OFFICE OF MAYOR RAHM EMANUEL
CITY OF CHICAGO

Dear Vendors,

Thank you for your interest in doing business with the City of Chicago. Everyone involved in the City's procurement process, from the operating departments to the Department of Procurement Services, is committed to providing information, resources and tools to assist you in your efforts to compete for City of Chicago contracting opportunities.

Each year, we continue to work to become a better customer. Whether that effort involves revamping our specifications to make our requirements easier to understand, reaching out to primes and subcontractors to assist them in forging working relationships, streamlining the procurement process to get contracts in place more quickly, or improving our contract administration so that you get paid promptly and completely, we are working hard to earn your participation and trust. We have initiated several new initiatives to increase contract participation by small businesses. Go to our website to learn more about the Small Business Initiative, the Diversity Credit Program, and Micro-lending. We invite you to sign up for our DPS Alerts to receive the most current Bid Announcements. Go to www.cityofchicago.org/procurement and submit your email address for the weekly updates. In this booklet you will find our workshop schedule for 2012. Workshops include: *Meet the Department of Procurement Services, Contracting 101, Introduction to City Bonding Requirements, and How to Become Certified, just to name a few.*

We hope that you will use this guide, and choose to become involved in the business of the City of Chicago. Thank you in advance for your time and good work, and for helping make our city a better place to live and raise families.

Sincerely,

Mayor Rahm Emanuel

Vendor FAQs

Q: What is a bid specification?

A: A specification is a formal statement of the City's needs. It will describe in great detail what goods and/or services are required, and will explain the procedures that must be followed to respond to a specification or RFP/RFQ (Request for Proposal/Request for Qualifications).

Q: How do I bid on a City contract?

A: After you've identified the specification you'd like to bid on and picked it up from Bid & Bond, the next step is to complete your price quotation and provide all information requested in the bid/proposal documents. All information provided must be typed or written in ink.

Be sure that your bid/proposal is correct and that it is signed and notarized in the appropriate places (e.g. corporation, partnership, sole proprietorship). You must also be sure that all other signatures have been sworn to where required. Note: you must submit ORIGINAL SIGNATURE documents; photocopied signatures will result in disqualification of the entire bid package.

Q: What if I have a question while I am filling out my specification documents?

A: The name and telephone number of the contact administrator/negotiator is indicated on the cover sheet of each specification. They may be contacted for assistance.

Q: When are bids opened?

A: Bids are opened and read publicly at 11 a.m. on the date indicated on the specification. Bids and proposals received after the hour and date indicated for the opening will not be considered. The public is invited to attend all bid/proposal openings held in the Bid & Bond Room, 3rd floor lobby, City Hall.

Submitters of RFPs/RFQs are announced publicly at 4 p.m.

Please note that late bids and/or RFPs/RFQs may not be accepted.

Q: Can I have bid opening schedules and specifications faxed to me?

A: Sorry; due to the volume of requests we cannot fax bid opening lists or specifications. However, you can download the bid opening list from our site. Specifications must be picked up at the Bid & Bond Room, 3rd floor lobby, City Hall, to pick up bid specifications.

Vendor FAQs Continued

Q: What disqualifies a bid?

A: You should read the specification document very carefully and follow all instructions. This is the best way to keep from having your bid disqualified. Late bids are automatically disqualified. In general, bids and RFPs/RFQs can also be disqualified for the following reasons:

Lateness submitting photocopies instead of originals Missing information and/or signatures

Please note that this list is provided as a guide and should not be considered all-inclusive.

Q: Can I still bid on City contracts if I live out of state?

A: Yes

Q: Do I need to be certified/pre-qualified/pre-registered before I bid?

A: Not usually. If you can provide the goods and/or services requested in the invitation to bid, you may bid on the specification.

However, specifications that are identified as Target Market Program are restricted to businesses that are certified with the City of Chicago as Minority Business Enterprise (MBE) or Women Business Enterprise (WBE).

Q: How does the City process payments to vendors?

A: Each using department will process payment of approved invoices. The invoicing procedure is included in each specification document.

Q: What if I don't live in Cook County?

A: If you don't live or work in Cook County, you may call or write, and we will send you the bid specification you want. We will mail the documents to you or, if you prefer, you may arrange at your expense to have your documents picked up by a courier service of your choice. If you provide us with your Federal Express or UPS account number, we will send your documents that way as well.

Q: What if you change the specification after I've already picked it up?

A: When you pick up a specification, you will be asked to leave a business card. The reason for this is so we can get in touch with you if there is a change. The addendum will be mailed to you at the address on your business card.

Q: How can I find out about upcoming projects? Which ones should I bid on?

A: If you haven't already, please take a moment to sign-up for our DPS Alerts, which notify vendors of upcoming bid and RFP/RFQ contracting opportunities and other pertinent information for prospective vendors doing business with the city of Chicago. In addition, please take a moment to review the DPS 2012 Workshop Schedule.

Check the bid opening list on-line and/or pick up the bid opening list at City Hall, Bid & Bond Room, 3rd floor lobby. Look in the Chicago Sun-Times every Monday, Wednesday and Friday; If you see a project that corresponds with the commodities or services you can provide, come to the Bid & Bond Room and pick up the specifications. The City's Buying Plan is also an excellent resource to determine upcoming contracting opportunities.
