X Community Area Snap Shot

COMMUNITY AREA INFORMATION:

- Near West Side
- Demographic Data
 - 67,881 total population
 - 41.2% of residents are between age of 20-34
 - 69.6% have a Bachelor's Degree or higher
 - 80.8% of residents live in a one or two-person household
 - 35.5% of households do not have vehicles
 - 48% of households have 1 vehicle

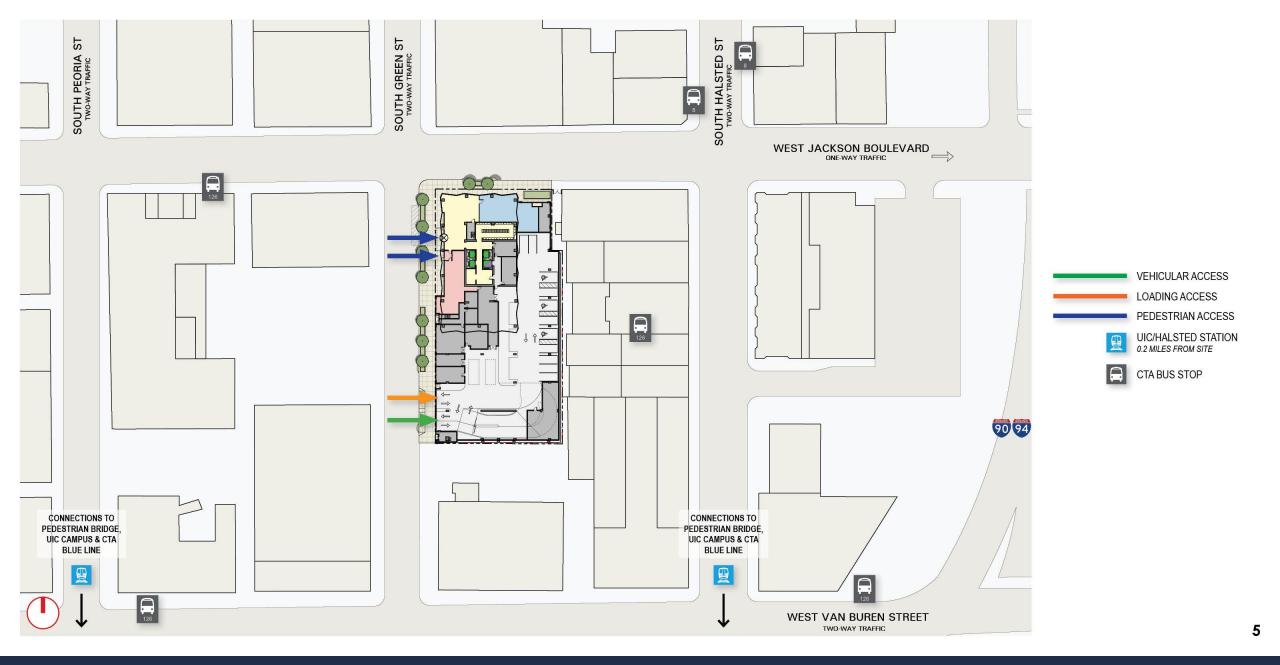

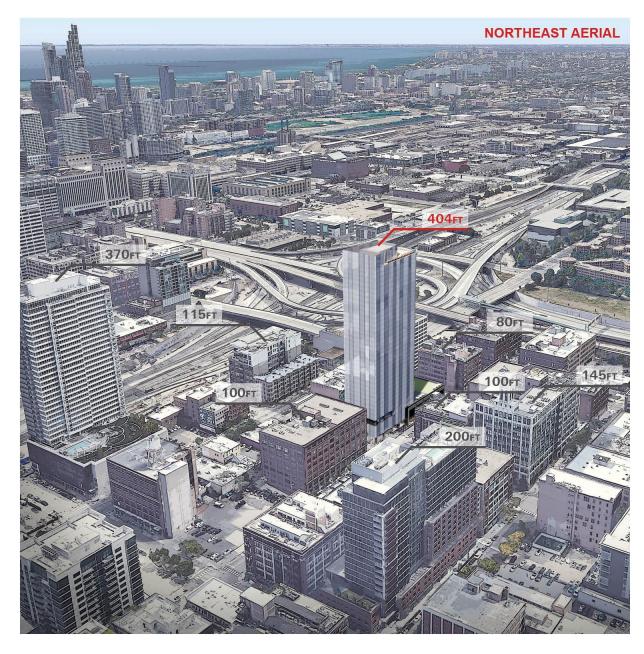

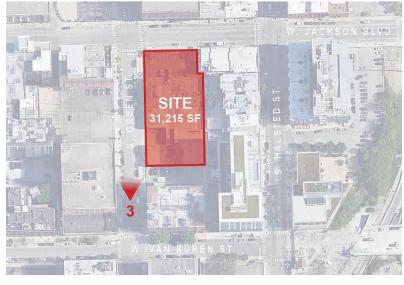

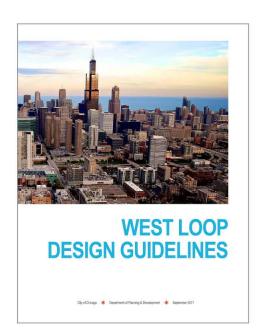

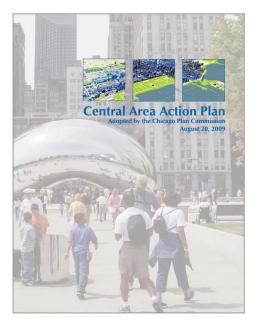

■ X Planning Context

West Loop Design Guidelines

City of Chicago Department of Planning and Development, September 2017

Assist in development and define standards to preserve character, high-quality design, and dynamic nature of the West Loop neighborhood.

Central Area Action Plan

City of Chicago Department of Planning and Development, August 2009

