- Be a United States citizen or a permanent legal resident.

 - Is recognized as a “professional” by peers (artists working in the same discipline) and experts in the field.
 - **Has at least a two-year history of public presentation or publication.**
 - *It should be noted that the word “professional” refers to the nature of the artist’s commitment to his or her art form as his or her primary vocation rather than the amount of financial remuneration earned from the creative endeavor.*

Geographic Dispersion of IAP Funds

DCASE’s Cultural Grants Program strives for an equitable distribution of artistic services across the city. Additionally, when evaluating applications, panelists will be instructed to consider geographic access as one of many review criteria to ensure the support of projects created by or serving residents of Wards which have been historically underserved with little access to arts and culture activities or resources.

NOTE:

DCASE is unable to pay grant funds to individuals with outstanding, existing debt with the City of Chicago. Please pay off any existing debt (parking tickets, utility bills, etc.) prior to applying for an IAP grant.

Funding Restrictions:

DCASE IAP funds cannot be used to support:

- **Applicant compensation. Applicants may not use DCASE grant funds to pay themselves.**
- Capital improvements or the purchase of permanent, depreciable equipment (e.g. office/electronic equipment, cameras, musical instruments, amplifiers, stereos, cameras).
- No more than 50% of a grant to a single individual.
- Individuals enrolled in undergraduate college/university studies of any kind.
- Tuition for a degree-based, university-level educational program.
- Past IAP grantees that have not completed the required Final Report for their funded project or failed to execute a project in alignment with a funded proposal.
- An applicant or collaborator on more than one proposed project.
- Applicants seeking funds for projects considered to be hobbies or of a therapeutic or recreational nature.
- Banking fees, PayPal fees, or service fees from crowd funding projects.
- Food or beverage expenses, unless the food or beverage costs are a critical part of/critical materials for the artistic project.
- Fundraising events, religious ceremonies or events, or advocacy of specific political causes or candidates.
- Vehicle rental of any kind.
- Travel expenses **except where noted in category descriptions.**

NOTE:

All IAP grant recipients will be taxed on the amount awarded. The percentage will be based on your taxable income bracket. The City of Chicago Comptroller’s office will send a 1099 Form to the lead applicant/artist on each project. Please plan ahead.

GENERAL GUIDELINES/KEY POINTS

- **What is a project?:** A project has explicit goals/objectives, and a predetermined cost that does not equal the artist's total annual budget for artistic work. Projects with multiple components must show that there are cohesive goals that tie the project together
- **Grant Period:** The grant period will be January 1, 2018 – December 31, 2018 or January 1, 2018 – August 31, 2018, depending on the timing of your project. If awarded, all grant funds must be expended by the grantee during the grant period. You will be notified of your grant period when grant decisions are made.
- **Grant Size: We will accept requests up to \$5,000 across all categories.** DCASE may award larger or smaller grants than those requested by applicants based on our available funds, the strength of the proposed work, and the clarity of the submitted budget. **Note:** If you are a City of Chicago employee, you are only eligible to receive \$1,000.00.
- **Eligible Expenses:** All project expenses that will be incurred during the grant period and are NOT listed under Funding Restrictions are eligible for support through this program. These expenses include studio and venue rental fees, fees paid to individuals serving as collaborative and contracted artists, and the cost of raw materials needed to create art.
- **Payment/Reimbursement:** Grants will be made in a single, one-time payment following the successful completion of the grant agreement. Given the time it takes to review applications and complete the contracting and payment processes, **IAP grants are likely to serve as reimbursements** for cash expended by the applicant for eligible expenses during the grant period. **Plan for personal cash flow to cover expenses up front.**

