**THE DEPARTMENT OF GENERAL SERVICES  
JOC APPROVAL LETTER**

**UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS**

CFD Engine Co. 8  
212 W. Cermak Road

For all proposed JOC projects, please complete items 1 and 2 below. As appropriate, complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

- 1. Please describe the major features of this project:**  
Furnish and install an exhaust extraction system at the noted fire station including all electrical connections and exhaust fan system.
- 2. Please explain why this project could not be bid using the City's traditional bid process, and the need to use JOC procurement system:**  
Installation of an exhaust extraction system is needed to remove dangerous diesel exhaust emissions from the firehouse. DGS and the Department of Fire have committed to addressing this condition aggressively and the JOC procurement method is the most efficient way to complete this project in a timely fashion.
- 3. If this project is a one trade project, please provide additional explanation of why it would not be in the City's best interest to do the project under JOC.**  
Multiple trade project.
- 4. If it is anticipated that over 25% of the project will consist of Non-Prepriced Items, please provide an explanation on why JOC should be used:**  
No non-prepriced items anticipated.
- 5. If some elements of the proposed JOC project scope of work are covered by City Term Agreements, these elements should be removed from the JOC project.**
