB guidance in 2 CFR section 180, before contracting with a delegate agency, the City must determine that the agency was not suspended or debarred. Effective internal controls include documentation of this determination.

Condition: The delegate agency procurement files include checklists which contain items the City must consider when approving a contract award to a delegate agency. In prior years, we noted that a field was included in the checklist to indicate that the procurement officer had determined that the agency was not suspended or debarred. However, in 2011, we noted that this field was not included in the procurement checklist for delegate agency contract awards funded by the programs listed above, and therefore, we cannot determine that this control procedure was performed before the award was made to the delegate agency.

Effect: We are unable to view evidence that the City determined if the delegate agencies were suspended or debarred prior to contract award.

Questioned Costs: None

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-5 (cont.)

Cause: The City modified its delegate agency contracting checklist and inadvertently removed this field.

Recommendation: We recommend the City add this field to the procurement checklist, or maintain another form of file documentation that this control procedure was performed.

Views of Responsible Officials: See Corrective Action Plan.

Finding 2011-6

CFDA No.	93.069 Public Health Emergency Preparedness
Federal Agency	Department of Health and Human Services
Pass Through Agency	N/A
City Department	Chicago Department of Public Health

Criteria: The A-102 Common Rule identifies specific requirements for equipment acquired under federal awards. These requirements include that equipment records shall be maintained, a physical inventory of equipment shall be taken at least once every two years and reconciled to the equipment records, an appropriate control system shall be used to safeguard equipment, and equipment shall be adequately maintained.

Condition: As part of our audit, we tested that the inventory records for the above mentioned program were properly updated for 2011 activity. We discovered that an inventory item was purchased with federal awards in 2011 in the amount of \$52,500, but omitted from the 2011 inventory listing.

Effect: The 2011 inventory record was misstated.

Questioned Costs: None

Cause: The calendar year audit cutoff and the program mid-year cutoff resulted in the timing differences in the equipment records.

Recommendation: We recommend that the Department review its inventory procedures and controls to ensure the inventory list is complete and accurate.

Views of Responsible Officials: See Corrective Action Plan.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-7	
CFDA Nos.	93.116 Project Grants and Cooperative Agreements for Tuberculosis Control Programs
	93.283 Centers for Disease Control and Prevention – Investigations and Technical Assistance
	93.914 HIV Emergency Relief Project Grants
Federal Agency	Department of Health and Human Services
Pass-through Agencies	Illinois Department of Public Health Task Force for Global Health Inc.
City Department	Chicago Department of Public Health

Repeat of prior year finding 2010-16

Criteria: OMB Circular A-133, Section 400 (d) identifies the responsibilities of pass-through entities. These responsibilities include ensuring that subrecipients expending \$500,000 or more in federal awards during the subrecipient's fiscal year have met the audit requirements for that fiscal year and issuing a management decision on audit findings within six months after receipt of the subrecipient's audit report to ensure that the subrecipient takes appropriate and timely corrective action.

Condition: The City of Chicago Office of Compliance is responsible for conducting an initial review of A-133 reports submitted by subrecipients (delegate agencies). The Office of Compliance notifies City departments via written communications when there are findings or other matters noted in those reports that could warrant a management decision by the granting department. During 2011, we noted that the Department of Public Health did not appropriately address or respond to two communications where the Office of Compliance was recommending issuance of a management decision. We selected a sample of 40 subrecipients across all City departments and noted that two subrecipients of the department required additional follow-up as communicated by the Office of Compliance. As noted above, the department had no evidence that any follow-up was completed or management decisions issued in regards to both communications received from the Office of Compliance.

Effect: There is the potential that noncompliance by subrecipients is occurring and is not adequately addressed or resolved by the granting department.

Questioned Costs: Unable to be determined

Cause: It was noted by the Department that the communications from the Office of Compliance likely did not reach specific program personnel who would be responsible for follow-up procedures with the subrecipient.

Recommendation: We recommend the Department develop workflow steps that address the tasks to appropriately respond to communications regarding potential subrecipient noncompliance received from the Office of Compliance.

Views of Responsible Officials: See Corrective Action Plan.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-8	
CFDA No.	16.738 Edward Byrne Memorial Justice Assistance Grant Program
Federal Agency	Department of Justice
Pass-through Agency	N/A
City Department	Chicago Police Department, Chicago Department of Finance

Criteria: The A-102 Common Rule and Code of Federal Regulations require that non-federal entities receiving federal awards establish and maintain internal control designed to reasonably ensure compliance with federal laws, regulations, and program compliance requirements. To minimize the risk of errors, internal controls should be in place for all program compliance requirements, including the appropriate review and approval of disbursements to ensure they are allowable under the program.

Condition: During our testing of the Justice Assistance Grant (JAG), we found one invoice that did not contain evidence of proper review and approval of expenditures charged to the program.

Effect: Lack of effective internal controls in the disbursements function could result in unallowable costs charged to the program.

Questioned Costs: None

Cause: The invoice cited was paid through a new centralized invoice processing function at the City, and the necessary approvals were not evidenced for this transaction.

Recommendation: The City should review its control procedures to ensure that all invoices are being reviewed and approved prior to payment.

Views of Responsible Officials: See Corrective Action Plan.

Finding 2011-9

CFDA No.	97.113 Rail and Transit Security Grant Program (Recovery Act Funded)
Federal Agency	Department of Homeland Security
Pass-through Agency	Chicago Transit Authority
City Department	Chicago Police Department

Repeat of prior year finding 2010-17

Criteria: The Intergovernmental Cooperation Agreement between the Chicago Transit Authority and the City of Chicago requires the Chicago Police Department to submit quarterly fiscal reports for each of the grant awards, due 15 days after each period ends.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-9 (cont.)

Condition: During a follow-up to our prior year program testing, it was noted that quarterly reports were not being submitted within 15 days of year end, as required by the City's agreement with the Chicago Transit Authority. It is our understanding that the City implemented these requirements starting in January 2012.

Effect: The Department is not in compliance with the Intergovernmental Cooperation Agreements with the Chicago Transit Authority.

Questioned Costs: None

Cause: The Department was previously unaware of filing requirements, but began filing as soon as possible after the finding was reported in the 2010 single audit.

Recommendation: The Department should strengthen existing policies and procedures surrounding reporting to ensure compliance with federal requirements.

Views of Responsible Officials: See Corrective Action Plan.

