

**DEPARTMENT OF WATER MANAGEMENT  
CITY OF CHICAGO**

**MEMORANDUM**

**TO:** The Honorable Carrie Austin  
Chairman, Committee on Budget and Government Operations

**FROM:** Thomas H. Powers, P.E.  
Commissioner  
Department of Water Management

**DATE:** November 6, 2013

**RE:** Request for Information

**CC:** Maria Guerra, Mayor's Office of Legislative Counsel and Government Affairs

**Ref ID:** 5 - 24 MeterSave Program

---

During the Office of Budget and Management's recent hearing to discuss the 2014 proposed budget, Alderman Hairston requested additional information regarding the City's MeterSave Program.

MeterSave is a program offered by our department to non-metered Chicago homeowners to voluntarily install meters to help them save water and money.

Water charges in non-metered homes are tied to factors such as building size, lot-size and the number of plumbing fixtures, whereas metered homes are billed according to actual water usage. This means that with minimal effort, participating homeowners can save money on their water bills while helping to protect Lake Michigan and conserve water.

The Department of Water Management is pleased to report that since the program's inception in 2009, over 38,380 meters have been installed. For 2013YTD, 14,100 meters have been installed, exceeding our goal of 12,000 meter installations.

By installing a meter, the average homeowner saves over 50 percent on both their water and sewer bill (since the sewer bill is a percentage of the water bill). Customer satisfaction remains high, as evidenced by the testimonial page on the MeterSave website ([www.metersave.org](http://www.metersave.org)).

**DEPARTMENT OF WATER MANAGEMENT  
CITY OF CHICAGO**

**MEMORANDUM**

**TO:** The Honorable Carrie Austin  
Chairman, Committee on Budget and Government Operations

**FROM:** Thomas H. Powers, P.E.  
Commissioner  
Department of Water Management

**DATE:** November 7, 2013

**RE:** Request for Information

**CC:** Maria Guerra, Mayor's Office of Legislative Counsel and Government Affairs

**Ref ID:** 5 - 53 Sewer Claims

---

During the Office of Budget and Management's recent hearing to discuss the 2014 proposed budget, Alderman Thomas requested additional information regarding the actual year-to-date sewer claims number.

As of October 23, 2013, the dollar amount of sewer claims/refunds is \$327,456.48. This dollar amount represents 600 claims/refunds processed by the Department of Finance customer service division for water and sewer billing customers.

**DEPARTMENT OF WATER MANAGEMENT  
CITY OF CHICAGO**

**MEMORANDUM**

TO: The Honorable Carrie Austin  
Chairman, Committee on Budget and Government Operations

FROM: Thomas H. Powers, P.E.  
Commissioner, Department of Water Management

DATE: November 13, 2013

RE: Request for Information

CC: Maria Guerra, Mayor's Office of Legislative Counsel and Government Affairs

Ref ID: 5-58 – Suburban Water Accounts

---

During the October 28, 2013 hearing to discuss the 2014 proposed budget, Alderman Mary O'Connor requested additional information regarding suburban water customers. In response the Department states as follows:

In 2011, representatives of DWM met with the Village of Maywood and negotiated a payment plan. Maywood fulfilled its obligations and is now compliant with water charges.

Representatives of DWM also met and negotiated a payment plan with the Village of Dolton. The Village then underwent a leadership change and did not follow through with the requirements of the payment plan. DWM has been working with the new leadership in Dolton and they are working toward coming into compliance with their outstanding debt and have been making payments as recently as October 28, 2013.

In 2013, DWM and the Village of Robbins executed a payment plan for Robbins to repay the outstanding debt for water sales to the City of Chicago. Currently Robbins is in compliance with their payment plan.

The final suburb that has an outstanding water debt is the City of Harvey. DWM attempted to meet with Harvey and negotiate a payment plan. After many months, the City of Chicago filed a lawsuit against the City of Harvey to recover the outstanding water debt. Currently Harvey owes the City of Chicago \$15.5M. The case is currently pending in the Circuit Court of Cook County.

