7. Preliminary Decision on Permit Application for Demolition Pursuant to §2-120-740 through §2-120-825 of the Municipal Code

NEAR NORTH SIDE MULTIPLE PROPERTY DISTRICT

WARD 42

42 East Superior Street

Kandilyn Hahn presented the staff's recommendation that the Commission: (A) Preliminarily find that, pursuant to Article III, Section G.1. of the Rules and Regulations of the Commission on Chicago Landmarks (the "Rules and Regulations"), the significant historical or architectural features of the proposed Near North Side Multiple Property District are all exterior elevations, including rooflines, of all buildings; (B) Preliminarily find that the

subject building, a raised, three-story, single-family home for which a permit was issued June 12, 1883, contributes to the character of the proposed Near North Side Multiple Property District which consists of architecturally significant single-family houses, attached houses, and small-scale flats buildings built in the 1870s through 1890s which tell the history of the development of a high-quality residential neighborhood in one of Chicago's oldest neighborhoods, the Near North Side; (C) Preliminarily find that the demolition of a contributing building or structure within a landmark district is a *per se* adverse effect on the significant historical and architectural features of the district, pursuant to Article III, Section G.3.b., of the Rules and Regulations; (D) Pursuant to Section 2-120-780 of the Landmarks Ordinance, preliminarily find that demolition of the subject property will adversely affect and destroy significant historical and architectural features of the property and the proposed district; and (E) Issue a preliminary decision disapproving the demolition application.

Kandalyn Hahn informed the Commission that a preliminary decision disapproving the demolition application would trigger an expedited consideration of the designation of the proposed landmark district and the permit. Pursuant to Section 2-120-820, the Commission must schedule and conduct a public hearing on both the proposed district designation and the application for a demolition permit and must notify the City Council of its recommendation within 90 days.

Motion to approve the staff recommendation.

Motioned by Wong, seconded by Smith. Approved unanimously (5-0).

**NEAR NORTH SIDE MULTIPLE PROPERTY DISTRICT
44-46 East Superior Street**

WARD 42

Commissioner Houlihan asked for a motion to approve the staff recommendation that the Commission: (A) Preliminarily find that, pursuant to Article III, Section G.1. of the Rules and Regulations of the Commission on Chicago Landmarks (the "Rules and Regulations"), the significant historical or architectural features of the proposed Near North Side Multiple Property District are all exterior elevations, including rooflines, of all buildings; (B) Preliminarily find that the subject building, a raised, two-story, attached, double house built in 1872 which is visible on the 1886 Robinson's Atlas of the City of Chicago, contributes to the character of the proposed Near North Side Multiple Property District which consists of architecturally significant single-family houses, attached houses, and small-scale flats buildings built in the 1870s through 1890s which tell the history of the development of a high-quality residential neighborhood in one of Chicago's oldest neighborhoods, the Near North Side; (C) Preliminarily find that the demolition of a contributing building or structure within a landmark district is a *per se* adverse effect on the significant historical and architectural features of the district, pursuant to Article III, Section G.3.b., of the Rules and Regulations; (D) Pursuant to Section 2-120-780 of the Landmarks Ordinance, preliminarily find that demolition of the subject property will adversely affect and destroy significant historical and architectural features of the property and the proposed district; and (E) Issue a preliminary decision disapproving the demolition application.

Commissioner Houlihan summarized the process a preliminary decision disapproving the demolition application would trigger, said process being an expedited consideration of the

designation of the proposed landmark district and the permit. Pursuant to Section 2-120-820, the Commission must schedule and conduct a public hearing on both the proposed district designation and the application for a demolition permit and must notify the City Council of its recommendation within 90 days.

Motioned by Rossi, seconded by Wong. Approved unanimously (5-0).

Commissioner Houlihan briefly recessed and then called back into session the Commission meeting.

