Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Notes to Financial Statements

December 31, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization - In an agreement made effective for calendar year January 1, 2011 the City Council of the City of Chicago passed an ordinance authorizing the establishment of Special Service Area ("SSA") Number 51. The City authorizes a Special Service Area Commission (the Commissioners) to preside over SSA approved annual activities. The annual activities are funded with a tax levy upon taxable properties within a designated area of the Chatham community.

The tax levy is in addition to all other property taxes. Tax levied are billed, collected, and remitted by the City to the Special Service Area. Any unused tax levy for approved activities can be used by the Special Service Area in the succeeding year with City Approval. The tax levy order is for 10 years beginning with tax year 2010. These funds are temporarily restricted for approved annual activities.

SSA #51 is administered by Chatham Business Association Small Business Development, Inc., and currently provides funds for Maintenance and Beautification, Debris and Snow Removal; Façade Enhancement; Economic Development; Marketing and Safety and will afford the opportunity for various promotional events in Chatham and its surrounding communities.

Government-Wide and Fund Financial Statements - The financial statements of the SSA have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units, hereinafter referred to as GAAP (generally accepted accounting Principles). The accepted standard-setting body for establishing governmental accounting and financial reporting principles is GASB (the Governmental Accounting Standards Board).

Government-Wide financial statements (Statement of Net Positions and Statement of Activities) are prepared using the economic resources measurement focus and the accrual basis of accounting for all of the SSA's activities. The Fund Financial Statements, which focus on the SSA's governmental fund's current financial resources measurement, are prepared on the modified accrual basis.

The SSA accounts for its activities in one fund, its general fund.

Income Tax Status - The Organization is exempt from federal income tax under Section 501 (c) (6) of the Internal Revenue Code.

Measurement Focus, Basis of Accounting and Financial Statement Presentation - The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year in which they are levied.

Notes to Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

The governmental fund financial statements are prepared on the modified accrual basis of accounting, with only current assets and liabilities included on the balance sheet. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available to finance expenditures of the current period. Available means collected within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property taxes are susceptible to accrual and recognized as a receivable in the year levied. Revenue recognition is deferred unless the taxes are received within 60 days subsequent to year-end. Expenditures are recorded when the liability is incurred.

Fund Equity/Net Position - Governmental fund equity is classified as fund balance. Fund balance is further classified as non-spendable, restricted, committed, assigned or unassigned. Non-spendable fund balance cannot be spent because of its form. Restricted fund balance has limitations imposed by enabling legislation or an outside party. Committed fund balance is a limitation imposed by the SSA board through approval of resolutions. Assigned fund balances is a limitation imposed by a designee of the SSA board. Unassigned fund balance is the net resources in excess of what can be properly classified in one of the above four categories.

When both restricted and unrestricted fund balances are available for use, it is the SSA's policy to use restricted fund balances first, then unrestricted fund balances. Furthermore, committed fund balance is reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

For the government-wide financial statements, net position is reported as invested in capital assets net of related debt, restricted or unrestricted. Invested in capital assets, net of related debt, if applicable, is comprised of the net capital asset balance less any related debt. Restricted net position is when restrictions are placed on net assets from 1) externally imposed by creditors, grantors, contributors or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation. The remaining net position is classified as unrestricted.

Special Service Area Agreement - The City of Chicago has established a special service area known and designated as "Special Service Area Number 10" to provide special services in addition to those services generally provided by the City. Chatham Business Association Small Business Development, Inc. has been designated as "Contractor" under terms of the agreement. The City has authorized a levy not to exceed 2.5% of the equalized assessed value of all property within the area to produce sufficient revenues to provide those special services.

Cash and Cash Equivalents - Cash and cash equivalents is defined as short-term liquid investments such as cash in banks, money markets and other financial instruments that can be reduced to cash in thirty days or less. The Organization maintains its cash in bank accounts, which, at times, may exceed the federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents. The Organization has established a separate checking account and all tax revenue funds are automatically deposited into this checking account. The Contractor did not commingle Service Tax funds with funds from any other source.

Date of Management's Review - Management has evaluated subsequent events through April 28, 2016, the date on which the financial statements were available to be issued.

Total expenses charged to the Organization for service related fees totaled \$527,206 for the year ended December 31, 2015.

NOTE 3 - CONCENTRATIONS

The Organization maintains its cash balances at a high quality financial institution. Balances at times may exceed federally insured credit limits.

The Special Service Area receives 100% of its operating support from revenues collected from taxes levied or imposed upon property within the area.

NOTE 4 - PROPERTY TAXES

Property taxes become an enforceable lien on real property on January 1 of the year it is levied. Taxes are payable in two installments in the subsequent year. The first installment is an estimate based on the year billed levy (55%) and is due in March. The second installment is due on August 1, or 30 days from the mailing of the tax bills if issued later than July 1. The second installment is based on the remaining amount of the levy on file with the County. Bills are issued and collected by Cook County who remits the SSA's share to the City who remits the monies to the SSA.
