For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

Various locations in the Central Business District have vaulted sidewalks that require structural repairs in order to install ADA complaint pedestrian ramps. The repairs require the demolition and reconstruction of the structural roof of the vaulted sidewalks. These items could not be performed by City Forces and were not covered by an existing term agreement.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

The proposed repairs are for various locations and require specialized personnel and equipment. It would not be time or cost effective for us to perform the work through The City's traditional bid process.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:

Not applicable -various trades will participate.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

N.A.

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.