Finding 2011-10

CFDA Nos.	14.231 Emergency Shelter Grant
	17.259 Workforce Investment Act Youth Activities (including Recovery Act Funding)
	93.569 Community Services Block Grant
	93.600 Head Start
Federal Agencies	Department of Housing and Urban Development Department of Labor Department of Health and Human Services
Pass-through Agency	Illinois Department of Commerce and Economic Opportunity (programs 17.259 and 93.569)
City Department	Chicago Department of Family and Support Services

Criteria: Payroll expenditures must be recorded in the City's financial records in accordance with OMB Circular A-87. Additionally, payroll charges must be supported by the documentation required by OMB Circular A-87. When employees work on one sole federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employees worked solely on that program for the period covered by the certification. These certifications must be prepared at least semi-annually and must be signed by the employee or supervisory official having first-hand knowledge of the

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III - FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-10 (cont.)

Criteria (cont): work performed by employees. When employees work on multiple activities or cost objectives, a distribution of their salaries or wages will be supported by personnel activity reports or equivalent documentation. This activity must reflect an after-the-fact distribution, must account for the total activity for each employee, must be prepared at least monthly and coincide with one or more pay periods, and must be signed by the employee.

Conditions: During our testing, we noted the following deficiencies in the Department's compliance with A-87 requirements:

- > There was one instance where the Department was unable to provide an approved time sheet for one employee (93.569 Community Services Block Grant).
- > When employees were charged to multiple grants, the Department was unable to provide an after-the-fact personnel activity report supporting the wage distribution for three employees (17.259 Workforce Investment Act Youth Activities, 93.569 Community Services Block Grant, and 93.600 Head Start).
- We noted three instances in which the grant certification forms for the employee being charged to the grant indicated that the employee was to be charged to a different grant (14.231 Emergency Shelter Grant and 17.259 WIA Youth Activities).
- > We noted two instances in which the department was unable to provide semi-annual certification forms for employees charged to the grant (17.259 WIA Youth Activities)

Effect: It is possible that actual distributions of the employees' time was different than what was charged to the federal program.

Questioned Costs: Unable to be determined

Cause: The cause is unknown.

Recommendation: The City should review its overall process for charging salaries and wages to federal grants. Consideration may be given to the capabilities of the payroll system and City-wide policies regarding salary certification forms and departmental responsibilities for supporting allocations among multiple activities.

Finding 2011-11	
CFDA No.	20.106 Airport Improvement Program
Federal Agency	Department of Transportation
Pass-through Agency	Not Applicable
City Department	Chicago Department of Aviation

Repeat of prior year finding 2010-23

Criteria: The A-102 Common Rule requires federal agencies to evaluate program performance and financial reports on at least an annual basis. Financial reporting requirements of the program subject to audit are specified in the OMB Circular A-133 Compliance Supplement Part IV. These requirements indicate that the SF-425, Federal Financial Report should be completed and submitted by the City on a quarterly basis. The reports should also be supported by reliable financial data.

Condition: For the calendar year 2011 grant activity, the City did not file the first quarter SF-425, Federal Financial Report for the Airport Improvement Program. This report was filed for the second, third, and fourth quarters as required, however, some of the data reported was not able to be reconciled to supporting documentation.

Effect: The grantor did not receive accurate financial information that is necessary to comply with the A-102 Common Rule.

Questioned Costs: None

Cause: Department of Aviation personnel were not aware of the filing requirements related to this report until 2011.

Recommendation: We recommend the Department of Aviation monitor reporting requirements and develop standard reporting procedures to ensure compliance with federal regulations and accuracy of the reports.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-12	
CFDA Nos.	93.569 Community Services Block Grant
	14.218 Community Development Block Grant
Federal Agencies	U.S. Department of Health and Human Services U.S. Department of Housing and Urban Development
Pass-through Agency	Illinois Department of Commerce and Economic Opportunity (program 93.569)
City Department	Chicago Department of Procurement Services

Criteria: OMB Circular A-102 and 29 CFR Subtitle A Section 97.36 Procurement, Procurement Standards, indicates that grantees and sub-grantees will maintain records sufficient to detail the significant history of procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection and the basis for the contract price.

Condition: We tested 34 contract files with active 2011 expenditures and found two contract files that did not contain all the necessary elements to verify the procurement standards had been met. The missing information included the award checklist for contracts, bid proposal tabulation summary, evaluation committee summary, legal advertisement request form, and specification take out list. The contracts that did not contain all of the necessary documentation were contracts dating back to the 1990's.

Effect: Lack of documentation limits the City's ability to demonstrate compliance with federal procurement requirements.

Questioned Costs: None

Cause: The City's contracted storage provider destroyed documents in the contract files due to the age of the files, however, these contracts are still active.

Recommendation: The City should maintain procurement documentation, including support for the original bidding process, until after the contract is complete and appropriate record retention policies have expired. In addition, the City may benefit from communications with the storage contractor to ensure files relating to federal awards are not prematurely destroyed.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-13	
CFDA Nos.	Not Applicable
Federal Agency	Not Applicable
Pass-through Agency	Not Applicable
City Department	Chicago Department of Finance

Repeat of prior year finding 2010-28

Criteria: Sufficient internal controls should be in place and operating effectively to ensure transactions are recorded in the proper accounting period. The Schedule of Expenditures of Federal Awards (SEFA) should include only federal expenditures related to the City's fiscal year ended December 31, 2011.

Condition: During our audit of major programs, we identified federal expenditures that were recorded in the current fiscal year, but were incurred in a different fiscal year. In other instances, federal expenditures were incurred during the current fiscal year, but were recorded in a different fiscal year. Cutoff errors were accumulated across all major programs and cross-cut testing. The total of all cutoff errors identified was not material to the SEFA.

Effect: The SEFA may not properly reflect federal award expenditures for the City's year ended December 31, 2011.

Questioned Costs: None

Cause: The cause is unknown.

Recommendation: The City should review the internal controls over the year end cutoff and reporting process to ensure that expenditures are reported in the proper accounting period.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-14	
CFDA No.	14.218 Community Development Block Grants/Entitlement Grants
Federal Agency	U.S. Department of Housing and Urban Development
Pass-through Agency	Not Applicable
City Departments	Chicago Mayor's Office for People with Disabilities Chicago Department of Buildings

Criteria: Payroll expenditures must be recorded in the City's financial records in accordance with OMB Circular A-87. Additionally, payroll charges must be supported by the documentation required by OMB Circular A-87. When employees work on one sole federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employees worked solely on that program for the period covered by the certification. These certifications must be prepared at least semi-annually and must be signed by the employees work on multiple activities or cost objectives, a distribution of their salaries or wages will be supported by personnel activity reports or equivalent documentation. This activity must reflect an after-the-fact distribution, must account for the total activity for each employee, must be prepared at least monthly and coincide with one or more pay periods, and must be signed by the employee.

