Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.

16. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II Review process is initiated, for each improvement that is subject to the aforementioned policy and must provide documentation verifying compliance.
17. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of (i) 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.
18. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and

PROJECT STATEMENT

Current State: The project site (633 N. St. Clair St.) is zoned Business Planned Development 468 (most recently amended September 10, 1997) and consists of a mixed use business office, hotel, ground floor retail/service establishments, other related uses, and accessory parking contained within a single 27 story steel frame/glass curtain building with low-rise “ballroom addition”, all as provided in PD 468. The hotel portion is currently operated as Hyatt Centric Magnificent Mile Hotel (the “Hotel”) and occupies a portion of the first floor and floors 2-18 inclusive. The Hotel consists of 419 keys, along with guest amenity spaces and ballrooms/conference rooms.

The applicant, Northwestern Memorial HealthCare (NMHC), purchased the Hotel in February 2022. The project site is directly south of Northwestern Memorial Hospital's Galter Pavilion. East Erie Street separates the Hotel and Galter Pavilion. Galter Pavilion and its adjacent Feinberg Pavilion, along with other outpatient and non-clinical buildings, form the core of NMHC's academic medical center, Northwestern Memorial Hospital.

Project Plan: Repurposing two Hotel floors for Medical Services. In addition to leveraging the Hotel for use by its patients, their families, and visitors, NMHC wants to expand its academic medical center by repurposing two Hotel floors (5th and 6th floors, 20,576 SF and 36 keys per floor) for outpatient Medical Services (as defined in the current Zoning Ordinance). The Zoning Administrator advised NMHC that “business offices and related uses” under PD 468 does not permit the operation of Medical Services, so NMHC is seeking to amend to PD 468 “Plan of Development Statement #5” to include Medical Services.

To repurpose the 5th and 6th floors for Medical Services, NMHC intends to reconfigure the elevators serving those floors, which would require removal of two hotel rooms on the seventh floor. Thus, the total reduction in Hotel room keys by the repurposing the 5th and 6th floors to Medical Services would be 74, resulting in the Hotel having 345 keys after the Project is complete.

Pedestrian Bridge over East Erie. To ensure the safe and efficient passage of NMHC's patients and medical providers and staff between the repurposed Medical Services floors at 633 N. St. Clair and NMHC's academic medical center, NMHC intends to construct a pedestrian bridge connecting the second floor elevator lobby of the Hotel with Galter Pavilion. The new pedestrian bridge is minor change to PD 468 and a minor change to Institution Planned Development #3 (of which NMHC's academic medical campus is a part). NMHC will seek the minor change to PD 3 concurrently with these amendments to PD 468.

The pedestrian bridge will be approximately 15' wide and will span East Erie Street on a diagonal to the north and south buildings' faces. The structural design and connections will be limited to above the sidewalk and is conceived to not require additional column placement at the sidewalk level. The pedestrian bridge will meet the Chicago Building Code requirements, it will be a fully sprinklered structure, it will be fire rated and separated as required, and will not be used as a horizontal exit. The architectural language of the proposed bridge will be reflective of and in keeping with all other neighboring bridges that currently exist on NMHC's academic medical center, including the pedestrian bridge at the east end of the same block connecting NMHC's Feinberg Pavilion with its Lavin Family Outpatient building (permitted and developed by NMHC in 2013). In addition to providing protected access between the repurposed Medical Services space in 633 N. St. Clair, the pedestrian bridge will be fully accessible to

public circulation as are the other NMHC pedestrian bridges. The streetscape on the north side of East Erie is conceived to be consistent with the design language used in PD-3 and on the south side of East Erie is conceived to be consistent with the design language used in PD 468.

The new pedestrian bridge will consist of approximately 1,150 square feet of Floor Area, one half of which would be attributed to PD 468 and the other half attributed to PD 3. The addition of 575 sf of Floor Area to each PD will not cause either to exceed the currently permitted Floor Area Ratio:

- Current PD 468 FAR is 18.08 with assumed 603,667.52 building gross sf. With the addition of 575 sf, the resulting Floor Area Ratio would be 18.10, which is below PD 468 maximum Floor Area Ratio 18.42.
- After the 2020 minor change to PD 3 Subarea E (of which Galter Pavilion is a part) NMHC has available Floor Area Ratio of 516,889 square feet. The pedestrian bridge portion of Floor Area Ratio would reduce the Subarea E available Floor Area to 516,314 sf.

