**A Note from the Commissioner**

Dear Friends:

Autumn is here, ushering in a new season of possibility. It presents a perfect opportunity to do something new, something bold, and what better place to explore the possibilities than your local senior center. Come join us this Fall, we have planned a wide array of programs and activities just for you. There are engaging classes, exciting holiday events, and as always, opportunity to access information and resources on available programs, benefits and community services.

Do not forget to take advantage of the Flu Shot Clinic scheduled at your local senior center. Stay well and have a wonderful holiday season.

Sincerely,

Lisa Morrison Butler, Commissioner
Chicago Department of Family and Support Services

**A Note from the Executive Director**

Dear Fellow Seniors:

Welcome to the last quarter of 2018! We have some great programs this year and hope you approve. Thank you for coming out and participating in Senior Fest 2018, it was wonderful to see all of you. Take time this Fall to celebrate family, welcome new friends, delight in opportunities to grow, and pay attention to all that is changing around you.

I wish you and your loved ones a wonderful holiday season and hope to see you soon.

Blessings,

Joyce
Chicago Department of Family & Support Services – Senior Services Area Agency on Aging

Chicago Department of Family and Support Services - Area Agency on Aging is designated by the United States government under the Older Americans Act, and by the Illinois Department on Aging, as the “Area Agency on Aging” for the City of Chicago. Area Agencies on Aging are part of a nationwide network of State and local programs that help older people to plan and care for their life long needs. With the goal of keeping seniors living independently in their own homes for as long as possible, Senior Services- Area Agency on Aging provide a wide range of options that allow older adults, ages 60 and over, access to services and programs that allow them to remain healthy, safe, and independent.

Information & Assessment Services

Information and Assessment is the key element to accessing all programs and services for senior citizens, and is a “one stop link” to elder care service providers in the city of Chicago and throughout the nation. By placing a call to (312)744-4016, an older person or caregiver receives information about the services offered by the Chicago Department of Family and Support Services and the aging network. Central Information and Assessment is located in City Hall, 121 North LaSalle St., Room 100, with five (5) community locations in the Regional Senior Centers.

Regional and Satellite Senior Centers

DFSS Senior Centers offer a variety of social, educational, cultural, recreational activities for seniors and their informal caregivers. There are twenty-one (21) senior centers located throughout the city. Contact information for each of the centers is listed on the back page of the brochure. Each center is tailored to the needs and interests of the local community. All centers offer resources for caregivers, Life Enrichment activities, computer learning centers including internet access, fitness programming, congregate dining, and more.
### Benefits Eligibility Checkup
Using an on-line benefits calculation tool, trained staff screen seniors for hundreds of federal, state and local benefits programs, including; prescription drug coverage, weatherization, energy assistance, & financial assistance. Staff then works with seniors in applying for identified benefits.

### Caregiving Resources
Informal/familial caregivers are provided a variety of assistance and supports to aid them in caring for their older loved ones. Services such as one-on-one counseling, family mediation, support groups, newsletters, information and referrals and education opportunities are available.

### Care Coordination Services
Through a referral from I&A, trained and certified care coordinators provide a comprehensive needs and eligibility assessment and create appropriate individualized plans of care utilizing a variety of in-home services, allowing seniors to live as independently as possible in their homes and communities. Plans of care are monitored and updated as needed.

### Chicago Fitness Plus
Award-winning fitness program that boosts endurance, strength, balance and flexibility. Senior centers are equipped with senior friendly exercise equipment and staffed by experienced, certified senior fitness professionals who lead group exercise classes and one-on-one training.

### Chore/ Housekeeping: Heavy Duty & Short-Term
Heavy Duty Chore is an one-time intensive cleaning for seniors whose living conditions pose a threat to their health and safety. Services include trash removal, window cleaning, moving heavy furniture and packing. Short-Term Chore assists seniors recuperating from a short-term illness; a temporary medical disability; and/or has been recently discharged from a medical setting. The temporary housekeeping assistance includes: light housekeeping tasks, laundry, and/or shopping.