Condition: Two of the employees selected for testing did not complete either a semi-annual certification or a personnel activity report to document actual time spent on grant activities.

Effect: It is possible that actual distribution of the employee's time was different than what was charged to the federal program.

Questioned Costs: None

Cause: The cause is unknown.

Recommendation: The City should review its overall process for charging salaries and wages to federal grants. Consideration may be given to the capabilities of the payroll system and City-wide policies regarding salary certification forms and departmental responsibilities for supporting allocations among multiple activities.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-15	
CFDA No.	14.253 Community Development Block Grant ARRA Entitlement Grants (CDBG-R) (Recovery Act Funded)
Federal Agency	U.S. Department of Housing and Urban Development
Pass-through Agency	Not Applicable
City Department	Chicago Department of Housing and Economic Development

Repeat of prior year finding 2010-27

Criteria: According to part 24 CFR Section 85.40(a), grantees are responsible for managing the day-today operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.

Condition: It is the Department's general practice to monitor subrecipients from both a fiscal and programmatic perspective on an annual basis and document those results. During our audit, we noted that programmatic monitoring for two subrecipients receiving CDBG-R funds was completed, however, there was no checklist used to document the items reviewed and the conclusions made.

We tested during-the-award monitoring for 40 subrecipients of CDBG and CDBG-R funds across relevant City departments. Two of those subrecipients received CDBG-R funds from the Department of Housing and Economic Development.

Effect: A lack of documentation in relation to programmatic monitoring provides no evidence of the information reviewed, conclusions made, and necessary follow-up with the agency.

Questioned Costs: None

Cause: The cause is unknown.

Recommendation: The Department should review its policy regarding subrecipient monitoring, specifically site visits, to determine appropriateness for the Department as well as its grantors. That policy should address items such as frequency, documentation requirements, and usage of standardized checklists to ensure monitoring is completed consistently across the Department and its grants.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-16	
CFDA No.	14.256 Neighborhood Stabilization Program (Recovery Act Funded)
Federal Agency	U.S. Department of Housing and Urban Development
Pass-through Agency	Not Applicable
City Department	Chicago Department of Housing and Economic Development

Criteria: Section 1512 of the American Recovery and Reinvestment Act (ARRA) requires recipients of ARRA funding to prepare quarterly reports. Key elements required to be reported include total amount of funds received and spent on projects and activities, a description of the project and activities funded along with completion status and estimates on jobs created or retained, and details on sub-awards and other payments.

Condition: During our audit, we noted that the quarterly reports required under Section 1512 of ARRA did not present accurate expenditure data, reimbursement data, or sub-award data. Due to a timing difference between the subrecipient's expenditures and when reimbursements are made to the subrecipient, expenditures reported by the subrecipient, and subsequently reported by the City in the ARRA reports, are not connected directly with the City's own expenditures. In addition, the City incurred indirect and administrative costs that were not reported at all. Expenditures and reimbursements from the grantor should be reported on a cumulative basis whereas the City reported expenditures incurred by the subrecipient for the respective quarter only. Sub-award payments were not updated on a quarterly basis.

Effect: Information reported to the federal government for this grant was not accurate according to ARRA reporting requirements.

Questioned Costs: None

Cause: City personnel relied on financial information provided by the subrecipient to complete the reporting; however, this information is not reconciled to the City's own financial data.

Recommendation: We recommend that City personnel responsible for preparing the reports review the ARRA requirements to determine the appropriate information to accumulate and report. The City may also explore correcting the reports already submitted.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-17	
CFDA No.	81.128 Energy Efficiency and Conservation Block Grant (Recovery Act Funded)
Federal Agency	U.S. Department of Energy
Pass-through Agency	Not Applicable
City Department	Chicago Department of Fleet and Facility Management

Criteria: The A-102 Common Rule identifies specific requirements for equipment acquired under federal awards. These requirements include that equipment records shall be maintained, a physical inventory of equipment shall be taken at least once every two years and reconciled to the equipment records, an appropriate control system shall be used to safeguard equipment, and equipment shall be adequately maintained.

Condition: The Department of General Services is not currently maintaining the appropriate records for equipment acquired through this grant as required by the A-102 Common Rule. The types of equipment acquired with federal funds generally include lighting and heating units installed in city-owned buildings.

Effect: There is no formal record of equipment acquired with grant funds.

Questioned Costs: None

Cause: The department acquiring the equipment does not have a formal equipment tracking mechanism in place.

Recommendation: We recommend that the department develop a system for tracking equipment acquired with federal funds to ensure compliance with federal and grant requirements.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-18	
CFDA No.	81.128 Energy Efficiency and Conservation Block Grant (Recovery Act Funded)
Federal Agency	U.S. Department of Energy
Pass-through Agency	Not Applicable
City Department	Chicago Department of Budget and Management

Criteria: The A-102 Common Rule requires federal agencies to evaluate program performance and financial reports on at least an annual basis. Financial reporting requirements of the program subject to audit are specified in the OMB Circular A-133 Compliance Supplement Part IV. These requirements indicate that the SF-425, Federal Financial Report should be completed and submitted by the City on a quarterly basis. The SF-425 report is due within 30 days of the end of the quarter.

Condition: The second quarter SF-425 report for calendar year 2011 was not submitted by the reporting deadline. We selected two quarters in 2011 for testing. The other report was submitted by the deadline. The second quarter report was submitted 10 days subsequent to the deadline.

Effect: Financial information was not reported according to the deadline imposed by the grantor.

Questioned Costs: None

Cause: According to City personnel, the report was submitted late after a transition in the reporting responsibilities of this grant to another department.

Recommendation: We recommend implementation of controls and procedures to ensure that reports are filed by the deadlines imposed.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-19	
CFDA No.	14.248 Section 108 Loan Guarantee
Federal Agency	U.S. Department of Housing and Urban Development
Pass-through Agency	Not Applicable
City Department	Chicago Department of Housing and Economic Development

Criteria: Per the Loan Guarantee Contract between the Department of Housing and Urban Development (HUD) and the City of Chicago - Part II, 1, (b): " The Borrower [City of Chicago] shall by the fifteenth day of each month provide the Secretary [HUD] with a written statement showing the balance of funds in the Guaranteed Loan Funds Account and the withdrawals from such account during the preceding calendar month, and a statement identifying the obligations and their assignments in the Guaranteed Loan Funds Investment Account."