Except for this minor change to FAR due to the pedestrian bridge, NMHC's project will NOT change any bulk regulations data table or other changes to PD 468.

IV.Chicago Building Code:

Current 2021 Chicago Building Code has adopted IBC 2018

A.Occupancy Classification options of new pedestrian bridge:

1. Northwestern owns the bridge, it is classified “WITH” the base of Galter, in which case “E” Business.

B.Construction Type:

1. Assume the bridge to be I-A Construction type from Chicago Standpoint. Galter must have been I-A as a new high-rise compliant with 13-76.

C.Height and Area Limitations:

1. Unlimited for fully sprinklered 1-A building.
2. Bridges and Balconies: 13-160-510 Horizontal exits – Bridges and balconies.

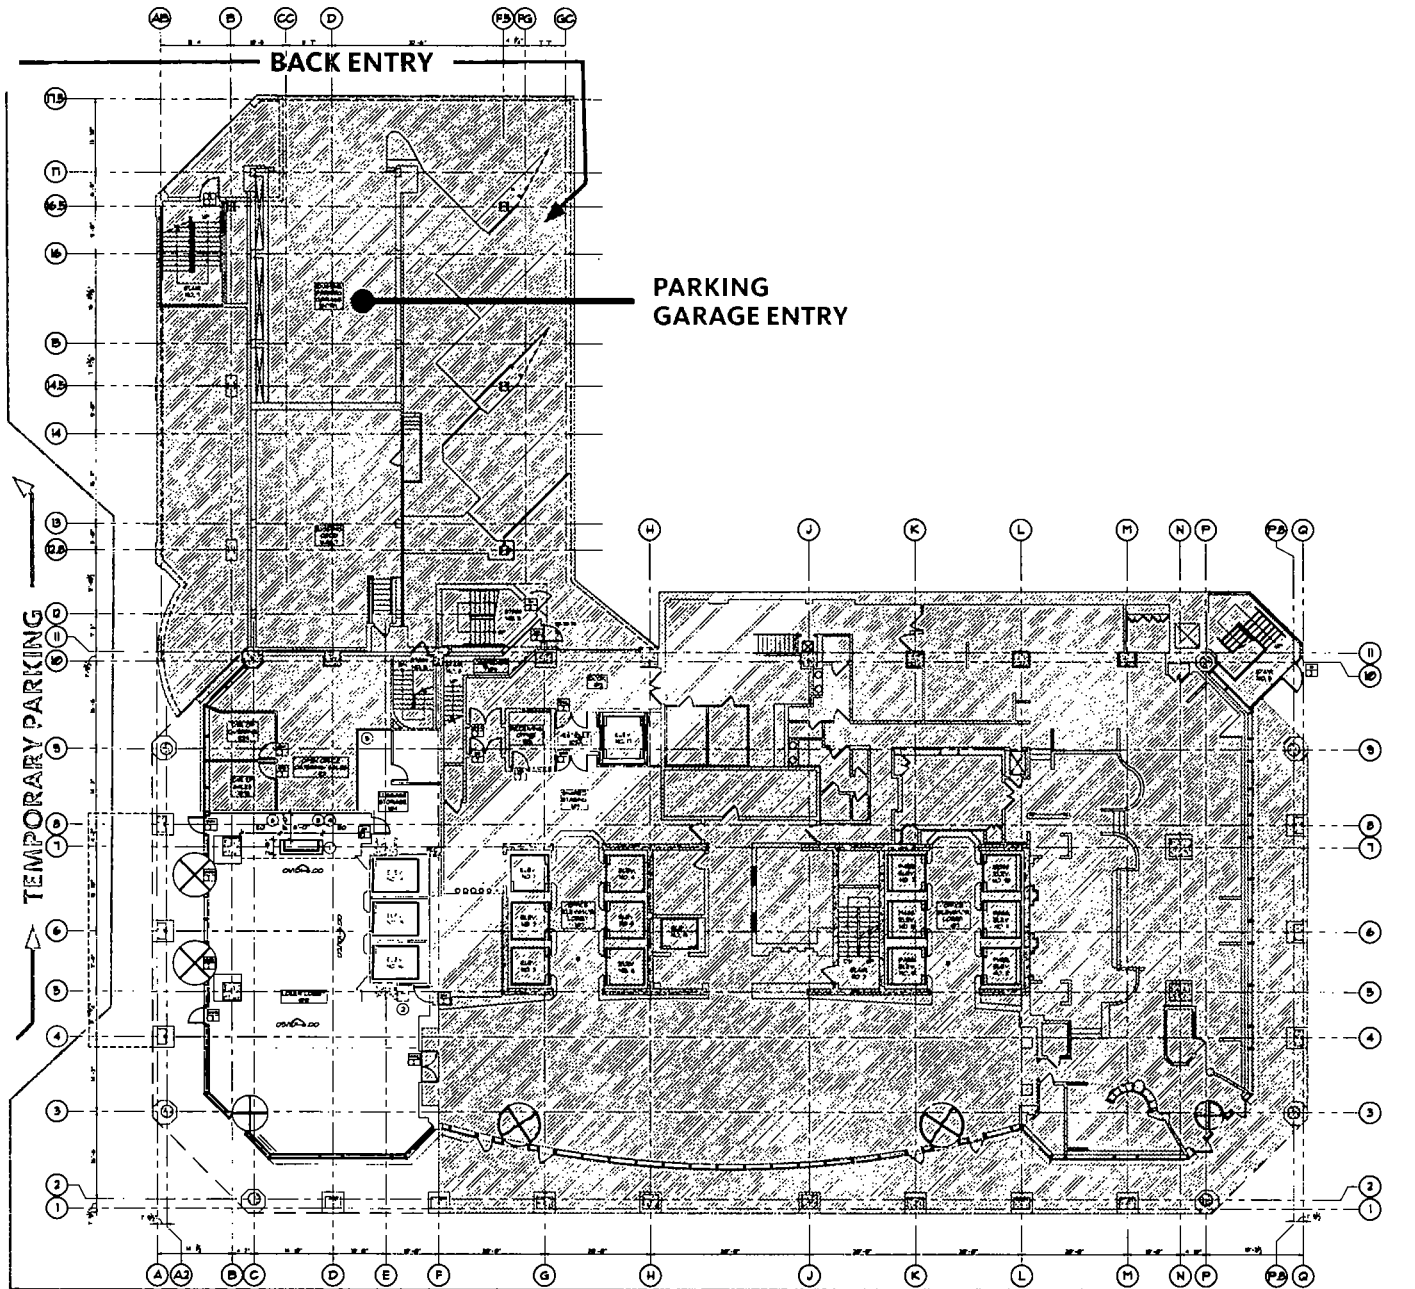

(a) Bridges and balconies shall be constructed of noncombustible materials with solid floors. Railings shall comply with the requirements for railings of outside stairs.

(b) All exterior wall openings within a distance of 15 feet from balconies or bridges shall be protected by fire doors, fire windows or fire shutters as required in Section 15

Impact of recent changes to the Chicago Building code will need to be examined. Current Chicago Building Code requires both wind and seismic requirements to be addressed.

Re: Property Owner's Consent to Seek Zoning Approvals – 633 N. St. Clair Street

Dear Mr. Murphey:

Chicago Title Land Trust Company, as successor trustee to LaSalle Bank National Association, as successor trustee to American National Bank and Trust Company of Chicago as trustee under Trust Agreement dated February 1, 1996 and known as Trust No. 121309-2 (the "Owner") is the owner of the property commonly known as 633 N. St. Clair Street, Chicago, IL (the "Property") (PIN: 17-10-203-001-0000 – 17-10-203-004-0000). The Property is currently improved as a 29-story office building including a Hyatt brand hotel with 419 rooms and other hotel amenities (the "Hyatt Hotel").

Owner has agreed that Northwestern Memorial Healthcare, an Illinois not-for-profit corporation ("NMHC"), which is the owner of the Hyatt Hotel, can seek zoning approvals (i) to repurpose two floors in the existing Hyatt Hotel for medical services, which is not currently a permitted use under the current planned development, and (ii) to build an elevated walkway over E. Erie that would connect the Hyatt Hotel and NMHC's Northwestern Memorial Hospital (the "Project").