**DEPARTMENT OF WATER MANAGEMENT  
CITY OF CHICAGO**

**MEMORANDUM**

**TO:** The Honorable Carrie Austin  
Chairman, Committee on Budget and Government Operations

**FROM:** Thomas H. Powers, P.E.  
Commissioner  
Department of Water Management

**DATE:** November 20, 2013

**RE:** Request for Information

**CC:** Maria Guerra, Mayor's Office of Legislative Counsel and Government Affairs

**Ref ID:** 088 – 0 – Response to Ald. Cochran

---

The Office of Budget and Management has provided answers to a number of the questions you requested in your letter dated October 24, 2013. For the remaining questions, please find the response of the Department of Water Management (DWM). Except where otherwise noted, the numbers below reference questions as numbered in Alderman Cochran's letter to DWM.

Question (#1). Using the original budget ordinance effective on January 1, 2013, for your department, please identify by Fund and Grant (where applicable):

- a. list of positions that have become and remain vacant in 2013 year to date;
- b. list of positions where there were layoffs in 2013 year to date;
- c. list of any of the above positions that are being retained in the proposed 2014 budget;
- d. list of additional positions that are being eliminated in proposed 2014 budget;
- e. list and explain any other changes in personnel in 2014 proposed budget.

**Response:** OBM provided answer.

Question (#2): Provide an organizational of your department including contact information.

**Response:** OBM provided answer.

**Question (#3):** Please provide a list of Shakman positions in your Department's budget for 2013 and projected budget for 2014. Identify which positions are currently vacant.

**Response:** OBM provided answer.

**Question (#4):** Gender and race breakdown of staff by division and position. Please breakout supervisory and management staff.

**Response:** OBM provided answer.

**Question (#5):** List of 2013 interns by race, gender, and school.

**Response:** OBM provided answer.

**Question (#6):** Race and gender number of new hires and promotions in 2013.

**Response:** OBM provided answer.

**Question (#7):** Breakdown of accounts 0162, 0140, 0446, 0144, 0440, 0176, 0185, 0340,0360,0450, 0125, 0157, 0160, 0410, 0424, 0342, 0345, 0445 for all funds and divisions for 2012, 2013 year to date, 2013 year end projection and projection for 2014. Include vendor, amount, purpose and MBE/WBE status.

**Response:** OBM provided answer.

**Questions(#8):** Update on Bureau of Water engineering cost analysis for 2012, 2013 year to date, 2013 year end projection, and projection for 2014.

**Response:** Please see attachment #8.

**Question (#9):** The following with regard to Sewers:

- a. 2012 lining program list.
- b. 2012 emergency lining program list.
- c. 2013 lining program list.
- d. 2013 emergency lining program list.
- e. 2014 proposed candidate list for lining.
- f. 2012 in-house construction list.
- g. 2013 in-house construction list.
- h. 2013 private contract list.
- i. 2014 in-house construction candidate list.

**Response:** For questions #9a – 9g, please see attachment #9. For questions 9h- i, there were no sewer private contract jobs for 2013 and we do not have any sewer construction programmed for 2014 at this time.

**Question (#10):** List of hired truck vendors and what jobs they performed.

**Response:** The Department does not use “hired truck” vendors.

**Question (#11):** Amount of overtime in 2012 and 2013 year to date.

**Response:** OBM provided answer.

**Question (#12):** List of positions that required union affiliation.

**Response:** OBM provided answer.

**Question (#13):** List of private drain repairs by ward. Pending requests for private drains by ward.

**Response:** Please see attachment #13.

**Question (#14):** List of personnel pages from Water and Sewer Funds (as printed in budget book) identifying those that are Shakman exempt and those that are vacant.

**Response:** OBM provided answer.

**Question (#15):** Update charts provided last year: Backlog Report Street & Parkway Restoration and Street & Parkway Restoration Performance Plan.

**Response:** Please see the spreadsheet marked attachment #15.

**Question (#16):** For my ward, a map of all water main leaks and sewer cave-ins or other major problems. Overlay where there has been sewer or water replacement.

**Response:** Please see attachment #16.

**Question (#17):** List of promotions by position and from and to what position, and from department to department if relevant.