Per the Loan Guarantee Contract between HUD and the City of Chicago - Part II, 6, (b): "The Borrower [City of Chicago] shall by the fifteenth day of each month provide the Secretary [HUD] with a written statement showing the balance of funds in the Loan Repayment Account and the deposits and withdrawals of all funds in such account during the preceding calendar month and a statement identifying the obligations and their assignments in the Loan Repayment Investment Account."

Condition: The City did not have controls in place to identify and monitor reporting requirements and did not comply with reporting requirements which were stated in the Loan Guarantee Contract between HUD and the City. Neither of the above reports were submitted to HUD.

Effect: The City was not in compliance with the grant terms. In addition, this reporting requirement helps the City keep track of the loan's balance on a month to month basis. Per the Loan Guarantee Contract, the City needs to disburse this money within the period of availability or they must transfer the remaining amount to the Loan Repayment Account. Complying with the monthly reporting requirements helps the City ensure that they are also in compliance with their period of availability requirements.

Questioned Costs: None

Cause: The City was not aware of the reporting requirements.

Recommendation: The Department of Housing and Economic Development should develop controls to ensure that they are in compliance with all components of their grant agreements and the City should prepare the monthly reports required by the Loan Guarantee Contract.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS For the Year Ended December 31, 2011

SECTION III – FEDERAL FINDINGS AND QUESTIONED COSTS (cont.)

Finding 2011-20	
CFDA No.	14.248 Section 108 Loan Guarantee
Federal Agency	U.S. Department of Housing and Urban Development
Pass-through Agency	Not Applicable
City Department	Chicago Department of Housing and Economic Development

Criteria: Per the Loan Guarantee Contract between HUD and the City of Chicago - Part II, 1, the Ioan funds are required to be deposited in a separate, identifiable account (the "Guaranteed Loan Funds Account") with a financial institution whose deposits or accounts are Federally insured." Per OMB Circular 87 cash management requirements, any interest earned on the advancement of federal funds should be returned to the awarding agency.

Condition: The City was unable to provide documentation proving the Guaranteed Loan Funds are electronically transferred in a separately identifiable account. Additionally, the City acknowledged that the funds are held in an interest bearing account but was unable to provide documentation of tracking of interest earned on the deposited funds.

Effect: Interest earned on deposited funds is required to be transferred to the loan reserve account. The City is potentially not in compliance with this requirement and the grant agreement.

Questioned Costs: None

Cause: The City was not aware of the cash management requirements.

Recommendation: We recommend that the City implement controls to track interest earned on the funds, return any interest earned on the funds to HUD and separate the funds as required by the Loan Guarantee Contract.

CITY OF CHICAGO, ILLINOIS CORRECTIVE ACTION PLAN YEAR ENDED DECEMBER 31, 2011

DEPARTMENT OF FINANCE

CITY OF CHICAGO

CORRECTIVE ACTION PLAN Year Ended December 31, 2011

See the views of responsible officials for findings 2011-1, 2011-2, and 2011-3 in the separate bound report titled "Basic Financial Statements as of and for the Year Ended December 31, 2011, Independent Auditors' Report, and Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based Upon an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* for the Year Ended December 31, 2011."

FINDING 2011-4

As part of a citywide initiative, the Chicago Department of Public Health (CDPH), in conjunction with the Department of Innovation and Technology, is developing an online reporting tool that will allow for the daily tracking of time and effort. Employees paid across multiple funding sources will enter actual hours worked daily on identified cost objectives. Supervisors/managers will verify employees' actions by reviewing/approving time submitted electronically. The CDPH Finance Unit will reconcile effort against payroll data to ensure that actual effort matches budgeted salary distribution on a quarterly basis. Adjustments will be made through journal vouchers with the Comptroller's payroll office. Additionally, variances will be shared with the Grants Development unit in CDPH in the event that there are significant differences that need to be reported to the funding agencies and/or require budget revisions.

This system will then be used to biannually generate accurate A87 forms, pre-populated based on actual time/effort entered from the previous 6 months. Employees will certify the effort on the A87s, which will then be verified by the manager.

A committee within CDPH was formed in April 2012 to bring the Department into compliance with the A87 requirement through a cost allocation plan that includes training, development of tools/resources, refinement of systems, an adequate reconciliation process to substantiate all salary redistributions, and proper tracking documentation of salary transfers. To date, four trainings have been conducted with managers/supervisors to define/illustrate effort report/cost sharing and to discuss cost allocation principles has defined by OMB circulars. The Department's intent is to implement the newly created online daily time tracking tool in the third quarter of the 2012 calendar year. This will require training for the 44 staff currently allocated across more than one funding source, along with their supervisors, to use the system, and preparing a training guide for Frequently Asked Questions.

FINDING 2011-5

When a contract is initially awarded to a delegate agency, CDPH holds a "round table" meeting with the delegate agency to collect and review the contract documents. Included in the documents submitted is the contract agreement which indicates the delegate agency's DUNS number and official name. Written contract policies and procedures are being developed which will make it mandatory that the Contracts Unit confirms the completion of these fields during the round table. The DUNS number will be used by the Contracts Unit to verify that the delegate agency is not listed as a suspended or debarred entity with the Federal government and has an "active" status on the Central Contract Registration (CCR) system. The Contracts Unit will also be required to check the City's Department of Procurement Services' (DPS') website to determine if the delegate agency is listed on the City's debarred firms and individuals list (see link below).

http://www.cityofchicago.org/city/en/depts/dps/provdrs/comp/svcs/debarred_firms_list.html

Included in the pending written policies and procedures will be the Contracts Unit's use of a revised checklist that requires them to verify in the CCR system and on the DPS' website that they have been checked for the delegate agency's good standing. The Contracts Unit will also be required to place a copy of the delegate agency's CCR printout in the contract folder. When the contract folder is forwarded to the CDPH manager who confirms the completeness of the contract information prior to submission to the Comptroller's Office for final processing through the City's delegate agency contracting system, EDGE, the CDPH manager's checklist will include a task whereby they confirm the CCR printout is included in the folder. If it is not, the contract will be rejected and returned to the Contracts Unit until a copy is included.

If information from the CCR indicates that the delegate agency is not active or they cannot be found in CCR, the awarding CDPH program will be required to follow-up with the delegate agency to determine the reason, and further contract processing will be placed on hold until the delegate agency's status has changed to active. If not corrected within a reasonable amount of time, CDPH will make a determination whether the award will be withdrawn and notify the delegate agency accordingly.