Encourages the implementation of policies and projects essential for the Central Area's effective functioning, growth and quality of life.

Project Timeline + Community Outreach

- PD Application filed on July 20, 2022
- Committee on Design Meeting held on April 13, 2022
- West Central Association Meeting held on April 19, 2022
- Greektown SSA Meeting held on April 28, 2022
- Community Meeting w/ Alderman Burnett held on July 11, 2022
- Project Changes Based on Feedback
 - 02.10.2022: Intake Meeting to present initial building design
 - 05.05.2022: Design Revision to building podium expression and massing
 - 06.22.2022: Design Revision to building tower expression and massing
 - 08.25.2022: Design Revision to bring tower expression down to street level

Traffic Impact Study 301 South Green Street

Chicago, Illinois

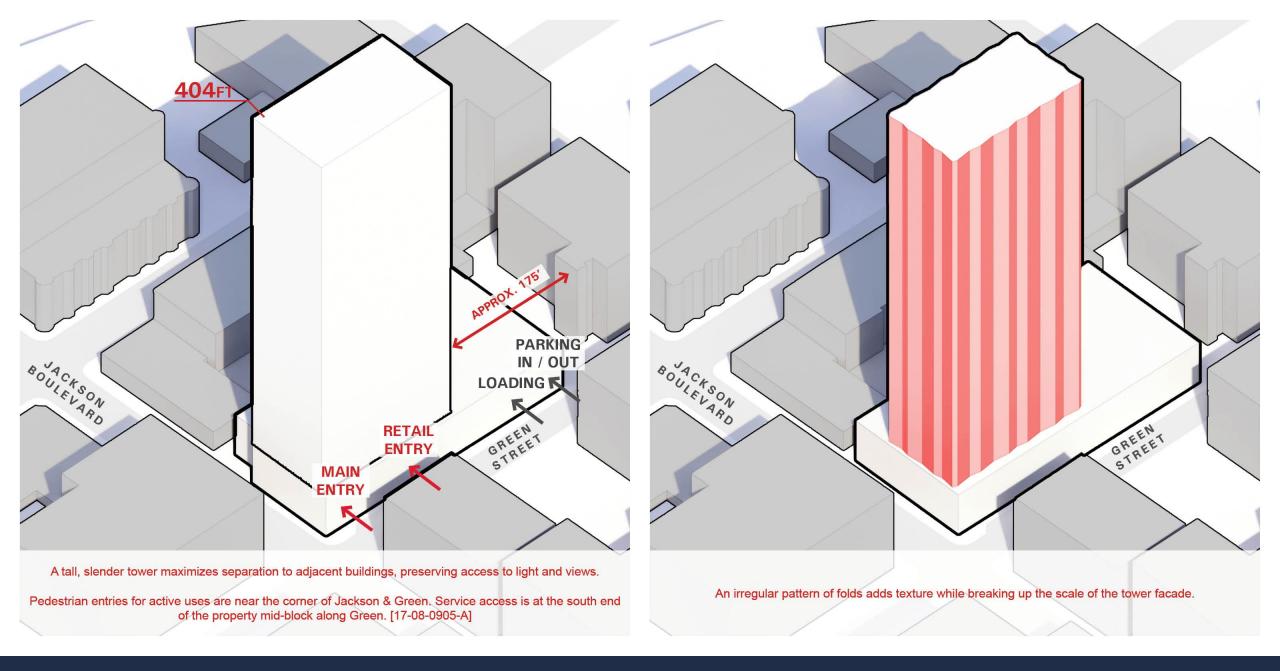

Prepared For:

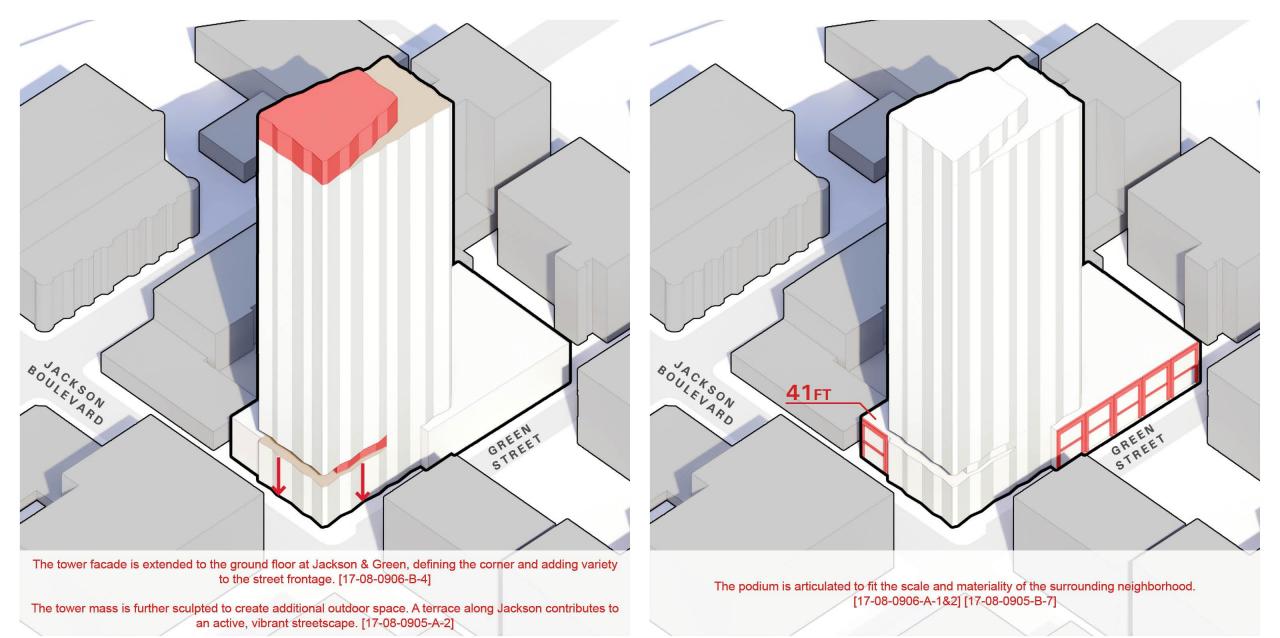

GSP Development

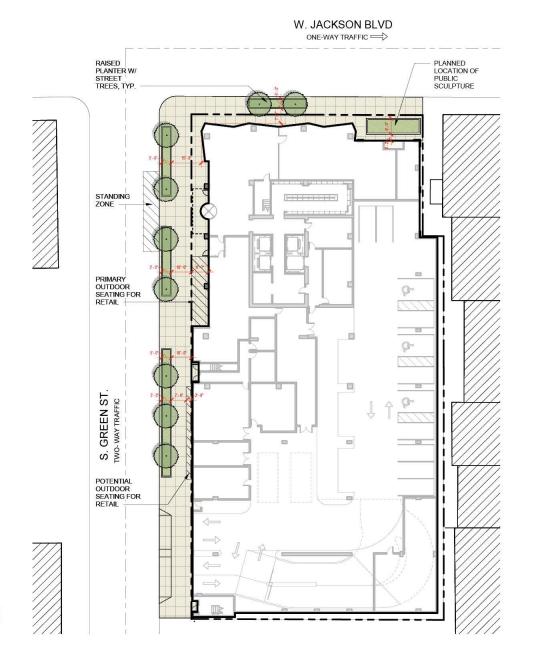

Based on the referenced Traffic Impact Study, the following conclusions have been made by the Traffic Engineer:

- The study area intersections generally have sufficient reserve capacity to accommodate development-generated traffic.
- Given the location of the site within an urban area, proximity to the CTA UIC-Halsted Station, and its proximity to alternative modes of transportation, the number of generated trips will be reduced.
- Access to the site will be provided via two proposed access drives off Green Street. One drive will serve the parking garage and the other will serve the truck loading area.
- The proposed site and development plan will result in the elimination of the existing access drive on Jackson Boulevard which will improve traffic flow and increase the available on-street parking within the vicinity of the site.
- All of the study area intersections provide high visibility crosswalk and the signalized intersections within the study area provide pedestrian countdown signals.