### Adult Protective Services Program
Trained and certified Adult Protective Services Caseworkers respond to reports of alleged physical, emotional and sexual abuse, neglect, confinement or financial exploitation of any person, age 18-59 living with a disability or older adults living in the community. The program provides assessment, investigation, intervention and follow-up services to victims. Investigators work with the eligible adult to develop a plan to alleviate the abusive situation and reduce the risk of further harm to the eligible person.

### Foster Grandparent Program
Opportunity for seniors to make a difference in a child’s life. This program also gives the senior volunteer a presence in the community, free annual physicals and the ability to supplement their monthly income.

CARPLS is the legal aid hotline for Cook county. Each year, CARPLS conducts over 54,000 legal consultations with low and modest means clients. CARPLS has dedicated a new hotline for addressing the legal needs of older adults in the City of Chicago through a grant award from the Chicago Department of Family & Support Services—Senior Services Division.

**CARPLS will assist with a wide range of legal issue areas including:**

- Housing
- Family Law
- Consumer Debt
- Probate and Estates
- Immigration
- Civil Rights
- Public Benefits & Taxes
- Other

CARPLS attorneys provide brief legal services, which includes legal analysis of the client’s situation, legal advice and strategy, legal counseling on the best course of action, review of court documents or other legal documents, and in appropriate situations, drafting of legal pleadings and letters.

CARPLS attorneys do not provide direct representation in court on behalf of clients; if a client needs an in court attorney, CARPLS tries to refer the client to a network of 40 legal aid programs in Cook county.

OPEN ENROLLMENT IS HERE.
This is your chance to look at all of your Medicare plan choices like prescription drug plans and Medicare Advantage plans from private insurers.

BE OPEN-MINDED.
Plans change every year; so can your health needs. Don’t assume your current plan is still your best choice. Compare and see.

OPEN YOUR EYES TO THE POSSIBILITIES.
You could find better coverage, extra benefits or lower costs. It’s worth taking a few minutes to explore your options.

OPEN YOUR LAPTOP.
Go to medicare.gov and use the Plan Finder and other tools to make comparing plans easier. Or, visit medicare.gov/contacts to find free help at your State Health Insurance Program (SHIP).

WE’RE OPEN 24/7 AT 1-800-MEDICARE.

What is Medicare?

Medicare is health insurance for:
- People 65 or older
- Certain people under 65 with disabilities
- People of any age with End-Stage Renal Disease (ESRD) (permanent kidney failure requiring dialysis or a kidney transplant)

What are the different parts of Medicare?

Medicare Part A (Hospital Insurance) helps cover:
- Inpatient care in hospitals
- Skilled nursing facility care
- Hospice care
- Home health care

Medicare Part B (Medical Insurance) helps cover:
- Services from doctors and other health care providers
- Outpatient care
- Home health care
- Durable medical equipment
- Many preventive services

Medicare Part C (Medicare Advantage):
- Includes all benefits and services covered under Part A and Part B
- Run by Medicare-approved private insurance companies that follow rules set by Medicare
- Usually includes Medicare prescription drug coverage (Part D) as part of the plan
- Plans have a yearly limit on your out-of-pocket costs for medical services
- May include extra benefits and services that aren’t covered by Original Medicare, sometimes for an extra cost

Medicare Part D (Medicare prescription drug coverage):
- Helps cover the cost of prescription drugs
- Run by Medicare-approved drug plans that follow rules set by Medicare
- May help lower your prescription drug costs and help protect against higher costs in the future
What are my Medicare coverage choices?

There are 2 main ways to get your Medicare coverage — Original Medicare or a Medicare Advantage Plan.

**Option 1: Original Medicare**

This includes Part A and B.

- **Part A**
  Hospital Insurance

- **Part B**
  Medical Insurance

**You can add:**

- **Part D**
  Medicare Prescription Drug Coverage

**You can also add:**

- **Medigap**
  Medicare Supplement Insurance
  (Medigap policies help pay your out-of-pocket costs in Original Medicare.)

**Option 2: Medicare Advantage (Part C)**

These plans are like HMOs or PPOs, and typically include Part A, B, and D.