For contracts that cover multiple years in which subsequent awards are released annually, the pending written contract policies and procedures will require that the CDPH Contracts Unit re-check the delegate agency's good standing in the CCR system and on the City's DPS debarred firms and individuals list, as a delegate agency's status can change over time.

(IMPORTANT NOTE: CCR is expected to be replaced by SAM - The System for Award Management (SAM) – at the end of July. SAM is combining eight federal procurement systems and the Catalog of Federal Domestic Assistance into one new system. Information currently in CCR will be migrated to SAM.)

FINDING 2011-6

CDPH agrees that this item was not in the inventory – this was an oversight that was recognized as the documentation was pulled for the auditors and corrected the same day it was discovered. It must be noted that, although this oversight existed at the time of the audit, it would likely have been caught and corrected before the end of the grant period (August 9, 2012) during a required review of equipment purchased during the grant year. With the assignment of a 0.5 FTE to review purchased equipment, the Program will augment inventory control activity.

FINDING 2011-7

The CDPH Finance and Administration Bureau and the Risk Management Bureau's Compliance Unit will work with the Programs to develop department-wide policies and procedures that outline Program delegate agency post-site visit follow-up activities. The Compliance Unit will develop its own policies and procedures to be followed when it conducts its delegate agency site visits which will be prioritized based on: (1) the date of the last Program site visit; (2) the score from the last Program site visit and type of deficiency noted; (3) any single audit deficiencies noted and type; and (3) length of time the delegate agency has been affiliated with CDPH; and (4) performance measures. Both the Program and Compliance Unit policies and procedures will designate the timeframes required for delegate agencies to respond to findings and consequences for lack of compliance with the requirements, up to and including suspension of funding. The department-wide policies and procedures will also require that the Programs establish an annual site visit calendar.

The Programs will also be required to submit their site visit findings to the CDPH Compliance Unit for those delegate agencies with unacceptable scores. The Compliance Unit will place these agencies on the Compliance Unit's site visit schedule in the years when the Program is not scheduled to conduct a site visit.

FINDING 2011-8

Currently, the Department of Finance, Comptroller's Office requires account technicians and auditors to initial any invoice that they enter into the FMPS system and to initial any voucher that they approve for payment. This requirement was implemented on 07/05/2011 by the Deputy Comptroller in Cash Management.

The initialing of vouchers for payment is typically done by the Central Invoice Processing Unit in Cash Management. There are six (6) Central Voucher Coordinators who enter invoices. The supervisor of that CIP unit will be responsible for monitoring adherence to this requirement. The Deputy Comptroller may also sample randomly selected payments to be sure that the approved vouchers were initialed and that the supervisor is monitoring compliance.

FINDING 2011-9

To ensure compliance with submitting the quarterly fiscal reports for each Transit Security Grant Program, this responsibility was redistributed from one individual to four individuals in the Chicago Police Department Finance Division. One Finance staff member has been assigned to one of the four Transit Security Grant Programs to prepare and submit the fiscals. This redistribution allows sufficient time for each staff member to meet the 15 day due date after each period.

FINDING 2011-10

DFSS will review its overall process for charging salaries and wages to federal grants to ensure that the costs charged are consistent with supporting documentation such as the A-87 certifications and personnel activity reports. The Director of Fiscal Compliance will compare the allocations charged with the support documentation every six months to verify accuracy and to identify any discrepancies. The anticipated date of completion for the first six months of 2012 is October, 2012.

FINDING 2011-11

The SF-425, Federal Financial Report is now filed on a quarterly basis with the Federal Aviation Administration. The practice of timely filing this report began in the second quarter of 2011. An internal report is being prepared for reconciliation purposes.

FINDING 2011-12

The Department of Procurement Services continues to remain diligent in its pursuit of implementing all necessary processes and procedures required to preserve and maintain the integrity of all contract-related files. Ongoing success of these efforts was evidenced pursuant to the 2010 Single Audit that had no related findings.

Two contract files were found to have deficiencies per the 2011 audit. The first was inadvertently destroyed over five years ago, prior to many of the control procedures that have been implemented since this occurrence. DPS is now implementing an additional protective measure, in which the Department of Procurement Services (DPS) Attorney overseeing contract disputes and related issues will be the only person capable of signing off on a certificate of destruction for any contract. This will include review of the file, current contract status and any possible outstanding issues that might dictate preservation of the contract file. Further, it will be the policy of DPS not to destroy any contract file for a minimum of two years after the contract's formal expiration date. DPS attorney will immediate consult the Chief Procurement Officer regarding any outstanding or mitigating issues prior to destruction of any contract file. These new procedures are effective immediately.

DPS continues to attempt to locate the second incomplete contract file; however, as a further precaution, DPS, under the direction of the First Deputy Commissioner, will also tighten the processes for removal, use and return of contracts from storage, both in-house and off-site. Under the First Deputy's supervision, three individuals will perform related functions as contract file administrators and will serve as gatekeepers to all stored contract files. A new form will be required as part of the process for requesting a contract file and that should ensure its safe and timely return to the place of storage. This form/process will be implemented by August 1, 2012.

Further plans to scan all "working files" (award letters, bid tabs, etc.) at the time of award (for all new contracts) are currently being formulated; this procedure will create an electronic version of all contract award/processing related documentation that can serve as a back-up to the actual master file. The scanned files will be maintained indefinitely on a "shared drive" on the DPS server. This procedure is anticipated to be implemented by October 2012.

Procurement Services remains vigilant in the proper processing and management of all contract files and will continue to review procedures and incorporate technological advances to refine and perfect its record-keeping operations.

FINDING 2011-13

The City continues to make improvements to its Centralized Invoicing Process (CIP) in order to increase its compliance with GAAP. 100% compliance remains a goal for the City, in addition to providing additional training for departmental finance officers and stricter enforcement of cut-off policies and procedures.

FINDING 2011-14

The City is in the process of reviewing its overall process for charging salaries and wages to federal grants. In January of 2012, the City's Office of Budget and Management (OBM) issued a policy that requires all grant funded personnel to keep Personnel Activity Reports. However, because of the magnitude of the City's program administration additional processes must be implemented to ensure compliance. OBM has formed a working group to design an electronic PAR system. The team has generated an official proposal and has begun implementing a pilot with the Chicago Department of Public Health (CDPH) being the first departmental user. The pilot is currently being designed to incorporate all CDPH grant funded personnel and is schedule to start in early to mid-August. The goal of the team is to have the entire system in place within March 2013.

