CHICAGO DEPARTMENT OF
DCASE
CULTURAL AFFAIRS & SPECIAL EVENTS

PROGRAM OVERVIEW

The goal of the DCASE CityArts program is to encourage the attainment of artistic excellence and financial stability through general operating support for 501(c)3 nonprofit arts and culture organizations. Through this program, DCASE provides one-year general operating grants. This year arts and culture organizations of all sizes may apply for general operating grants through the CityArts Program.

New in 2018, the CityArts program will also make project grants with a goal to incentivize innovation related to city-wide priorities. Each year, DCASE plans to select a specific theme to create focus to our programming and a driven energy towards a shared goal among Chicago's arts community. 2018 Project Grants will focus on this year's theme – the Year of Creative Youth.

All grant types are intended to further four Cultural Grants Program Priorities: Innovation, Community Engagement, Diversity & Equity, and Collaboration.

Cultural Grants Staff Contact Information:

Kalena Chevalier – Program Director
Kalena.Chevalier@cityofchicago.org

Julie Partynski - Grants Administrator
Julie.Partynski@cityofchicago.org

Note: due to the high volume of inquiries, please allow 48 hours for a response.

In 2018, the CityArts Program will offer three types of grants:

1) General Operating Grants for Large Arts & Culture Organizations

For organizations with an annual adjusted income over \$2M

2) General Operating Grants for Small Arts & Culture Organizations

For organizations with an annual adjusted income under \$2M

3) Project Grants for Small Arts & Culture Organizations

For organizations with an annual adjusted income under \$2M

Eligible organizations are able to apply for **both** a General Operating grant **AND** a Project Grant in 2018 **using one application form.** However, only a handful of the most exceptional applications will receive both grant types.

To calculate your organization's annual adjusted income, subtract the total amount of government contributions received during the previous fiscal year (this includes federal, state, and municipal/city contributions) from your organization's total income for that year. Note that in-kind contributions should not be included in this calculation.

- Annual Adjusted Income = Total Income – Government Contributions

General Operating Grants for Large Arts & Culture Organizations OVERVIEW

This grant opportunity is available to organizations with annual adjusted income budgets over \$2M.

DCASE will provide General Operating Grants to Chicago's major cultural institutions (budgets over \$2M) that are evaluated to be doing exemplary work related to **four** Cultural Grants Program priorities:

Priority 1 - Innovation: DCASE defines innovation as a project, product, process, creation, collaboration, initiative or program component that is NEW or drastically reimagined, leading to developments including: new artistic forms or formats, new methods of delivering art, presenting art in new/unexpected physical locations, replicable models for artistic development or programming, and much more. We are looking to support organizations doing work that seeks to challenge, change, improve or shift current products, practices, processes or paradigms by testing or utilizing novel concepts, approaches, or tools to fill local gaps and bring new ideas into the arts and culture field.

Priority 2 - Community Engagement: DCASE defines Community Engagement as artistic or educational programming/activities that encourage partnerships with multiple touch points among individuals and entities to identify and achieve shared goals and objectives. In alignment with Cultural Plan-related goals to elevate and expand neighborhood cultural assets, we are looking to support organizations that work to address local needs through deep interaction with Chicago residents and specific communities, to increase creative access, awareness and appreciation in every neighborhood.

Priority 3 - Diversity & Equity: One of the core values of DCASE is Diversity & Equity. We believe in the power of the arts to build community, inspire social change and bring fresh perspective to difficult and complex issues—including issues of race, ethnicity, class, gender identity and sexual orientation. We are looking to support organizations demonstrating clear commitment to this priority that is evidenced in their artistic work, strategic planning, artists, staff and audience.

Priority 4 – Collaboration: As another core value of DCASE, we view collaboration as the backbone needed for long-term impact and citywide transformation. We are looking to support organizations striving towards unique collaborations across disciplines, sizes, and sectors and in alignment with Cultural Plan-related goals to encourage cultural and non-cultural sectors to work together.

Successful applicants will demonstrate exceptional work across all four of these priorities.

General operating support funds may be used for artistic, administrative and/or program activities including expenses such as salaries, marketing, insurance, supplies, professional services, fees and training.

General Operating Grants for Small Arts & Culture Organizations

KEY POINTS

Number of Grants: The number of grants and the grant amounts awarded in 2018 will be contingent on the number of applicants and available budget. In 2017, DCASE made 147 grants through CityArts, with an average grant size of approximately \$5,476. In 2016, DCASE made 118 grants, with an average grant size of \$6,070.

Grant Size: We will accept requests between \$2,000 and \$15,000. DCASE will not provide a general operating grant that is greater than 10% of an organization's annual adjusted income from its most recently completed fiscal year (FY17) UNLESS the organization's budget is less than \$20,000. Grantees with budgets less than \$20,000 will receive a \$2,000 grant. DCASE may award larger or smaller grants than those requested by applicants based on our available budget and the strength of the application.