- **Part A**
  Hospital Insurance

- **Part B**
  Medical Insurance

**Part D**
Medicare Prescription Drug Coverage

(Most plans cover prescription drugs. If yours doesn't, you may be able to join a separate Part D plan.)

ABOUT OUR TRIPS AND EVENTS

WAIVERS: Every trip/event participant must register by completing and signing a Senior Services Emergency Contact/Waiver.

RESERVATIONS: Reservations are not guaranteed until the ticket is paid for. Please do your best to register as early as possible, since many of our trips and events fill up quickly.

REFUNDS: In order to make programs available to as many people as possible, we do our best to keep costs low. We base the cost per person by dividing the cost of the outing by the number of people we expect on the bus. We therefore regret we are unable to give refunds or discounts. However, if we have a waiting list and are able to sell your seat on or before the day of the trip, we will be happy to refund your money. Otherwise, we suggest you give your ticket to a friend as an “early” birthday or holiday present. Naturally we will refund your money if an event is canceled or significantly altered by Senior Services.

WHEELCHAIRS: If you use a wheelchair and would like to participate, please contact us at (312) 746-4798 to discuss arrangements.

TELEPHONE NUMBERS: When you register, make sure that you provide us with your phone number. Sometimes, in order to fill buses, we need to combine two locations. This can result in a change in the date of your program. If we have your phone number, we can contact you to work out these details.

PROMPTNESS: Most of our events and trips are on tight time schedules, and it is our policy to leave promptly at the stated departure time. This makes us unable to wait for latecomers. We regret that no refunds can be given to tardy participants who miss a bus.

NAME TAGS: We require participants to wear name tags as identifiers as part of our safety procedures.

COURTESY: Participants who go on our outings are expected to cooperate with group leaders, bus drivers and staff, as well as key persons in charge at the point of destinations. Any seniors or group leaders who are uncooperative - by being late, refusing to accommodate reasonable requests, or showing rude or anti-social behavior will be denied access to future trips, programs and events for the safety and comfort of the rest of the participants.
ABOUT OUR TRIPS AND EVENTS CONT…

GROUP ISSUES: Group leaders must obtain reservation numbers to register for trips. Payment must be made by the Money Due Date given at time of registration. Unless otherwise designated, Group leaders are given one complimentary ticket when leading 19 or more participants. When two groups share a bus, the first group boarding the bus should fill in the driver’s side of the bus, leaving the passenger side for group two. Front seats by the driver are reserved for the group’s leader or Family & Support Services staff. Group leaders are responsible for taking attendance to make sure everyone is accounted for and for bringing emergency forms for each participant. Group leaders must immediately let staff know of any accidents or incidents that occurs during the trip. (We salute the energy and dedication of our group leaders! We couldn’t host these programs without them).

ACCOMMODATIONS FOR PERSONS WITH HEARING IMPAIRMENTS: If you need a sign language interpreter for any of our lectures, programs or classes, please let us know as soon as possible so we can make the necessary arrangements. You can let us know by either calling your center on your TTY, writing a letter, stopping in or asking a friend to contact us. We welcome your participation.

PARKING: The five Regional Senior Centers have adjacent free parking. Regrettably, Renaissance Court has NO free parking, but plenty of public transportation options.

PREPARATION: Since some of our outings require walking, climbing or varying amounts of stamina, participants are responsible for learning about programs and trips before signing up for them, paying close attention to all trip details and any trip advisories or cautions. Proper footwear and clothing are the participant’s responsibility.

Diabetics may want to consider bringing their own snacks should they have concerns about an event’s meal service time.

EXTREME WEATHER WARNING: In case of severely hot, cold or extreme weather please call centers to confirm trips and events.

DISCLAIMER: Senior Services is not responsible for opinions or recommendations of vendors or facilitators.

The most important component of the Wellness Program is YOU! Healthy living helps to prevent chronic disease and certain disabilities. It can ensure that today’s older persons as well as future generations not only live longer, but also live better. It’s never too late to adopt healthy lifestyle habits. The Wellness Program can help you start a personal wellness program or provide you the support you need to maintain your wellness goals.