FINDING 2011-15

The Department of Housing and Economic Development through the Workforce Solutions section will implement a sub recipient Programmatic Monitoring Procedure for the sub recipients that will include a checklist for the purpose of indicating status of compliance. This procedure will be implemented by August 1, 2012 and applied to a site visit to be performed by The Coordinator of Economic Development for each CDBG R funded sub recipient to occur later during the year 2012.

FINDING 2011-16

The City of Chicago has complied with the requirements of Section 1512 ARRA reporting with regards to the Neighborhood Stabilization Program (NSP). The City will review all reports submitted for this program and address the concerns cited through reconciliation of program data and current City's fiscal records. All adjustments will be implemented in 1512 reports, effective with the 3rd quarter 2012 and in accordance to protocols of the grantor to confirm compliance.

CORRECTIVE ACTION PLAN Year Ended December 31, 2011

FINDING 2011-17

The Energy Efficiency and Conservation Block Grant ARRA program funds were awarded to the Department of General Services (now the Department of Fleet and Facility Management) for specific project areas. The large pieces of equipment purchased with these funds under the ARRA grant were installed in controlled areas inside of City buildings. The process for tracking equipment installed on City property is to include it in the bound manuals that are kept in each equipment room. The manuals contain the manufacturer's descriptive bulletins, model and serial numbers, instruction and maintenance manuals, and service contact information. Copies of these manuals are also kept in the City's archives. The equipment is maintained on a regular basis. All maintenance activities are logged and the logs are filed on site. This tracking process has been successful for DGS with tracking City equipment and in order to comply with the Federal guidelines DGS will include the funding source as an identifier for all Federal funded projects into the manual.

FINDING 2011-18

The Office of Budget and Management (OBM) was successful in the submission of all required ARRA reports. However, for the second quarter of 2011 the US Department of Energy (USDOE) implemented a change to how the financial reporting was to be reported. The report was changed to an electronic format and was to be submitted through the PAGE online database. In addition to the new requirement of electronic reporting, the USDOE also requested that the financial report reflect the amount of funds collected, and not the cumulative ASAP system draws that were submitted in the past. The change was not relayed to OBM in enough time to make the adjustment and submit a timely report therefore the PAGE report was submitted 10 days late due to the transition, verification, and entry of the SF425 financial reporting. The program manager was in constant communication with the funding agency and alerted them of the issues causing the delay in reporting. Since the late submission, OBM has submitted all quarterly reports timely.

FINDING 2011-19

The City's Department of Finance (DOF) will create and submit reports to HUD for both the Section 108 Guarantee Loan Account and the Loan Repayment Investment Account. The report will include all Loan funds received and disbursed to date. The report for the Guarantee Loan is required monthly until all funds have been disbursed. Since the account is depleted only, one report is required to meet compliance or the Loan Repayment Investment account DOF will submit to HUD an initial report showing all account activity to-date, and moving forward, this report will be incorporated into the new SF425 and submitted monthly for the life of the Loan.

FINDING 2011-20

The City of Chicago maintains a current process that requires that all grant funds requiring earned interest tracking and placed in the City's main interest bearing account be identified and provided to the Comptroller's Office, General Accounting Unit on an annual basis. Interest earned is calculated and allocated to the respective grant fund.

The Section 108 Loan Guarantee fund was inadvertently omitted from the annual listing and was not included in the annual allocation of aggregate interest earnings.

The fund since has been submitted to the General Accounting Unit and the proper interest allocation is expected to be transferred and recorded to the loan reserve account as required.

The Director of Accounting in charge of CDBG will insure that the process in place includes proper monitoring to avoid future omission.

CITY OF CHICAGO, ILLINOIS SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED DECEMBER 31, 2011

DEPARTMENT OF FINANCE

CITY OF CHICAGO

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS Year Ended December 31, 2011

FINDING 2010-1 BASIC FINANCIAL STATEMENT FINDINGS OFFICE OF THE COMPTROLLER ADEQUACY OF STAFFED AND/OR TRAINED FINANCIAL PERSONNEL AND RESULTANT IMPLICATIONS ON THE FINANCIAL REPORTING AND CLOSING PROCESS

The Office of the Comptroller is not adequately staffed and/or trained at either the management or staff levels thereby creating competing demands of their time and priorities.

2011 STATUS

The City has assessed staffing needs at the managerial and staff levels in the Department of Finance and approval has been given to fill multiple positions at various levels. In addition to filling staff and managerial vacancies, time is being devoted to professional development for all staff. This includes increasing technological capabilities, updating accounting knowledge and skills, providing additional reference materials and cross training staff to perform multiple functions.

This finding is repeated during 2011. (2011-1)

FINDING 2010-2 BASIC FINANCIAL STATEMENT FINDINGS OFFICE OF THE COMPTROLLER – SPECIAL ACCOUNTING DIVISION FINANCIAL ACCOUNTING AND REPORTING

The SAD does not currently monitor and manage the inventory listing of land held for resale, certain significantly aged grant receivables for collectability, review certain liability accounts for accuracy, or monitor certain deferred revenue balances. The SAD's grant accounting process should be reviewed to identify and create efficiencies in financial reporting.

2011 STATUS

The land held for resale activity is managed by the City's DHED. The GPAD (formerly SAD) operations currently do not handle appraisals and valuations. The communication between DHED and GPAD has drastically improved in 2011. GPAD regularly receives updated reports on land inventory from DHED, and the GPAD director of the CDBG Unit follows up with DHED. Updated adjustments are processed accordingly.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS Year Ended December 31, 2011

FINDING 2010-2 (cont.)

Throughout 2011, GPAD reviewed aged grant receivables for collectability. Monthly monitoring and contacting of agencies has been implemented, as well as initiating rebilling when appropriate. Current GPAD management has been working to make it easier to make these entries at fund level by gradually transitioning to a "single-grant to-a-single-fund" setup. This has allowed us to make fund level entries for the 2011 audit, leaving a much cleaner audit trail.

This finding is not repeated during 2011.

FINDING 2010-3 BASIC FINANCIAL STATEMENT FINDINGS OFFICE OF THE COMPTROLLER EXPENDITURE CUTOFF

The City does not maintain effective accounting and financial reporting policies and procedures for expenditure cutoff to ensure that financial activity is recorded timely and in accordance with accounting principles generally accepted in the United States of America (GAAP).

2011 STATUS

In fiscal year 2012 and prior to issuance of the fiscal 2011 financial statements, the City updated their expenditure cutoff policies and procedures to be in accordance with GAAP. There was significant improvement noted at fiscal year-end as a result of the City's corrective action. The City continues to make improvements to its Centralized Invoicing Process (CIP) in order to increase its compliance with GAAP. 100% compliance remains a goal for the City, in addition to providing additional training for departmental finance officers and stricter enforcement of cut-off policies and procedures.