Previous CityArts Grantees: An organization can receive general operating funding through CityArts for up to three consecutive years before it is required to take one year off from applying for CityArts general operating support. Organizations that received funding in 2015, 2016 **or** 2017—but not all three—can and should reapply for 2018 CityArts general operating funding. If you are unsure if you are eligible to apply please contact our office.

Funding Categories: CityArts Funding Categories are derived directly from recommendations within the Chicago Cultural Plan and the DCASE Strategic Plan. All applicants will select one Funding Category within which to apply and will be reviewed against evaluation criteria designed specifically for the kind of work they do.

Foster Innovation: In previous years, DCASE also offered CityArts grants through the Foster Innovation category. This category was intended for organizations that would be experiencing a significant milestone during the grant period. These grants were \$15,000 regardless of organizational budget size. DCASE will no longer be accepting applications through this Foster Innovation category, but will instead select 3 – 6 exceptional applicants to receive special \$15,000 grant awards in 2018.

Project Grants OVERVIEW

This grant opportunity is available to organizations with annual adjusted income budgets under \$2M.

In 2018, CityArts Project Grants will support projects in alignment with the City of Chicago's Year of Creative Youth.

In alignment with our belief that there are no limits to the impact we can have on Chicago's cultural community when we work together, each year DCASE will strive to unite arts organizations across one priority that we believe deserves focused attention. In conjunction with this effort, the CityArts program will award grants in support of projects in alignment with this targeted priority.

2018 CityArts Project Grants will focus on a specific theme – the City of Chicago's Year of Creative Youth. Through this initiative, we will shine a spotlight on the young artists in our City, and the organizations and educators that support and inspire them, celebrating the creative spirit of the next generation as an essential part of Chicago's cultural life. **We invite you to be a part of this celebration by sharing exciting projects or programming related to creative youth that your organization could launch, enhance, expand, and/or elevate in 2018, with the support of DCASE.**

For the purposes of this grant program, we are defining youth broadly, and encourage projects that support K – 12 participants as well young adults emerging as artists.

CityArts Project Grants are intended to provide significant project support. DCASE plans to make 8 – 40 grants ranging from \$5,000 - \$25,000. If you would like to request a project grant of less than \$5,000, please instead apply through the Year of Creative Youth Microgrant Program. Details about the Microgrant Program will be announced in February 2018.

DataArts Requirements

DataArts is an online system for collecting and standardizing historical, financial and organizational data. See www.culturaldata.org.

- CityArts applicants must submit a DCASE Funder Report which will aggregate data for three most recent consecutive fiscal years for which data has been entered into the system - 2015, 2016 and 2017, where possible and available. The DCASE Funder Report is currently available to generate and attach to your CityArts application.
- Recently established organizations with less than three years of financial data must submit a DCASE Funder Report with at least one year of data reflecting the most recently completed fiscal year. For organizations in operation only during FY17, data for 2017 must be submitted.
- Organizations with fiscal years ending 12/31 may elect to submit financial data within DataArts for FY14, FY15 and FY16 (not FY17). In lieu of providing information within DataArts for FY17, an approved year-end actuals statement may be provided.
- As a reminder, the process for completing a DataArts Cultural Data Profile can be time consuming. Applicants should be sure to begin the process early to allow enough time to complete this process before the application deadline. It is highly unlikely for applicants who wait until the day of the deadline to complete this process successfully.

Review Process

Eligibility Screening

The DCASE Cultural Grants team will review all submitted applications to ensure they have met the minimal eligibility criteria (residency, incorporation and tax status requirements, all required materials submitted, etc.) Those which do not meet the minimal eligibility criteria will not move forward in the review process.

Peer Panel Grant Review

Funding Category-specific panels of grant reviewers comprised of artists, arts administrators, arts advocates, arts stakeholders, arts funders, and other experts will be selected. Consideration is given to creating teams with demographics appropriate for each category and reflective of the city as a whole, including artistic expertise, gender, geographic knowledge of the city, and cultural understanding. Grant reviewers are charged with reviewing eligible proposals, providing extensive comments on each application, and assigning numerical scores using Funding Category-specific review criteria. Each grant reviewer will consider applications in relation to DCASE and Cultural Grants Program goals, CityArts criteria, and in comparison to other applications from organizations of a similar size and stage of development. Grant reviewers make final funding recommendations to DCASE. The role of the DCASE staff is to facilitate grant panel review and to aid grant reviewers in finding consensus.

What Happens Next

- You will be notified via email about funding decisions. All applicants will be notified, regardless of if they have been selected for funding or not. We anticipate notifications will go out by May 31, 2018.
- If you are selected to receive a grant, you will receive a second email with your contracting materials. You will be required to return a signed and notarized grant agreement, an economic disclosure statement, a certificate of insurance, an invoice, and an indebtedness form. Detailed instructions about how to complete these forms will be supplied to you.
- The contracting process takes an average of 12 weeks AFTER your paperwork is returned to DCASE.
- Once this process is completed, your single one-time payment will be issued.
