

2022 CHICAGO CLIMATE ACTION PLAN

FUNDING YOUR FUTURE

Here is your chance to tell the City of Chicago which outcomes of climate action matter most to you.

Which of the 10 outcomes would most improve your quality of life?

Imagine you have \$100 total to spend on reaching the 10 outcomes to the right. Fund the outcomes you most want to see by writing the number next to the \$10 bills below. Feel free to significantly fund some, fund some a bit, and not fund the other outcomes.

Example:

Outcome #	<input type="text" value="1"/>		Outcome #	<input type="text" value="4"/>	
Outcome #	<input type="text" value="4"/>		Outcome #	<input type="text" value="4"/>	

This means that \$10 have been allocated to outcome #1 (Better air quality) and \$30 to outcome #4 (More job opportunities).

Once you write an outcome number next to each of your \$10 bills, you have completed the activity.

Outcome #	<input type="text"/>		Outcome #	<input type="text"/>	
Outcome #	<input type="text"/>		Outcome #	<input type="text"/>	
Outcome #	<input type="text"/>		Outcome #	<input type="text"/>	
Outcome #	<input type="text"/>		Outcome #	<input type="text"/>	
Outcome #	<input type="text"/>		Outcome #	<input type="text"/>	

OUTCOMES

<div>1</div>  <p>Better air quality and reduced pollution</p>	<div>2</div>  <p>Better access to safe, affordable, and reliable bikes and e-scooters that get me where I need to go</p>
<div>3</div>  <p>More marked, protected, and well-connected bike lanes to keep cyclists and e-scooter riders safe while traveling</p>	<div>4</div>  <p>More job opportunities that help preserve or restore the environment</p>
<div>5</div>  <p>Better community response plans in case of an emergency</p>	<div>6</div>  <p>Better access to safe, affordable, and reliable transit that gets me where I need to go</p>
<div>7</div>  <p>Better access to affordable and reliable renewable energy</p>	<div>8</div>  <p>Closure of fossil fuel power plants</p>
<div>9</div>  <p>Community wealth creation through the solar energy and battery storage economies</p>	<div>10</div>  <p>Lower utility bills and better energy efficiency and home comfort</p>
