NEW BACP TOOL KITS FOR TAXI AND PUBLIC PASSENGER VEHICLE LICENSEES

The Chicago Department of Business Affairs and Consumer Protection (BACP) created TOOL KITS to provide information and resources to support TAXI and PUBLIC PASSENGER VEHICLE license holders.

- These TOOL KITS provide the basics for operating a City of Chicago licensed TAXI or PUBLIC PASSENGER VEHICLE.
- These TOOL KITS also guide TAXI and PUBLIC PASSENGER VEHICLE business owners on maintaining their license in compliance with City of Chicago laws.

BACP encourages TAXI and PUBLIC PASSENGER VEHICLE license holders to familiarize themselves with the information provided in these TOOL KITS.

These TOOL KITS are available at [Chicago.gov/PublicVehicles](https://www.chicago.gov/publicvehicles).