GENERAL GUIDELINES/KEY POINTS

- **Previous IAP Grantees:** An artist can receive funding through IAP for up to three **consecutive** years before he or she is required to take one year off from applying. If you have received a grant in 2015, 2016, **and** 2017, you may not apply for the 2018 Cycle. Artists working on long-term, large-scale projects may apply to receive additional support for a project previously supported by IAP. In this instance, be sure your 2018 application (1) clearly shows substantial progress of the work since the last application and (2) requests funding for distinct and unique aspects of the project not previously funded by DCASE. Preference will be given to unique, innovative projects that have not previously received funding. To see a list of past IAP grantees, please visit www.chicagoculturalgrants.org.
- **Collaborative Projects:** DCASE will accept IAP applications for collaborative projects. DCASE defines a "collaborator" to be someone who is considered to be a co-owner of the project and a generative part of the team, with some level of artistic control over its outcome. A collaborator is NOT someone who provides services on a work for hire or independent contractor basis. If applying on behalf of a collaboration, applicants must select a Lead Artist to be responsible for all application and grantee requirements, if funded. This Lead Artist must meet all IAP eligibility requirements and play a principal role in the proposed project. If funded, this person will receive the grant funds in their name on behalf of the group and will be required to pay Federal taxes on any amount awarded. **If you are listed as a collaborator on an IAP application you cannot also apply for your own IAP grant.** If you are applying on behalf of a collaboration, you will also need to supply resumes and statements of commitment from all collaborators.
- **Artists Affiliated with DCASE Grantee Organizations:** Artists affiliated with 501(c)(3) non-profit organizations currently funded by DCASE's other grant programs remain eligible to apply for IAP. However, applicants must ensure proposed projects are self-directed and independent from the work of the non-profit organization with which they are affiliated.
- **Prohibition Against "Double Dipping":** If you are receiving or applying to receive support from DCASE for this work in another capacity (e.g., rehearsal space at the Cultural Center, performance opportunities, exhibition space), note that you may only seek grant support for project expenses not covered by another division of DCASE. Priority will be given to projects not receiving other DCASE support.

HOW TO APPLY

Links to applications can be found on our website beginning on **October 23, 2017:**
<http://www.chicagoculturalgrants.org>

All applicants must apply using our online grants application software program, CyberGrants.

- Previous applicants can log in using their previously created login information and should be sure to update all contact information throughout their CyberGrants account. If you do not remember your login/password, please contact CyberGrants by clicking on the “Have a technical support question?” link at the bottom of the login page.
- New applicants will be required to register and create an account upon accessing the system.
- If you did not attend an Application Assistance Workshop in 2015 or 2016, we will verify your attendance at a 2017 workshop against the email in your profile. Please be sure your information is current in CyberGrants.
- The application questions are meant to help artists think through a project from start to finish and provide information about its intended outcomes, audience, and impact on the artist’s career. Read and follow all directions and guidelines to ensure that your application is complete and accurate before submitting. You can save your work and return to complete the application at a later time.
- Even though you can type your responses to application questions directly into the online application, it is a good idea to draft your answers in a separate document, then cut, paste, and edit as you complete the application. This will prevent any loss of work due to internet connectivity or other technical issues encountered.
- We strongly recommend that you begin your application well before the due date to familiarize yourself with the CyberGrants software system and to address any application components about which you may need further clarification. We also strongly encourage applicants to submit earlier than the stated deadline. The DCASE Cultural Grants Team will answer questions and help you troubleshoot technical issues to the best of our ability. **Please note that our office receives numerous troubleshooting inquiries within the hours prior to the final submission. Therefore, we strongly encourage you to contact us as early as possible to ensure our assistance before the deadline.**

1. Eligibility Screening

The DCASE Cultural Grants team will review all submitted applications to ensure they have met the minimal eligibility criteria (residency requirements, all required materials submitted, etc.). Those which do not meet the minimal eligibility criteria will not be moved forward in the review process.

2. Peer Panel Grant Review

Eligible applications will be reviewed by a panel made up of artists, arts administrators, art enthusiasts and other experts.

Consideration is given to creating teams with demographics appropriate for each Category and reflective of the city as a whole, including artistic expertise, gender, geographic knowledge of the city, and cultural understanding. The panel is charged with reviewing eligible proposals, discussing project worthiness, making comments, and assigning numerical scores using the category-specific IAP criteria. To be successful, commitment to these criteria should thread through your entire application including the narrative, budget and support materials.

Grant reviewers make funding recommendations to DCASE. The role of the DCASE staff is to facilitate grant panel review and to aid the grant reviewers in finding consensus.

If you are interested in serving as a grant reviewer on a future panel, please fill out the form at <https://www.surveymonkey.com/r/KPFSDKS>. Please note that current IAP applicants cannot also serve as panelists.

The DCASE Individual Artists Program is partially supported by a grant from the Illinois Arts Council Agency, through federal funds provided by the National Endowment for the Arts.
