The above is based on Department of Business Affairs & Consumer Protection records as of October 16, 2012. Medallions transfers after October 16, 2012 may alter the number of mandated WAVs under the New MCC 9-112. Pertinent sections of the Municipal Code of Chicago effective July, 1, 2012: MCC 9-112-570(b) - Any single licensee that owns or controls 20 or more licenses must place into service wheelchair accessible vehicles as taxicabs on five percent of its taxicab vehicle fleet.

MCC 9-112-570(c) - In determining the wheelchair accessible taxicab vehicles requirements above, the city will add up the total number of licenses held by a single licensee. The total number of licenses that each licensee holds will be based on the total licenses in each corporation, or legal entity, in which he holds a 25 percent or greater share or ownership interest including, but not limited to, stocks and shares.
