

## Supplier Diversity Online Certification Application Training

The City of Chicago's Supplier Diversity program, formerly known as the Minority and Women-Owned Business Enterprise program, is now offering **online certification**.

Firms that are interested in getting certified with the City of Chicago as an MBE, WBE or DBE may now apply **online**! Firms will be able to complete their applications via the internet and will be able to electronically upload required documents. This new system will:

- Allow applicants to apply for City certification from their own homes or offices.
- Allow applicants to receive automatic confirmation that the City received the completed application.
- Allow applicants to check the status of their applications after submission.

The Office of Compliance is offering training classes on how to use the new online system. These classes will:

- Train interested applicants on how to use the online system.
- Assist applicants in processing their applications.

**Register today for on-line certification training!**

Friday, January 29, 2010  
Friday, February 5, 2010  
Thursday, February 11, 2010

**Classes will be held at the DePaul Center,  
333 S. State Street  
Room 520 C  
10:00 a.m.-11:00 a.m.**