This finding is repeated during 2011. (2011-2)

FINDING 2010-4 BASIC FINANCIAL STATEMENT FINDINGS OFFICE OF THE COMPTROLLER DISBURSEMENT RECONCILIATIONS BETWEEN THE CITY TREASURER'S OFFICE AND THE FINANCE DEPARTMENT

The City does not maintain effective accounting and financial reporting policies and procedures for certain aspects of capital assets, expenditure cutoff, encumbrance reserves, and certain disbursements to the CTO to ensure that financial activity is recorded timely and in accordance with GAAP.

2011 STATUS

The City Treasurer's Office and Finance Departments increased communication, completed reconciliations more timely and developed increased checks and balances to limit the number of reconciling items at year end. These actions have resulted in the finding not being repeated for 2011.

This finding is not repeated in 2011.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS Year Ended December 31, 2011

FINDING 2010-5 BASIC FINANCIAL STATEMENT FINDINGS OFFICE OF THE COMPTROLLER CAPITAL ASSETS

The City does not maintain formal policies and procedures for capital assets and utilizes decentralized systems and departmental tools to identify, account for, monitor and report capital asset activity. The City does not utilize system functionality to centralize capital asset processes. Procedures for transferring completed projects from construction in progress to a depreciable fixed asset category are not consistent.

2011 STATUS

In 2011, the City began its implementation of the Oracle Fixed Assets module, which requires the consolidation of capital asset data from all departments and the creation of consistent policies and procedures. Conversion of all data to Oracle will complete in 2012/2013, resulting in increased accuracy in accounting, monitoring and reporting on fixed assets.

This finding is not repeated in 2011.

FINDING 2010-6 BASIC FINANCIAL STATEMENT FINDINGS OFFICE OF THE COMPTROLLER ENCUMBRANCE ACCOUNTING AND REPORTING

The City does not maintain effective accounting and financial reporting policies and procedures for encumbrance reserves to ensure that financial activity is recorded timely and in accordance with GAAP

2011 STATUS

The Comptroller's Office, Department of Procurement, Office of Budget and Management and various departments have worked together to close outdated encumbrances and clean up prior year encumbrance activity in accordance with GAAP.

This finding is not repeated in 2011.

FINDING 2010-7 BASIC FINANCIAL STATEMENT FINDINGS OFFICE OF THE COMPTROLLER MANAGEMENT ESTIMATES

The City does not maintain formal policies and procedures for determining estimates related to investments whose fair value is not readily determinable, medical incurred but not paid liability, police overtime, and other post- employment benefits and ensuring that all financial reporting risks are adequately addressed.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS Year Ended December 31, 2011

FINDING 2010-7 (cont.)

2011 STATUS

For the completion of the 2011 financial statement audit, the City engaged firms to perform actuarial analyses for its liabilities such as compensated absences, medical incurred but not paid liability, police overtime, other post employment benefits, etc.

This finding is not repeated in 2011.

Pass-through Agency	Illinois Department of Human Services
City Department	Chicago Department of Public Health

During testing the auditors found deficiencies with the City's compliance with OMB Circular A-87:

- If employees are charged to one sole federal program, they should sign semi-annual certification forms. During our testing of health programs, the City was unable to produce semi-annual certification forms for most of the payroll charges selected in our samples.
- > When employees are charged to multiple grants, the City does not prepare personnel activity reports. Instead, each employee completes only the semi-annual certification form, which does not meet the requirements of OMB Circular A-87.

2011 STATUS

CDPH reviewed their payroll costing process in late 2011 as applicable to this certification process. Personal activity reports will be reconciled with payroll costing reports in 2012 for grant funded staff.

On January 12, 2012, the City Budget Director issued a citywide policy document that required City departments with grant personnel to continue the existing current semi-annual Salary Certification process and to immediately implement usage of a personal activity time record (PATR) form for each grant employee on a monthly basis to support the certifications. The policy also made reference to the consideration of guarterly adjustments to costing.

This finding is repeated in 2011. (2011-4)

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS Year Ended December 31, 2011

FINDING 2010-9

CFDA No.	93.069 Public Health Emergency Preparedness
Federal Agency	U.S. Department of Health and Human Services
Pass-through Agency	N/A
City Department	Chicago Department of Public Health

The City was required to file an interim Financial Status Report for the period August 10, 2009 to August 9, 2010 for the Public Health Emergency Preparedness and Public Health Emergency Response grants. The City was unable to provide supporting schedules which agree these reports to the general ledger. As such, we cannot determine that these reports were properly prepared.

2011 STATUS

As of 10/01/2011, the Grants and Projects Accounting Division (GPAD, formerly Special Accounting Division) adopted the use of reconcilable Business Objects report functionality as supporting documentation for the preparation of interim Financial Status Reports for the PHER and the PHEP grants as well as all similar reporting. The Health Accounting unit supervisor of accounting assures in her reviews that the support is completed and adequate.

This finding is not repeated in 2011.

FINDING 2010-10

CFDA No.	93.069 Public Health Emergency Preparedness
Federal Agency	U.S. Department of Health and Human Services
Pass-through Agency	N/A
City Department	Chicago Department of Public Health

In a sample of forty expenditures tested, it was found that the City overpaid one invoice by \$2,000. This overpayment was caused by clerical errors made by the vendor in the invoice that were not caught by City staff.

2011 STATUS

In late 2011, CDPH reviewed and implemented training regarding specific procedures for departmental processing of invoices received from vendors and contractors including verifications, calculations, approvals and signatures for the PHEP program and all other CDPH grant programs.

Subsequent to issuance of Finding 2010-10 CDPH received documentation from the vendor, Coldchain Technology Services, whose invoice included the error that resulted in the initial finding, explaining that clerical errors on the invoice resulted in the appearance that the invoice had been overpaid by \$2,000. However, when the errors were corrected the amount paid for the services rendered (\$52,654.16) was actually less than it should have been based on the corrected invoice (\$52,943.98). The vendor agreed not to seek payment for the difference of \$289.82 due to the invoicing errors on its part.

This finding is not repeated in 2011.