**Response:** Please see the spreadsheet marked attachment #17.

**Question (#18):** List of new hires positions.

**Response:** Please see the spreadsheet marked attachment #18.

Question (#19): List of companies with whom there are term contract agreements for resident engineers on the Water side and on the Sewer side. How many employees hired from each in 2013? Provide the EDS responses for each of these agreements.

**Response:** The information requested can be found through the Department of Procurement's "Awarded Contracts" site on the City's website.

- Go to:  
[http://www.cityofchicago.org/city/en/depts/dps/provdrs/contract/svcs/awarded\\_contracts.html](http://www.cityofchicago.org/city/en/depts/dps/provdrs/contract/svcs/awarded_contracts.html).
- Click on the "Get Started Online" and go to the "City of Chicago" option.
- Then click on "Contracts and Awards" on the left panel.
- Here you will see an option to search by various fields.
- Go to the Department Name field, which will provide a drop down menu and select "Water Management".
- Then go to the time frame field and search for the time period for which you are interested.

Question (#20): Provide commentary on the state of the overall system, given the age of the water mains. Include the number of leaks in the system per year.

**Response:** The Chicago Water System consists of approximately 4,300 miles of water mains. A significant percentage of these mains were installed between 1890 and 1910, when the City's population grew exponentially. The industry standard for replacement of water mains is after a 100 year life span. In Chicago, we replace mains based upon age and number of breaks. Prior to 1990 we were replacing less than 25 miles per year. Between 1990 and 2011 the target increased to a 1% replacement rate, representing 42 miles per year. In 2012 we began a more aggressive replacement program, to complete a total of 880 miles within 10 years – more than doubling the prior target.

As a general statement, due to the larger inventory of water mains in the system and the previous history of low replacement rates, there are still a significant number of mains in the system installed prior to 1900. The Department is closely reviewing the number of breaks on mains and making its best effort to prioritize main replacements. As a tool to aid in this process, the Department has a geographical database of the Chicago water distribution system capturing the age and number of water main breaks along with other key attributes. This database allows the City engineers to more effectively and strategically prioritize its inventory and develop a long term capital program.

The Department has seen a range of water main breaks over the years depending on the type of winter since deep frost is a major cause of main breaks. Generally speaking, the average number of breaks per year we are experiencing is approximately 260.

Question (#21): Provide a copy of department policy on where calls should be directed that require coordination between Departments.

**Response:** Coordination between Departments is required during the planning phase of a project. During this phase, the Department must submit plans of proposed infrastructure improvements to the Office of Underground Coordination at CDOT. At this point the plans are submitted to all other utilities to alert them of the proposed project and to determine any conflicts. This is where the bulk of the coordination occurs. Further, CDOT has also instituted a Project management Office that oversees and coordinates work within the Public way.

Question (#22): Private contractors are reporting to private resident engineers. Who do those resident engineers work for? How much are they paid?

**Response:** Please see attachment #19.

Question (#23): In reference to the private drain program, most of the time the homeowner has already called out a plumber to inspect their lines. After the plumber provides the owner with the documents and proof that the cause of the problem is on the City's side the water department requires the owner to set up a private drain inspection. The PD inspection requires the owner to call a plumber for a second time costing them additional money. Is there a way that this can be alleviated and not charge the owner twice for the same thing?

**Response:** The Department of Water Management does everything possible to communicate the procedures for the Private Drain Program to homeowners, licensed drain layers and licensed plumbers. A licensed drain layer or plumber must pull a permit to rod and determine if there is a break and where that break is located. After pulling the permit the licensed drain layer or plumber contacts House Drain Inspection to request an appointment with the inspector. The homeowner will not have to pay twice by following the procedures set forth in the Private Drain Program.

Please see attachment # 23 for additional information.

Question (#24): How often are catch basins and sewers cleaned?

**Response:** The goal is to keep with EPA standards and clean catch basins and sewers every 5 years. In 2013 over 30,000 structures were cleaned citywide.

Question (#25): Work that is performed on sewer lines sewer mains are performed at the end of the construction season sometimes. On occasion we have had streets to go unpaved full of rocks and debris, until the following spring when the asphalt plants reopen. Better communication and timeliness of these projects are imperative for the homeowners of the blocks affected.