- Substantial landscaping is provided at open areas including the continguous public way. [17-08-0909-A]
- Planned public art at the northeast corner of site provides visual amenity to the street. [17-08-0909-B-2]
- Roof decks at Level 04 and Level 36 provide outdoor residential amenities including a dog run, pool, and fitness room. [17-08-0909-C]

2021 Affordable Requirements Ordinance (ARO)

(F) Required Percentage of Affordable Units

(2) Rental Projects in All Other Area

Downtown, Inclusionary Areas, and Community Preservation Areas

Option 1: 20% at a weighted average of 60% of the AMI, provided that at least one-third of the affordable units must be affordable to households at or below 50% of the AMI, of which one-sixth must be affordable to households at or below 40% of the AMI.

(W) Standards for Affordable Units

(10) All on-site affordable units must be accessible dwelling units, as that term is defined in Section 17-17-0202. The developer shall give preference in leasing or selling such units to people with disabilities as specified in the rules.

Chicago Zoning Ordinance

17-17-0202 Accessible Dwelling Unit

A dwelling unit that:

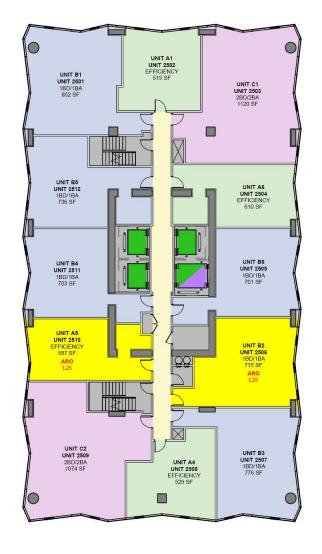

17-17-0202-A is approved by the Mayor's Office for People with Disabilities;

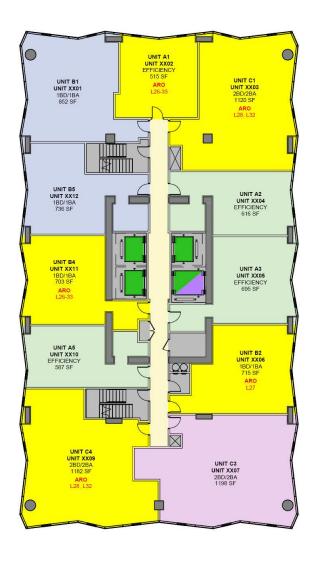

17-17-0202-B complies with Type A Unit requirements of Chapter 14B-11 of the Municipal Code;

17-17-0202-C provides at least one accessible bedroom on the entrance level; and

17-17-0202-D includes a bathtub or shower, a water closet and a lavatory on the entrance level.

73 AFFORDABLE UNITS BEING PROVIDED ON-SITE

Tier 1, Level 5 / 11 / 17 / 23

Tier 1, Level 25

Tier 2, Level 29 / 32

Public Benefits

- \$166,000,000 Million Dollar Investment in the Near West Side Community
- Creation of approximately 300-400 Construction jobs
- Creation of approximately 25 Permanent Jobs
- 73 Affordable Units Constructed on-site as part of the Development
- Neighborhood Opportunity FAR Bonus Fund Contribution of \$3,257,790.40
- Annual Real Estate Taxes (Estimated) of \$2,000,000
- MBE / WBE Participation Goals
 - MBE Contracts: **26%** of Total Construction Budget
 - WBE Contracts: **6%** of Total Construction Budget
 - City Resident Hiring: 50% of Total Construction Budget

The Zoning Administrator recommends that the proposed Residential-Business Planned Development is appropriate for the following reasons:

- 1. It complies with all Planned Development standards and guidelines (17-8-0900 and 17-13-0609-A);
- 2. It is compatible with the character of the surrounding area in terms of uses, density and building scale (17-13-0609-B). The materials, uses and density of the project are consistent with the surrounding land uses and the goals and objectives of the Central Area Action Plan (2009) and the West Loop Design Guidelines (2017);
- 3. Public **infrastructure facilities and city services will be adequate** to serve the proposed development at the time of occupancy (17-13-609-C);
- 4. The proposal is **compatible with surrounding zoning** (17-13-308-D). The proposed planned development is compatible with surrounding zoning districts and planned developments, further, the proposed uses are permitted in the current underlying zoning classification of DX-7;
- 5. The proposal **promotes transit, pedestrian and bicycle use, ensures accessibility** for persons of all mobilities and minimizes conflicts with existing traffic patterns in the vicinity (17-8-0904-A1)