- The Wellness Program at Central West, Southeast (Atlas) and the Southwest Senior Centers is provided by the Bowman Center/Rush University Medical Center.

- The Wellness Program at the Northeast (Levy) Senior Center, Northwest (Copernicus) Senior Center, and Renaissance Court is provided by White Crane Wellness Center.

At each senior center, the latest information on healthy living and disease prevention is provided through monthly talks with the wellness nurse, social worker, dietitian, and pharmacist.

Take a look at the wellness schedule at the center nearest you and meet the wellness team. It is the first step to a healthier lifestyle.
# WELLNESS TEAM OF PROFESSIONALS

## WELLNESS NURSE

The Wellness Nurse is available weekly at each center. The Wellness Nurse is knowledgeable about health issues and provides education, guidance and insight. The Wellness Nurse provides blood pressure and other health screenings, support groups, and monthly health talks to help you manage your health.

## SOCIAL WORKER

The Social Worker is available one half day several times each month by appointment for private, one-on-one consultations. See the Wellness Social Worker for advice and information on resources for those times when you are faced with life’s challenging issues. The Wellness Social Worker also leads a discussion group on a variety of topics focusing on contemporary issues of aging.

## DIETITIAN

The Dietitian is available monthly to assist you in achieving your nutritional goals with one-on-one consultations, nutritional health talks, and discussion groups. The Wellness Dietitian shares insights about dietary needs, strategies to make positive lifestyle changes as well as the relationship between nutrition and your health.

## PHARMACIST

A Pharmacist is available at each center one half-day each month. In addition to informative presentations and question and answer sessions on medications and health-related issues, the pharmacist is available by appointment for private, one-on-one consultations to address your concerns. Make an appointment for a “brown-bag” medication review (bring all of your medications into the pharmacist for review) to receive help with timing your medications or bring in your lab results for discussion. See each center’s postings for available appointment times.

Vaccination Update 2018
By the time you are 65 years old, you have probably been exposed to or immunized against most of the common infectious diseases. But sometimes that protection decreases, which is why certain immunizations are recommended in the elderly community. In this session, the pharmacist will review the most up-to-date recommendations for immunizations, what vaccines you should consider based on your age or any illnesses you have, why these immunizations are important and who can give them to you.

Diabetes in the Older Adult – Remembering What Is Important
Diabetes, or high blood sugar, is a growing problem in our population. Estimates of 10%-20% of older adults over 70 years of age will develop diabetes. Complications from untreated diabetes can lead to damage in the eyes, kidneys, heart, nerves and skin. In this session, the pharmacist will review the symptoms of diabetes, how to best manage diabetes and the safe use of medications currently available in the older adult, and why it is important to keep your diabetes under control.

Depression and Mood Disorders – Striving for Mental Fitness
As we grow older, we may face many challenges that can lead to changes in mood. Retirements, the loss of friends and loved ones, medical problems or even increased isolation can all lead to changes in mood. Left untreated, these changes may lead to depression and can affect more than just your mood. In this program the pharmacist will help to identify the various steps you can take to optimize your mental fitness, including drug therapies, allowing you to live a more enjoyable and positive life.

What is SHIP?

The Senior Health Insurance Program (SHIP) is a free statewide health insurance counseling service for Medicare beneficiaries and their caregivers.

SHIP is provided by the Illinois Department of Insurance and is a volunteer driven program to assist consumers in making informed health insurance decision.

SHIP and their volunteer counselors do not sell or solicit insurance.

They are trained to:

- Educate the consumer and answer questions about Medicare, Medicare Supplement, Medicare Prescription Drug Coverage, Medicare HMO, PPO, Private-Fee-For-Service and other health plans;
- Organize and assist in filing Medicare claims; and
- Analyze Medicare Supplement and Long Term Care policies.

Here's what SHIP counselors do

Medicare beneficiaries and their families who need help will make an appointment with a local SHIP volunteer site to meet with a volunteer for one-on-one counseling. The volunteer counselor helps the client understand their health care choices, such as HMO’s and Medigap or they can help in correcting Medicare claims.