**Response:** It is imperative that the New Construction of Sewers continue through the winter season in order for us to reach our goals and to try to prevent as much flooding as

possible. At the end of the sewer project a concrete cap is installed over the excavation, the cap is pour flush to the street and has a trowel finish. Once the spring arrives the street is ground and the final asphalt layer is put in. We will work with our vendor to ensure that we leave our construction as clean and safe as possible.

**DEPARTMENT OF WATER MANAGEMENT  
CITY OF CHICAGO**

**MEMORANDUM**

**TO:** The Honorable Carrie Austin  
Chairman, Committee on Budget and Government Operations

**FROM:** Thomas H. Powers, P.E.  
Commissioner  
Department of Water Management

**DATE:** November 12, 2013

**RE:** Request for Information

**CC:** Maria Guerra, Mayor's Office of Legislative Counsel and Government Affairs

**Ref ID:** 88-1-Private Drain information

---

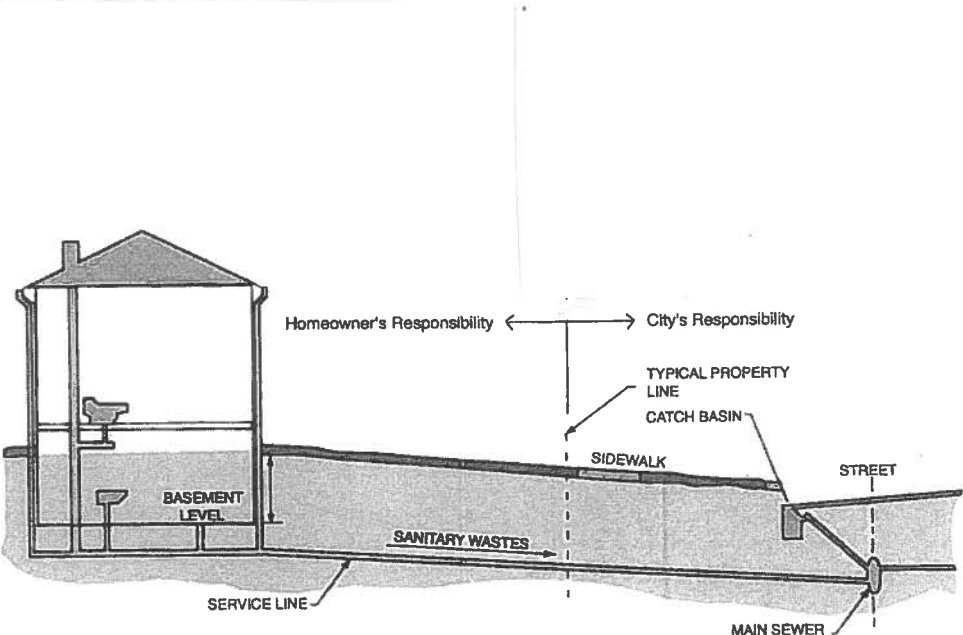

During our recent hearing to discuss the 2014 proposed budget, Alderman Suarez requested additional information regarding the private drain program and the homeowner's and City's responsibility.

Please see the attached explanation.

In terms of repair, what are the boundaries of responsibility for the homeowner vs. City of Chicago?

*Private Drain*

The homeowner is responsible for hiring a licensed sewer contractor to rod the private drain in the presence of a house drain inspector. If the line cannot be opened by rodding, a determination is made if the issue is on private property or in the public way. *Diagram Below*

**DEPARTMENT OF WATER MANAGEMENT  
CITY OF CHICAGO**

**MEMORANDUM**

**TO:** The Honorable Carrie Austin  
Chairman, Committee on Budget and Government Operations

**FROM:** Thomas H. Powers, P.E.  
Commissioner  
Department of Water Management

**DATE:** November 12, 2013

**RE:** Request for Information

**CC:** Maria Guerra, Mayor's Office of Legislative Counsel and Government Affairs

**Ref ID:** 88-2-List of Contracts

---

During our recent hearing to discuss the 2014 proposed budget, Alderman Thomas requested additional information regarding our list of contracts.

Please see the attached list of contracts.