WARD 25

**PILSEN DISTRICT
1734 West 18th Street**

WARD 25

Emily Barton presented the staff's recommendation for 1730 West 18th Street that the Commission: A. Find that, pursuant to Article III, Section G.1 of the Rules and Regulations of the Commission (the "Rules and Regulations"), the significant historical or architectural

features of the proposed district are preliminarily identified as all exterior elevations, including rooflines, of the buildings visible from the public rights-of-way; and B. Preliminarily find that the subject building, a two-story, masonry, mixed-use building constructed around 1920. No permit information was found to document the date of construction, however Sanborn maps show that a portion of the building existed in 1914 and that a front addition was added after 1914. The material and design of the front facade are consistent with 1920s construction methods and styling. Therefore the building contributes to the character of the proposed Pilsen District which includes excellent examples of historic commercial and mixed-use buildings along the 18th St. corridor; and, C. Preliminarily find that the demolition of a contributing building or structure within a landmark district is a per se adverse effect on the significant historical and architectural features, pursuant to Article III, Section G.3.b., of the Rules and Regulations; and D. Pursuant to Section 2-120-780 of the Landmarks Ordinance, preliminarily find that the demolition of the subject property will adversely affect and destroy significant historical and architectural features of the property and the proposed district; and, E. Issue a preliminary decision disapproving the demolition application.

Dijana Cuvalo summarized the process that a preliminary decision disapproving the demolition application would trigger, namely an expedited consideration of the designation of the proposed landmark district and the permit. Pursuant to Section 2-120-820, the Commission must schedule and conduct a public hearing on both the proposed district designation and the application for a demolition permit and must notify the City Council of its recommendation within 90 days.

Commissioner Houlihan asked for a motion to approve the staff recommendation for 1730-1734 West 18th Street, said staff recommendation for 1732 West 18th Street being that the Commission: A. Find that, pursuant to Article III, Section G.1 of the Rules and Regulations of the Commission (the “Rules and Regulations”), the significant historical or architectural features of the proposed district are preliminarily identified as all exterior elevations, including rooflines, of the buildings visible from the public rights-of-way; and B. Preliminarily find that the subject building, a two-story, masonry, mixed-use building constructed in 1913 contributes to the character of the proposed Pilsen District which includes excellent examples of historic commercial and mixed-use buildings along the 18th St. corridor; and C. Preliminarily find that the demolition of a contributing building or structure within a landmark district is a per se adverse effect on the significant historical and architectural features, pursuant to Article III, Section G.3.b., of the Rules and Regulations; and D. Pursuant to Section 2-120-780 of the Landmarks Ordinance, preliminarily find that the demolition of the subject property will adversely affect and destroy significant historical and architectural features of the property and the proposed district; and, E. Issue a preliminary decision disapproving the demolition application; and,

said staff recommendation for 1734 West 18th Street being that the Commission: A. Find that, pursuant to Article III, Section G.1 of the Rules and Regulations of the Commission (the “Rules and Regulations”), the significant historical or architectural features of the proposed district are preliminarily identified as all exterior elevations, including rooflines, of the buildings visible from the public rights-of-way; and B. Preliminarily find that the subject building, a two-story, masonry, mixed-use building constructed prior to 1920 with a front addition constructed in 1920, contributes to the character of the proposed Pilsen District which includes excellent examples of historic commercial and mixed-use buildings along the

18th St. corridor; and C. Preliminarily find that the demolition of a contributing building or structure within a landmark district is a per se adverse effect on the significant historical and architectural features, pursuant to Article III, Section G.3.b., of the Rules and Regulations; and D. Pursuant to Section 2-120-780 of the Landmarks Ordinance, preliminarily find that the demolition of the subject property will adversely affect and destroy significant historical and architectural features of the property and the proposed district; and, E. Issue a preliminary decision disapproving the demolition application.

Motioned by Smith, seconded by Wong. Approved 3-1 with one Commission member voting “Present.”

**PILSEN DISTRICT
1822 South Throop Street**

WARD 25

Emily Barton presented the staff’s recommendation for 1822 South Throop Street that the Commission: A. Find that, pursuant to Article III, Section G.1 of the Rules and Regulations of the Commission (the “Rules and Regulations”), the significant historical or architectural features of the proposed district are preliminarily identified as all exterior elevations, including rooflines, of the buildings visible from the public rights-of-way; and B. Preliminarily find that the subject building, a two-story, masonry, worker’s cottage constructed c. 1880s contributes to the character of the proposed Pilsen District which includes excellent examples of masonry cottages synonymous with the growing working-class neighborhood; and C. Preliminarily find that the demolition of a contributing building or structure within a landmark district is a per se adverse effect on the significant historical and architectural features, pursuant to Article III, Section G.3.b., of the Rules and Regulations; and D. Pursuant to Section 2-120-780 of the Landmarks Ordinance, preliminarily find that the demolition of the subject property will adversely affect and destroy significant historical and architectural features of the property and the proposed district; and E. Issue a preliminary decision disapproving the demolition application.