Federal Agency	U.S. Department of Health and Human Services
Pass-through Agency	N/A
City Department	Chicago Department of Public Health

The City conducts comprehensive quality assurance site visits to approximately one third of its Immunization and VFC Grant providers each year. The City has quality assurance policies and procedures which identify the scope of the annual site visit. As part of our audit, we noted several exceptions where the City did not adhere to its policy:

- It is the policy of the City to perform a chart audit of 30 charts to determine that program participants were eligible to receive vaccinations under the Immunization Grants program. In a sample of forty provider site visits selected for testing during our audit, we determined that two provider site visits sampled fewer than 30 charts although the population was greater than 30.
- It is the policy of the City to require that the evaluator from the City and the physician or clinic manager from the provider both sign the site visit evaluation form. We found that one site evaluation form, out of the forty examined, was not signed by the evaluator from the City.
- It is the policy of the City to conduct follow-up visits with providers if findings were noted during the site visit. In a sample of site visits examined, it was found that one did not have a follow-up visit.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS Year Ended December 31, 2011

FINDING 2010-12 (cont.)

2011 STATUS

Effective August 1, 2011, VFC Program Manager reviews all Quality Assurance Chart Reviews within 2 business days of completion to verify if 30 charts have been included in the chart audit. If less than 30 charts were used, the VFC Program Manager instructs the staff person completing the chart review to either include additional charts up to 30 charts, as needed, or to document a valid justification as to why less than 30 charts were used, e.g. practice is small and only x charts within specified selection criteria.

Effective August 1, 2011, the VFC Program Manager reviews all Quality Assurance Reviews (QARs) within 2 business days of completion to verify if all signatures are present on the QAR. If any signature is missing, the VFC Program Manager instructs the staff person to obtain the appropriate signature(s).

Effective August 1, 2011, the VFC Program Manager created a spreadsheet for QAR findings and follow up visits by staff persons. This spreadsheet is updated each month. VFC Program Manager tracks providers not receiving an indicated follow up visit within 30 days. The VFC Program Manager provides staff reminders until the follow up visit is completed.

This finding is not repeated in 2011.

	Children
Federal Agency	U.S. Department of Health and Human Services
Pass-through Agency	Illinois Department of Human Services
City Department	Chicago Department of Public Health

Two out of forty patients tested did not have the hemoglobin test administered as required.

2011 STATUS

CDPH implemented WIC Program Standing Orders for Hg/Hct procedures effective November, 2011. The procedures require CDPH WIC eligible clients to provide a medical referral form that includes Hemoglobin and Hematocrit results. Hemoglobin and Hematocrit testing may be deferred up to 90 (ninety) days for applicants with a qualifying risk factor identified at certification. CDPH WIC staff will document the reminder for the client to bring the blood test result from their primary care physician in the WIC card. Staff cannot refuse to provide services to clients that are missing the tests, therefore, each time clients are seen at the WIC site they must receive reminders to obtain the tests from their primary care providers.

An addendum to the procedures was implemented effective May, 2012 that requires CDPH staff to document the reminder to clients in the cornerstone case notes at the time of certification.

This finding is not repeated in 2011.

The Office of Compliance is responsible for conducting an initial review of A-133 reports submitted by sub recipients (delegate agencies). The Office of Compliance notifies City departments via written communications when there are findings or other matters noted in those reports that could warrant a management decision by the granting department. During 2010, we noted that the Department of Public Health did not appropriately address or respond to four communications where the Office of Compliance was recommending issuance of a management decision. We selected a sample of 40 sub recipients across all City departments and noted that four sub recipients of the department required additional follow-up as communicated by the Office of Compliance. As noted above, the department had no evidence that any follow-up was completed or management decisions issued in regards to all four communications received from the Office of Compliance.

2011 STATUS

During November through December 2010, CDPH developed a Fiscal Monitoring unit implementation plan. The plan preparation included the creation of a grant and sub recipient risk assessment tool as well as a web based grant compliance checklist. In February 2012 staff was identified to staff the new unit. The Monitoring unit is reviewing A-133's in conjunction with the City's Internal Audit unit and issuing management decision letters as needed. Sub recipient monitoring information is now being made available to all staff through CDPH's SharePoint site.

This finding is repeated in 2011. (2011-7)

FINDING 2010-18

CFDA No.	16.804 ARRA – Edward Byrne Memorial Justice Assistance Grant
	Program
Federal Agency	U.S. Department of Justice
Pass-through Agency	N/A
City Department	Chicago Police Department

During our testing, it was noted that the City was awarded an ARRA Justice Assistance Grant and received an advance on July 6, 2009 for \$28,633,983. Throughout 2010, the City had not been tracking interest earned related to this grant.

2011 STATUS

The ARRA JAG grant identified in this finding has been allocated the appropriate interest by the City in 2011. The City Comptroller's Office Grant and Projects Accounting Division (GPAD) has updated its procedures as of March, 2012 to request that grants that require interest to be earned and frequently posted be set up in segregated fund accounts so that the City Treasurer's Office (CTO) can determine and transfer the earned interest on a periodic basis throughout the year. Grants that do not require frequent posting of interest may be set up in funds where they are maintained in an aggregate account with interest being calculated and allocated by General Accounting. The supervisors and directors in GPAD will be responsible for ensuring that all funds having interest earned are recorded correctly.

This finding is not repeated in 2011.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS Year Ended December 31, 2011

CFDA Nos.	14.218 Community Development Block Grant – Entitlement Grants 14.253 ARRA – Community Development Block Grant (CDBG-R)
Federal Agency Pass-through Agency	U.S. Department of Housing and Urban Development
City Department	Chicago Department of Family and Support Services

The Department uses risk based approach for monitoring of the sub recipients (delegate agencies). During our audit we tested the City's monitoring of twenty-nine program sub recipients and noted the following exceptions:

- No risk assessment or program monitoring was performed for two sub recipients of the CDBG-R (ARRA) program.
- Program monitoring was not scheduled for one of the high risk sub recipients of the CDBG program until September of 2011, although program expenditures existed in the first half of 2010.
- No follow-up monitoring was performed for one sub recipient with CDBG-R (ARRA) program monitoring findings in the first visit.
- > Fiscal monitoring for three high risk CDBG sub grantees was not scheduled until the second half of 2011.

We understand that the Department is in the process of seeking HUD approval for the current risk based approach to sub recipient monitoring. Future policy changes may be necessary to comply with HUD requirements.

2011 STATUS

The risk analysis of the delegate agencies for the year 2011 was completed. DFSS is planning to conduct a 100% review of the Homeless and HPRP programs, funded through HUD. In addition, the fiscal monitoring unit continues to prioritize other monitoring reviews, based on the risk analysis and requests from the other units.

This finding is not repeated in 2011.
