  - e. list and explain any other changes in personnel in 2014 proposed budget;  
**Information provided by OBM.**
2. Provide an organizational chart of your department with contact information.  
**Information provided by OBM.**
3. Please provide a list of Shakman positions, including those that are vacant, in your department's budget for 2013 and projected budget for 2014.  
**Information provided by OBM.**
4. Gender and race breakdown of staff by division and position.  
**Information provided by OBM.**
5. List of and demographic breakdown (race and gender) for hearing officers in 2012 and 2013.  
**Information provided by OBM.**
6. Number of 2013 student interns, their racial breakdown and schools they were recruited from.  
**Information provided by OBM.**

7. Non-liquor hearings and liquor license decisions of appeals including specific addresses, by type for what was approved and not approved for 2011, 2012 and 2013 year to date.

**Please see attached report (#7) Non-Liquor and Liquor License Appeal Decisions, by Year. In the "Latest Status" column – only "license issued" indicates a license was issued after an appeal was taken from an adverse action taken by BACP.**

8. Provide contractor, purpose and amount for accounts 0140, 0143 for 2012, 2013 year to date, projected 2013 year-end, and projected 2014.

**Information provided by OBM.**

  - d. #s of violations that came in and # fined and # not fined.
  - e. # of liquor establishments with more than one SAM charge.
  - f. # of applications filed city-wide and # of licenses that were issued.

**Please see attached reports (#10a-e). In addition, because of the size of the response to #10f, the answer has been posted to the City Council's Share Point under "Department Content – Dept. 70 – BACP" as "70 10F CityWide Applications and Licenses." Please go the URL listed below:  
<http://chicitycouncil.cityofchicago.local/budgethearings/SitePages/Home.aspx>.**

11. Is there currently a way for business owners who are interested in applying for a liquor license to easily determine if the zoning of their business property allows for a liquor license and whether there are any moratoriums on liquor licenses at that address?

**The City of Chicago web site provides both a zoning map and a moratorium/vote dry map that can be utilized by customers to see what zone their property is located in and if the business' address is located in a liquor moratorium or vote dry area. The zoning map is located on the Department of Zoning's web site. It requires that the customer enter in a valid city address. The map will inform the customer of the type of zone where the business is located. However, many of the specific uses are not listed on the zoning map so the customer should verify with Zoning if their particular use is allowed at the address. The moratorium/vote dry module can be found on BACP's web site. The customer must enter a valid city address. The map will inform the customer if the address is located in a moratorium or vote dry area. A legend is available on the site using symbols and colors to identify a moratorium or vote dry area. The customer should always verify the information with a Business consultant at BACP.**

12. List of businesses that have had proceedings before BACP related to the “deleterious impact” ordinance. What were the outcomes of those proceedings?

**Please see attachment (#12) Proceedings Related to Deleterious Impact Ordinance**

**Please see attachment (#13). Please note these numbers reflect a cash basis.**

14. Provide fines, forfeitures and penalties received for 2012, 2013 year to date, 2013 projected year end and 2014 projected for Investigator Fines.

**BACP collections data reflects that \$11,827,456 was collected for 2012, and for 2013 YTD September collections reached \$8,910,828. Please note these numbers reflect a cash basis.**

15. List of locations and licenses of new liquor licenses issued in 2012 and 2013.

23. How do you apply for the new 2014 micro-lending program?

**One can apply through the any of the three trained micro-lending institutions which comprise the program: Accion, Women's Business Development Center, or Chicago Neighborhood Initiatives.**

24. Why is the proposed 2014 advertising budget so low?

**The advertising request for 2014 is the same as the appropriation for 2013 (\$99,648).**

25. Can you provide me a complete breakdown of the costs, revenue and savings associated with the one-stop shop program?

**This is a multi-year program which kicked off this year and the data needed to answer this question is not yet available.**

Sincerely,

Rosemary Krimbel  
Commissioner

Ref ID: 5- 25 Microlending

---

During the Office of Budget and Management's budget hearing on October 28<sup>th</sup> to discuss the 2014 proposed budget, Aldermen Mitts and Mary O'Connor requested information on Chicago's Microlending Institute (CMI), which was launched by the City in May 2012. CMI trains and develops area organizations on the microlending process ("microlenders") to expand small business financing in Chicago.

The City provided \$1 million for loans and Citibank provided \$100,000 for the administrative costs necessary for ACCION, an alternative lending organization dedicated to providing credit and other business services to small business owners who do not have access to traditional sources of financing, to train two agencies on the microlending process. The program was successful and 2 new microlenders were created: Chicago Neighborhood Initiatives (CNI) and Women's Business Development Center (WBDC). To date, the program has provided \$982,437 in loans and a total of 111 loans, which has led to the creation of 226 new jobs and helped maintain an additional 274 jobs.

The 2014 budget recommendation includes \$500,000 in funding from the City for this program along with a \$500,000 contribution from the City Treasurer's Office for a total funding of \$1 million.

During our recent hearing to discuss the 2014 proposed budget, Alderman Maldonado requested additional information regarding the average fine for loose cigarettes.

The average fine for the sale of loose cigarettes (“loosie”) is \$1,000. Although the Chicago Municipal Code 4-64-191, see below, authorizes fines for the sale of more than 40 individuals cigarettes, stores usually only sell from individual packs, therefore there is rarely a sale of greater than 40 cigarettes. In addition, tobacco prosecutions are not “pled out” or “negotiated” for a lower fine. The fine is set by the ordinance and non-negotiable.

**4-64-191 Certain transactions prohibited.**

No person shall sell, offer for sale, barter or expose for sale any cigarette, tobacco or smokeless tobacco except in its original factory-wrapped package. No person shall sell, offer for sale, barter or expose for sale any cigarettes in a package containing fewer than 20 cigarettes.

Any person who violates this section shall be subject to a fine of \$1,000.00 for a violation involving forty or fewer cigarettes, and \$25.00 per cigarette for a violation involving over forty cigarettes, and an additional \$2,000.00 for the second and each subsequent offense.