Dijana Cuvalo summarized the process that a preliminary decision disapproving the demolition application would trigger, namely an expedited consideration of the designation of the proposed landmark district and the permit. Pursuant to Section 2-120-820, the Commission must schedule and conduct a public hearing on both the proposed district designation and the application for a demolition permit and must notify the City Council of its recommendation within 90 days of the date the application for permit is received by the Commission.

Motion to approve the staff recommendation.

Motioned by Smith, seconded by Wong. Approved 4-0 with one Commission member voting “present.”

MEETING MINUTES

PERMIT REVIEW COMMITTEE COMMISSION ON CHICAGO LANDMARKS

The Permit Review Committee (PRC) met on March 7, 2019, at 4:15 p.m. and was recessed until March 20, 2019 at 10:00 a.m. The meeting was held at 121 N. LaSalle St., in Room 201-A.

Present: Ernest Wong, Chair
Gabriel Ignacio Dziekiewicz
Mary Ann Smith

Staff: Dijana Cuvalo
Larry Shure
Emily Barton

The following projects were reviewed by the PRC:

1. 328 N. Carpenter **27th Ward**
Fulton-Randolph Market District

Proposed new, eight-story, commercial building with rooftop decks, a new curb cut off Carroll, and underground parking

Action: Approved unanimously (3-0) with the following conditions:

1. The height and massing of the building as shown in drawings dated 1/18/19 is approved as proposed;
2. The new 21'-wide curb cut proposed along Carroll Street to access the two-way ramp for below ground parking is approved as curb cuts in general are part of the character of secondary streets in the district;
3. The recessed terraces at the 5th-7th floors are approved as proposed, with glass railings mounted to the inside face of the walls;
4. Enlarged brick façade, window, railing, and storefront details shall be included in the permit plans. Simulated divided-lite muntins shall have a substantial interior and exterior profile with spacer bar;
5. Exterior wall samples shall be reviewed for approval by Historic Preservation staff with the permit application;
6. As proposed, the upper-floor window system shall incorporate mullions (rather than butt glazing) similar to those used for the lower portion of the building and all glass shall be clear vision;
7. Windows shall be incorporated into the south elevation at the 6th and 7th floors; and,
8. The cladding for the upper floors shall be a dark metal panel system with reveals to be detailed on the permit drawings.

2. 942 W. Randolph

27th Ward

Fulton-Randolph Market District

Proposed rehabilitation of the existing portion of a two-story, masonry building and construction of a new, one-story, masonry building with rooftop addition on the vacant portion of the site.

Action: Approved unanimously (3-0) with the following conditions:

1. Historic Preservation staff shall review for approval all dimensioned window and storefront details with the permit submittal;
2. Historic Preservation staff shall review for approval all material samples prior to order and installation;
3. As proposed, salvaged limestone shall be reused for the coping of the one-story front façade; and,
4. The proposed storefronts for the one-story portion shall be restudied and resubmitted to eliminate the secondary horizontal element and be more compatible with the Fulton-Randolph Market Design Guidelines, subject to staff review for approval.

3. 1351 N. Damen

1st Ward

Wicker Park District

Proposed interior and exterior rehabilitation of a raised, three-story, masonry building with a roof deck and an attached, masonry, three-car garage in the side yard.

Action: Approved unanimously (3-0) with the following conditions:

1. As proposed, the rooftop parapets and garage cladding shall match the existing Chicago common brick;
2. As proposed, the skylights shall be low profile, with dimensioned details to be submitted with the permit plans for Historic Preservation staff review and approval; and,
3. The project as proposed would require a zoning variation and/or adjustment, and the Commission takes no position regarding any requested variance/adjustment relative to the zoning code requirements.
