Department of Water Management

Attn: Richard Butler

Date: April 28, 2010

Subject: Request for Emergency Authorization (Rx 50004)
Reinforced Concrete Sewer Pipe, Fittings, Gaskets and Catch Basins

The Department of Water Management is requesting its fourth emergency contract for Reinforced Concrete Sewer Pipe, Fittings, Gaskets and Catch Basins. This emergency contract is needed based on interim restrictions imposed on Azteca Supply as of March 12, 2010. DWM also submitted detailed specifications and requisition number 49228 on March 18, 2010 for a new bid solicitation.

This emergency contract is needed for continuous construction related jobs. DWM solicited four vendors who provide the equivalent commodity and their ability to deliver immediately. DWM received one quote from Elmhurst Chicago Stone Co. who provided complete pricing and agreed to immediate delivery. Therefore, DWM recommends that the emergency contract be awarded to Elmhurst Chicago Stone Co. Also attached is documentation from Concrete Specialties, Sewer Builders Supplies and Welch Bros.

If you have any questions or need any additional information, feel free to contact Felicia Rawlings at 312-745-0581.
