

How would you allocate 100 points across these initiatives?

What is missing? What other topics or programs would you prioritize?

Mentoring programs

Workforce development

Restorative Justice

Family case management

Youth workforce

mental health and physical health

employment training

alternatives to police response to calls for
servicecoordination and capacity building

Parenting programs

What is missing? What other topics or programs would you prioritize?

Community Health and Wellness Hubs

Family case Management

Adult MH services

Training community residents as violence prevention practitioners

After school for teens

diversion programs for DV offenders

employment for highest risk

Alternative response model

Healing Centered Engagement Programming

What is missing? What other topics or programs would you prioritize?

non-traditional mental health services - combined with other social service interventions

Harm reduction facilities

Legal Services

basic income

Targeted education and career services as a form of primary and secondary prevention of violence

Block club organizing

Police training

Youth Pathway to Career Centers

Evaluation support center for all violence prevention programs to raise the floor for program evaluation and the ability for CQI and documentation of efforts that can increase funding opportunities

What is missing? What other topics or programs would you prioritize?

Youth work programming if not already a part of youth diversion.

Poverty alleviation. Poverty is at the core of so many violence spikes. Some communities lack economic upward mobility so we need to address the need for resources.

Cleaning up city jobs

prevention education and awareness

resources for hospitals to engage their community partners - most do not have staffing to engage outreach and referral partners

Support and opportunities for very young children

Domestic Violence Diversion Programs

Social service outreach + family case management

Support small business opportunities.

What is missing? What other topics or programs would you prioritize?

police accountability and consent decree

Youth mentoring, jobs for youth

academic credit for community service including block clubs

Community art and beautification

trade programs

Parks and Rec

school re-engagement (particularly for alternative school students and families)

Wellness program

Jobs for returning citizens

What is missing? What other topics or programs would you prioritize?

Community engagement/organizing (i.e. block clubs)

wellness enhancements that extend beyond mental health services

Community schools investments

Police accountability/consent decree implementation

Chicago park district cultural/ youth initiatives with Museums in the Park

Trauma informed care, grief counseling for families in most affected violence ridden alongside opportunity to lift their financial and well being lives through education and training
