13. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Subject Property. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.
15. The Applicant acknowledges and agrees that the rezoning of the Property from *RM-5 Residential Multi-Unit District* to *B3-5 Community Shopping District*, and then to this *Residential-Business Planned Development (PD)*, triggers the requirements of Section 2-44-080 of the Municipal Code (the "Affordable Requirements Ordinance" or the "ARO"). The Applicant further acknowledges and agrees that the Property is located in the Near North/Near West Pilot Area, pursuant to Section 2-44-090 of the Municipal Code (the "Near North/Near West ARO Pilot Area Ordinance" or the "Pilot"). The Near North/Near West Pilot Area is divided into two zones: the Near North Zone and the Near West Zone. The Property is located in the Near North Zone. In the Near North Zone, pursuant to the ARO, the percentage of units in a residential housing project required to be affordable for a period of 30 years, whether rental or for-sale, is increased from 10% to 20%. Any developer of a residential housing project in the Near North Zone must provide the first 10% of units required to be affordable (the "First Units") either: (i) in the residential housing project, or (ii) with the approval of the commissioner of the Department of Housing ("DOH"), subject to the transition provisions of Section 2-44-040(c), in consultation with the commissioner of the Department of Planning and Development ("DPD") as appropriate, in an off-site location within two miles of the Property and in the same or a different higher income area or downtown district, or (iii) any combination of (i) and (ii). In addition, the developer must provide the second 10% of units required to be affordable (the "Additional Units") either: (i) in the residential housing project, or (ii) with the approval of the commissioner of DOH (subject to the transition provisions of Section 2-44-040(c)), in consultation with the commissioner of DPD as appropriate, in an off-site location anywhere within the Near North/Near West Pilot Area, regardless of distance from the project or income area, or (iii) any combination of (i) and (ii).

Applicant: MP 140 Ashland LLC
Address: 140 North Ashland Avenue
Introduced: February 24, 2021
Plan Commission: March 18, 2021

The project has a total of 210 housing units. As a result, the Applicant's affordable housing obligation is 42 affordable units (20% of 210), consisting of 21 First Units and 21 Additional Units. Applicant has agreed to satisfy its affordable housing obligation by providing the First Units off-site, pending the Commissioner's approval, and the Additional Units in the rental building to be constructed in the Planned Development, all to be approved by the DOH in consultation with DPD as appropriate, as set forth in the Affordable Housing Profile Form attached hereto. In accordance with the ARO Pilot, the Applicant is required to lease the First Units to households earning up to 60% of the Chicago Primary Metropolitan Statistical Area median income ("AMI") at prices affordable to households at such income level, and the Additional Units to households earning up to 80% or 100% of AMI, as determined by rule and approved by the Commissioner at prices affordable to households at such income level. If the Applicant subsequently reduces (or increases) the number of housing units in the project or elects to build a for-sale project instead of a rental project, the Applicant shall update and resubmit the Affordable Housing Profile Form to DOH for review and approval. DOH may adjust the requirements to reflect any such change without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The terms of the affordable housing agreement and any amendments thereto are incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner may enforce remedies for any breach of this Statement 15, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to

Address: 140 North Ashland Avenue
Introduced: February 24, 2021
Plan Commission: March 18, 2021

inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. This Planned Development shall be governed by Section 17-13-0612. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the property to *RM-5 Residential Multi-Unit District*.

13. Describe the proposed use of the property after the rezoning. The subject property is located less than 1,320 linear feet from the entrance to the Ashland Avenue CTA Train Station, and – therefore, the subject site qualifies as a Transit Served Location (TSL) under the tenets of the current Zoning Ordinance. As such, the Applicant is seeking to reduce the amount of required vehicular parking for the new development, by approximately 72% - from 210 spaces to 58 spaces. The proposed new building will measure +/- 150 feet-0 inches at its tallest point (penthouse). *[The height and number of dwelling units trigger a mandatory Planned Development, under the current Zoning Ordinance.]
14. The Affordable Requirements Ordinance (ARO) requires on-site affordable housing units and/or a financial contribution for residential housing projects with ten or more units that receive a zoning change which, among other triggers, increases the allowable floor area, or, for existing Planned Developments, increases the number of units (see attached fact sheet or visit www.cityofchicago.org/ARO for more information).
