JOC APPROVAL LETTER**

UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS

CFD Engine Co. 50
5000 South Union

For all proposed JOC projects, please complete items 1 and 2 below. As appropriate, complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

- 1. Please describe the major features of this project:**
Increase the width of the overhead door by removing brickwork, install new jambs, a wider door and related hardware.
- 2. Please explain why this project could not be bid using the City's traditional bid process, and the need to use JOC procurement system:**
The Fire Department has purchased new fire trucks to replace obsolete trucks to provide more efficient life safety response at certain designated community fire stations. These new trucks are larger than the existing trucks and will not fit in the stations without modifying the overhead door openings. DGS was not notified in time to bid this work therefore we request that this be done by the JOC procurement method.
- 3. If this project is a one trade project, please provide additional explanation of why it would not be in the City's best interest to do the project under JOC.**
Multiple venues are required to complete this work.
- 4. If it is anticipated that over 25% of the project will consist of Non-Prepriced Items, please provide an explanation on why JOC should be used:**
No non-prepriced items anticipated.
- 5. If some elements of the proposed JOC project scope of work are covered by City Term Agreements, these elements should be removed from the JOC project.**