As a SHIP counselor, a volunteer might talk to small groups or help out at health fairs and enrollment events to assist those who can’t navigate the Medicare system on their own.

Training and Preparation

SHIP will provide trainees with the knowledge and basic skills they will need to be a successful counselor. SHIP will support volunteers with information from experts and guide them through providing this information to beneficiaries. Volunteers will be required to participate in ongoing routine volunteer meetings and other opportunities to deal with the needs of beneficiaries. Licensed insurance agents and financial planners are not eligible to be trained as SHIP volunteers due to the potential appearance of a conflict of interest.

Interested in volunteering for SHIP?

Qualifications:

We are seeking people who want to help Medicare beneficiaries and their families to better understand their Medicare health insurance choices and rights.

If you are reliable, able to maintain confidentiality, have a sensitive and caring attitude, can communicate well with others, provide information without conflict of interest and want to make a real difference, contact SHIP today!

For an application to become a SHIP volunteer counselor,
Please contact Martha Romero at 312-745-1282.

Come and join your neighbors at your local Golden Diners location. There are nearly 60 locations throughout the city, and there is sure to be one near your home. Most locations serve a hot meal at lunchtime and are open Monday through Friday. Some are open on the weekend. Golden Diners are open to individuals 60 years of age and older and their spouses of any age. In addition to American style cuisine, ethnic foods are served in specific ethnic communities. These include Southeast Asian, Indian, Korean, and Chinese. Special programs and activities are also provided at Golden Diners locations. Nothing is as rewarding as the friendship and companionship that the program has to offer. Exercise programs, educational lectures, and fun outings are also available. For more information, please call (312) 744-4016.

Influenza (commonly known as “the flu”), is a serious and potentially life-threatening disease, especially in adults 65 years of age and older.

- Influenza, also known as “the flu,” is a common respiratory infection caused by several related viruses.
- The flu is easily passed from person to person through coughing, sneezing, or through contact with fluids from an infected person's mouth or nose.
- Symptoms of the flu often include high fever, headache, tiredness, cough, sore throat, runny or stuffy nose, and body aches.
- As we get older, our immune system typically weakens. This generally makes it harder for us to fight disease and may also make us less responsive to vaccines. As a result, adults 65 years of age and older are at increased risk of flu and its complications. For example, the influenza virus can cause worsening of chronic conditions and it can lead to death.
- Each year in the United States, nine out of 10 flu-related deaths and more than six out of 10 flu-related hospital stays occur in people 65 years of age and older.

The flu can worsen other health problems.

- The flu is especially dangerous for people with certain conditions that commonly affect older adults, including heart disease, lung disease, diabetes, and cancer.
  - People with these conditions are more likely to develop complications from the flu that can result in hospitalization and even death.

The best way to help protect against the flu is vaccination.

- According to the Centers for Disease Control and Prevention, the single best way to prevent the flu is to get an annual vaccination, which is recommended for everyone 6 months of age and older.
  - Despite these recommendations, immunization rates among adults 65 and older are still far below public health goals. The leading reason older adults do not get the flu shot is not being aware they need it.
- Receiving the flu vaccination each and every year is the best way and first step to help protect yourself from the flu and spreading it to friends and family.

There is a vaccine that is designed specifically for adults 65 years of age and older.

- Adults 65 years of age and older have vaccine options. In addition to the traditional flu vaccine (which helps protect against three strains of the flu virus), there is also a quadrivalent vaccine (which helps protect against four strains), and a higher dose vaccine.
  - By improving the production of antibodies in older patients, the higher dose vaccine can provide a stronger immune response to influenza than traditional vaccines.
- These vaccine options are widely available at a doctor's office or local pharmacy. An annual flu shot is a Medicare Part B benefit – this means that the vaccine is covered with no copay for Medicare beneficiaries 65 years of age and older.

Talk to your health care provider today about the dangers of the flu, the benefits of vaccination, and the best vaccine option to meet your needs.
